Ezekiel 8:5

Then He said to me, “Son of man, lift up now your eyes toward the north.” And I lifted up my eyes toward the north, and look and behold, there was to the north of the gate of the altar this image, idol of jealousy and envy (attaching a strong desire and deep devotion for an object) at the entrance.

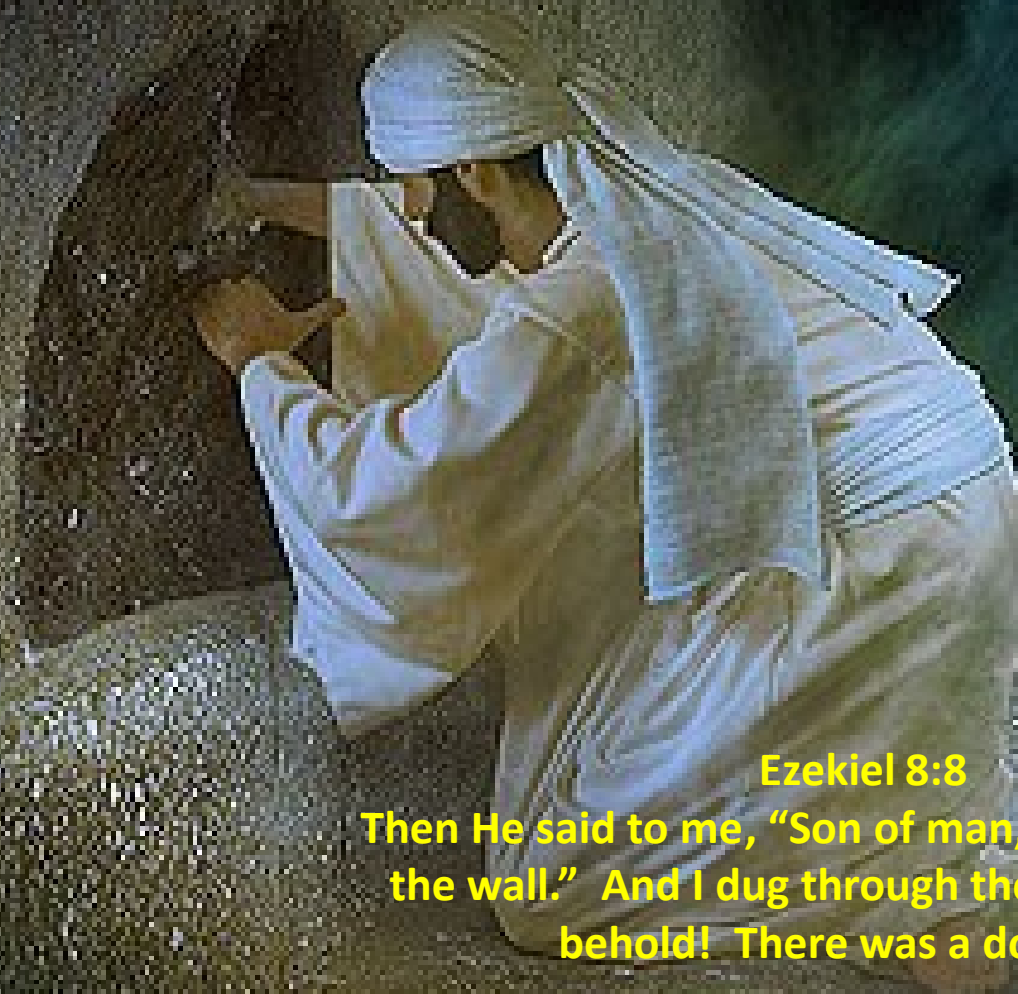

Ezekiel 8:6

Then He said to me, “Son of man, do you see and understand what they are doing, making out of existing material—great, large and strange detestable and loathsome things and practices that the house of Israel is committing, creating and making here so as to drive and send Me from My sanctuary, set-apart place, and yet again you will see and understand greater, large and strange detestable and loathsome things and practices.”

Ezekiel 8:7

Then He brought me to the doorway of the courtyard, and I saw and perceived, and look, behold! A hole in the wall.

Ezekiel 8:8

Then He said to me, "Son of man, dig now through the wall." And I dug through the wall, and look, behold! There was a doorway.

Ezekiel 8:9

And He said to me, “Come and see, perceive the detestable, loathsome and repulsive things and practices, the evil and no good that they are doing and making here.”

Ezekiel 8:10

Then I came, and I saw and perceived, and look behold, all kinds and replicas of creatures and detestable and loathsome beasts; and all of idols (formed or crafted images) of the house of Israel were carved, etched and inscribed on the wall all around

Ezekiel 8:11

And seventy men from the elders of the house of Israel, and Jaazaniahu, the son of Shaphan (secretary of King Josiah), was standing (as if in front of a superior for evaluation), in the midst of them, and they were standing before them (the carved idols etched on the walls). Each one had his censer (incense burner) in his hand, and the fragrance, aroma and smoke of the cloud of the incense was going up.

A painting depicting a large crowd of people in a dimly lit room. The scene is filled with many figures, mostly men, wearing traditional head coverings and robes. The lighting is warm and somewhat hazy, creating a sense of a large gathering in a dark interior. On the left side, a man in a white robe stands looking towards the crowd. The overall atmosphere is one of a significant event or a moment of collective action.

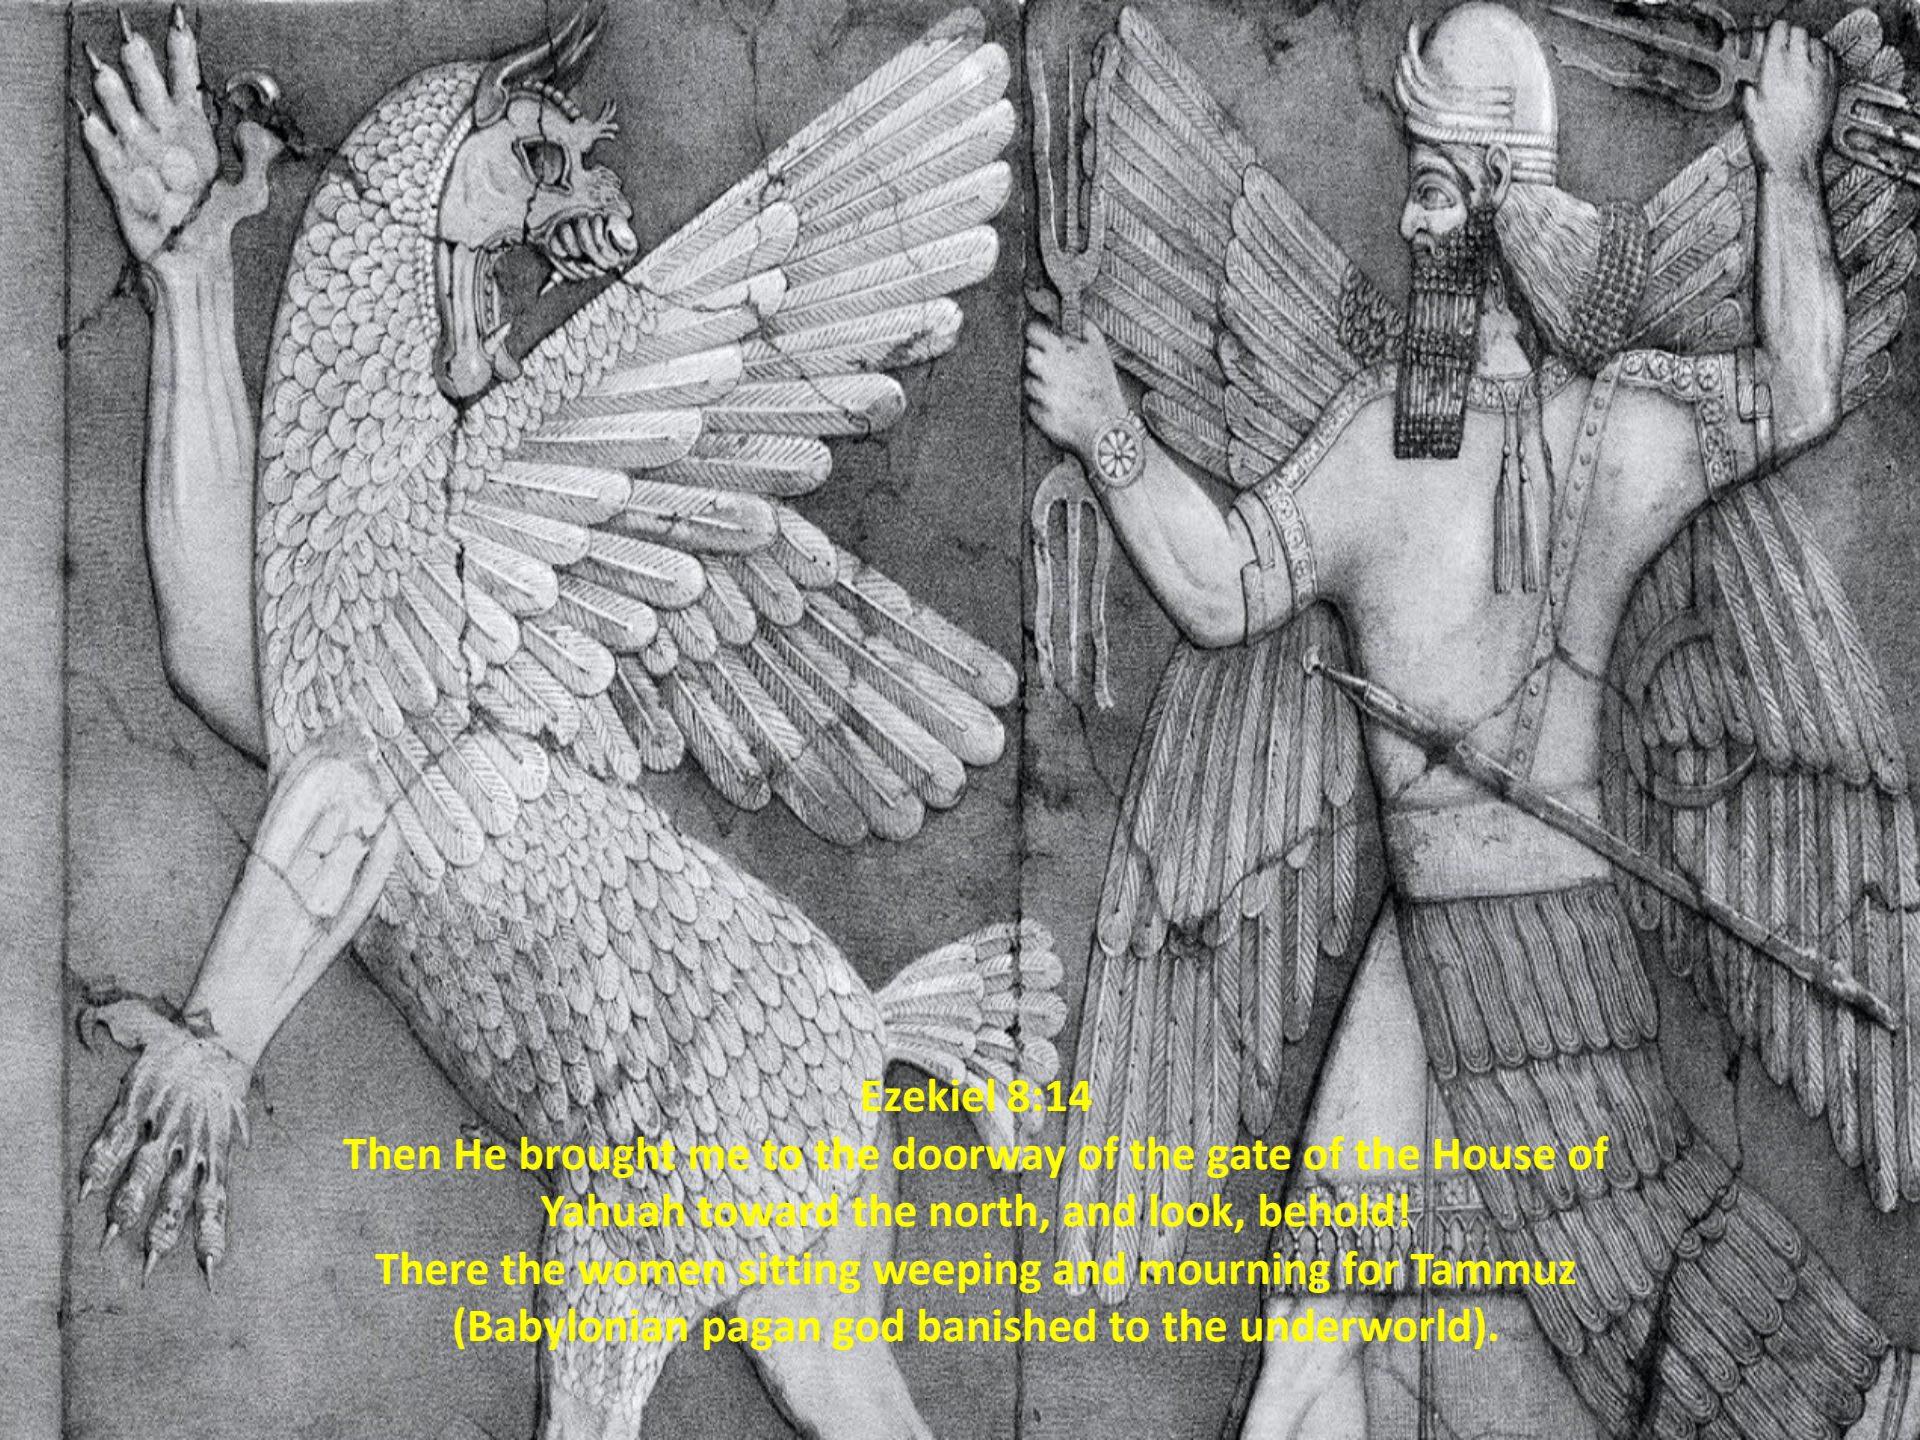

Ezekiel 8:12

Then He said to me, “Have you seen, observed, son of man, what the elders, leaders of the house of Israel are doing and making in the dark, each in the inner rooms of his idol, imagination, conceits and thoughts, for they are saying, “Yahuah is not seeing or is aware of us; Yahuah has abandoned, forsaken and left behind the land.”

Ezekiel 8:13

Then He said to me, "Still you will see and understand again greater detestable and loathsome things and practices that they are doing and creating."

Ezekiel 8:14

**Then He brought me to the doorway of the gate of the House of Yahuah toward the north, and look, behold!
There the women sitting weeping and mourning for Tammuz
(Babylonian pagan god banished to the underworld).**

WHAT IS THE ABOMINATION OF DESOLATION?

Ezekiel 8:15

Then He said to me, "Have you seen and observed, son of man? Still you will see again greater detestable and loathsome things and practices than these."

BT

Ezekiel 8:16

So He brought me to the inner courtyard of the House of Yahuah, and look, behold, at the doorway of the Temple of Yahuah, between the portico and the altar about twenty-five men, their backs to the Temple of Yahuah and their faces toward the east, and they were bowing down in worship toward the east before the sun. (Islam does this)

Ezekiel 8:17

Then He said to me, “Have you seen, observed, son of man? Was it too small a thing, practice for the house of Judah to do the detestable and loathsome things and practices that they did here? For they filled up the land with violence, lawlessness and destruction, and they provoked Me to anger again, and look, behold! They are putting, stretching the branch (as in worship ritual) to their nose, before their face.”

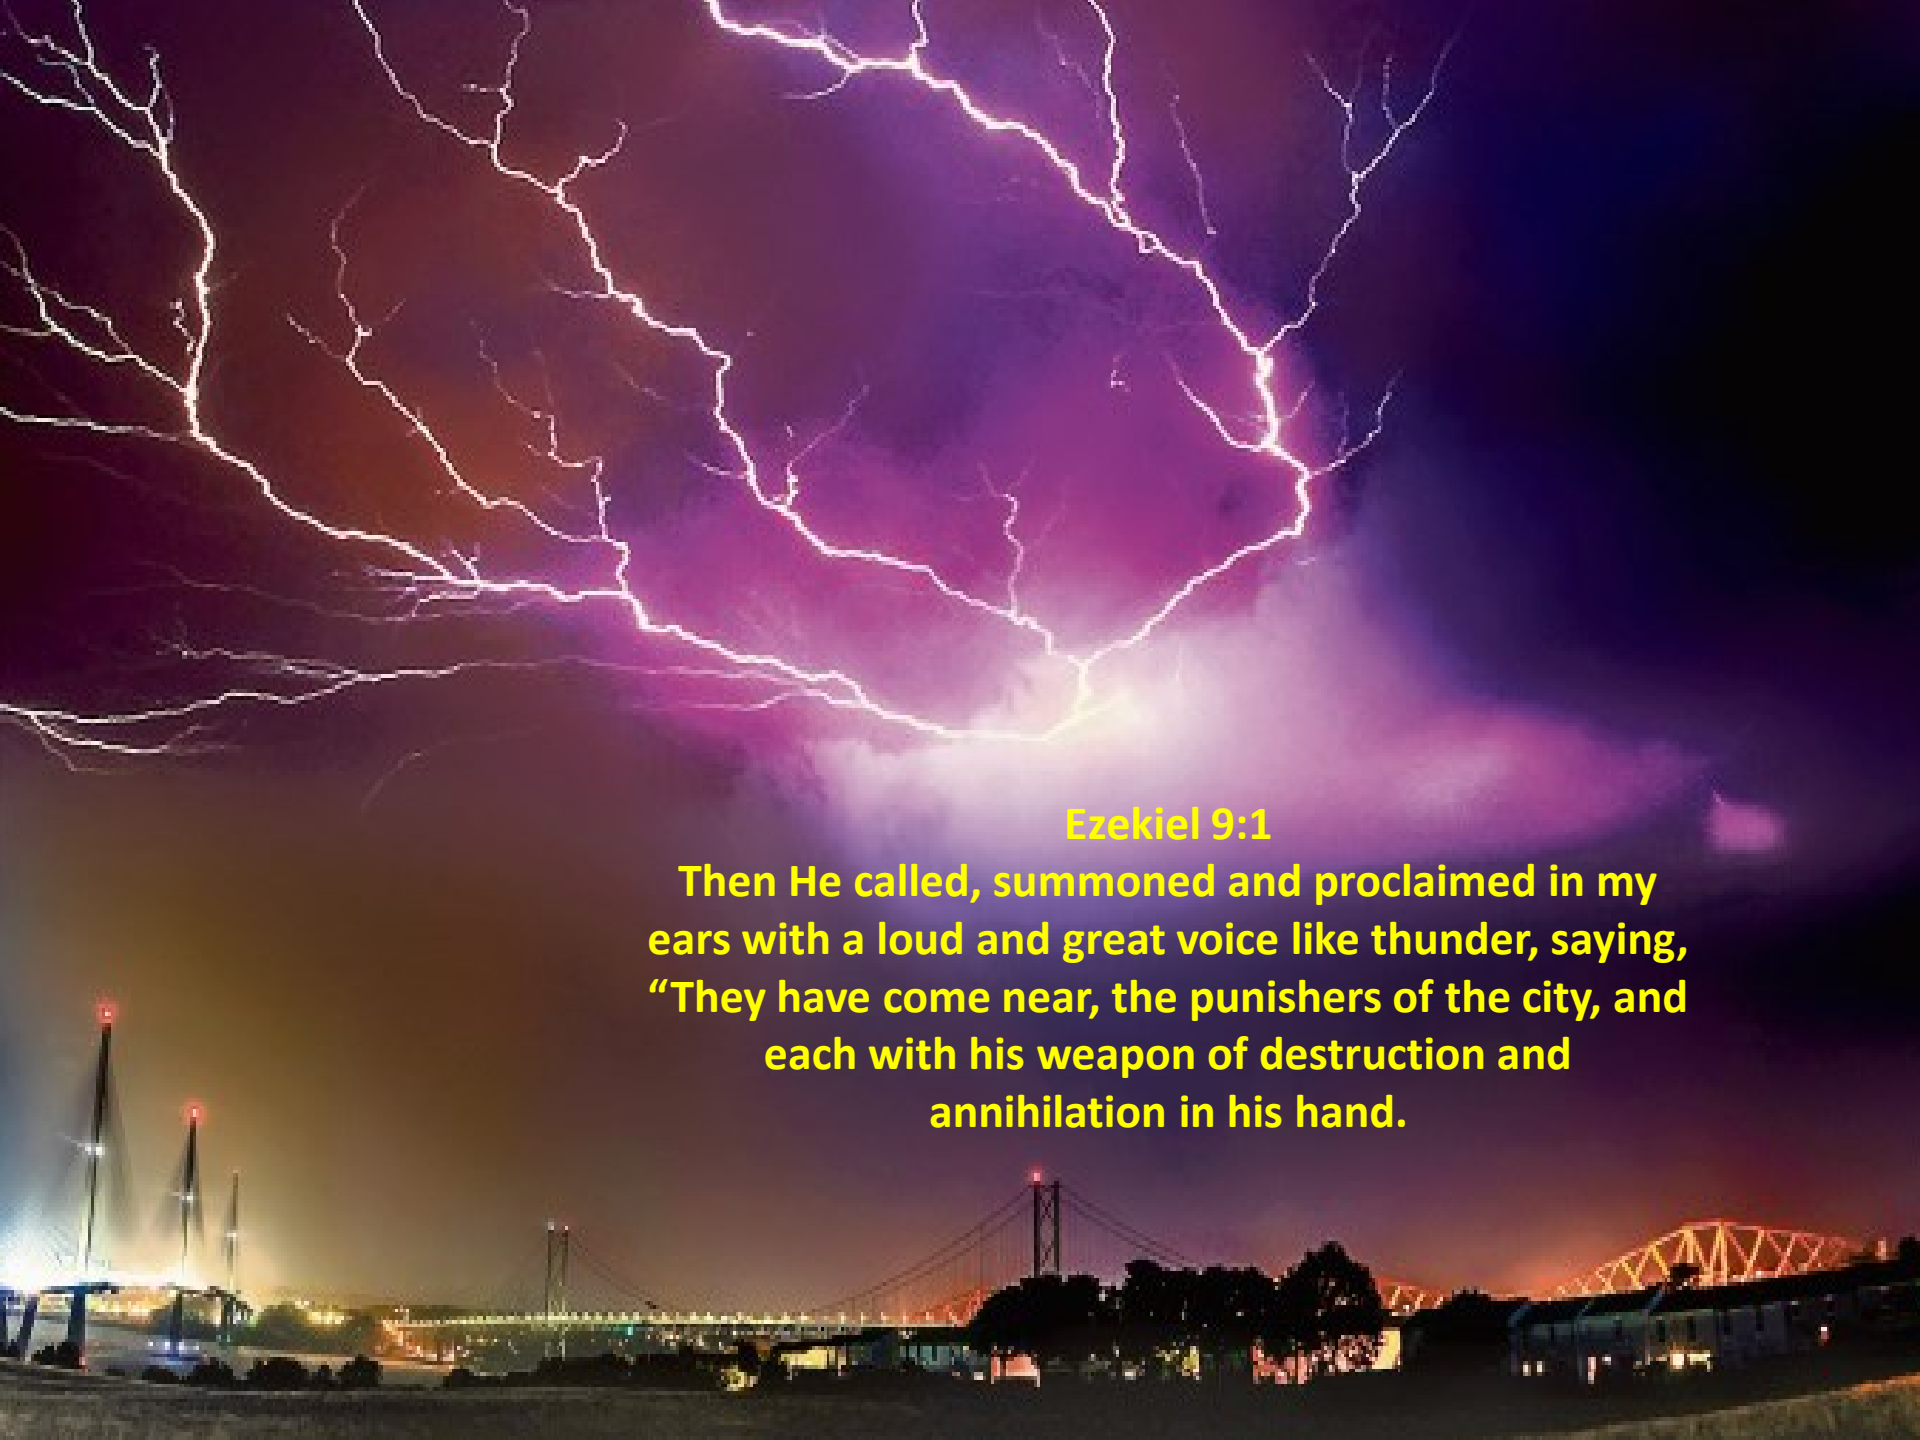

Ezekiel 8:18

“And so I will act in rage, fury and wrath, and My eye will not take pity or show mercy, and I will not have compassion or kindness, and they will cry and call in My ear with a loud voice, and I will not hear, heed or listen to them.”

Centuries ago, surface people, some say the Illuminati, entered into a pact with an "Alien Nation" (*insert "demon nation"*), hidden within the Earth. The U.S. Government, in 1933, agreed to trade animals and humans in exchange for high-tech knowledge, and to allow them to use undisturbed underground bases, in the western U.S.A. A special group was formed to deal with the Alien beings. In the 1940's, "Alien Life Forms" (ALFs) began shifting their focus of operations from Central and South America to the United States.

Ezekiel 9:1

Then He called, summoned and proclaimed in my ears with a loud and great voice like thunder, saying, "They have come near, the punishers of the city, and each with his weapon of destruction and annihilation in his hand.

Ezekiel 9:2

So look and behold!! Six men coming from the way of the upper gate (pertaining to a high status – coming from the Most High-Messengers) that faces northward (the northern heavens), and each with his weapon for shattering and crushing in his hand; and one man was in the midst of them, dressed in linen, and the writing case (ink horn) of the scribe was at his side. Then they came and stood (in front of a superior) beside the bronze altar

Ezekiel 9:3

Then the glory, splendor and manifestation of the power of the Almighty of Israel lifted, taking Himself up from upon the cherub (a class of winged supernatural being) that He was on and went to the threshold of the house, and He called to the man who was clothed in linen with a scribal writing case (ink horn) at his side.

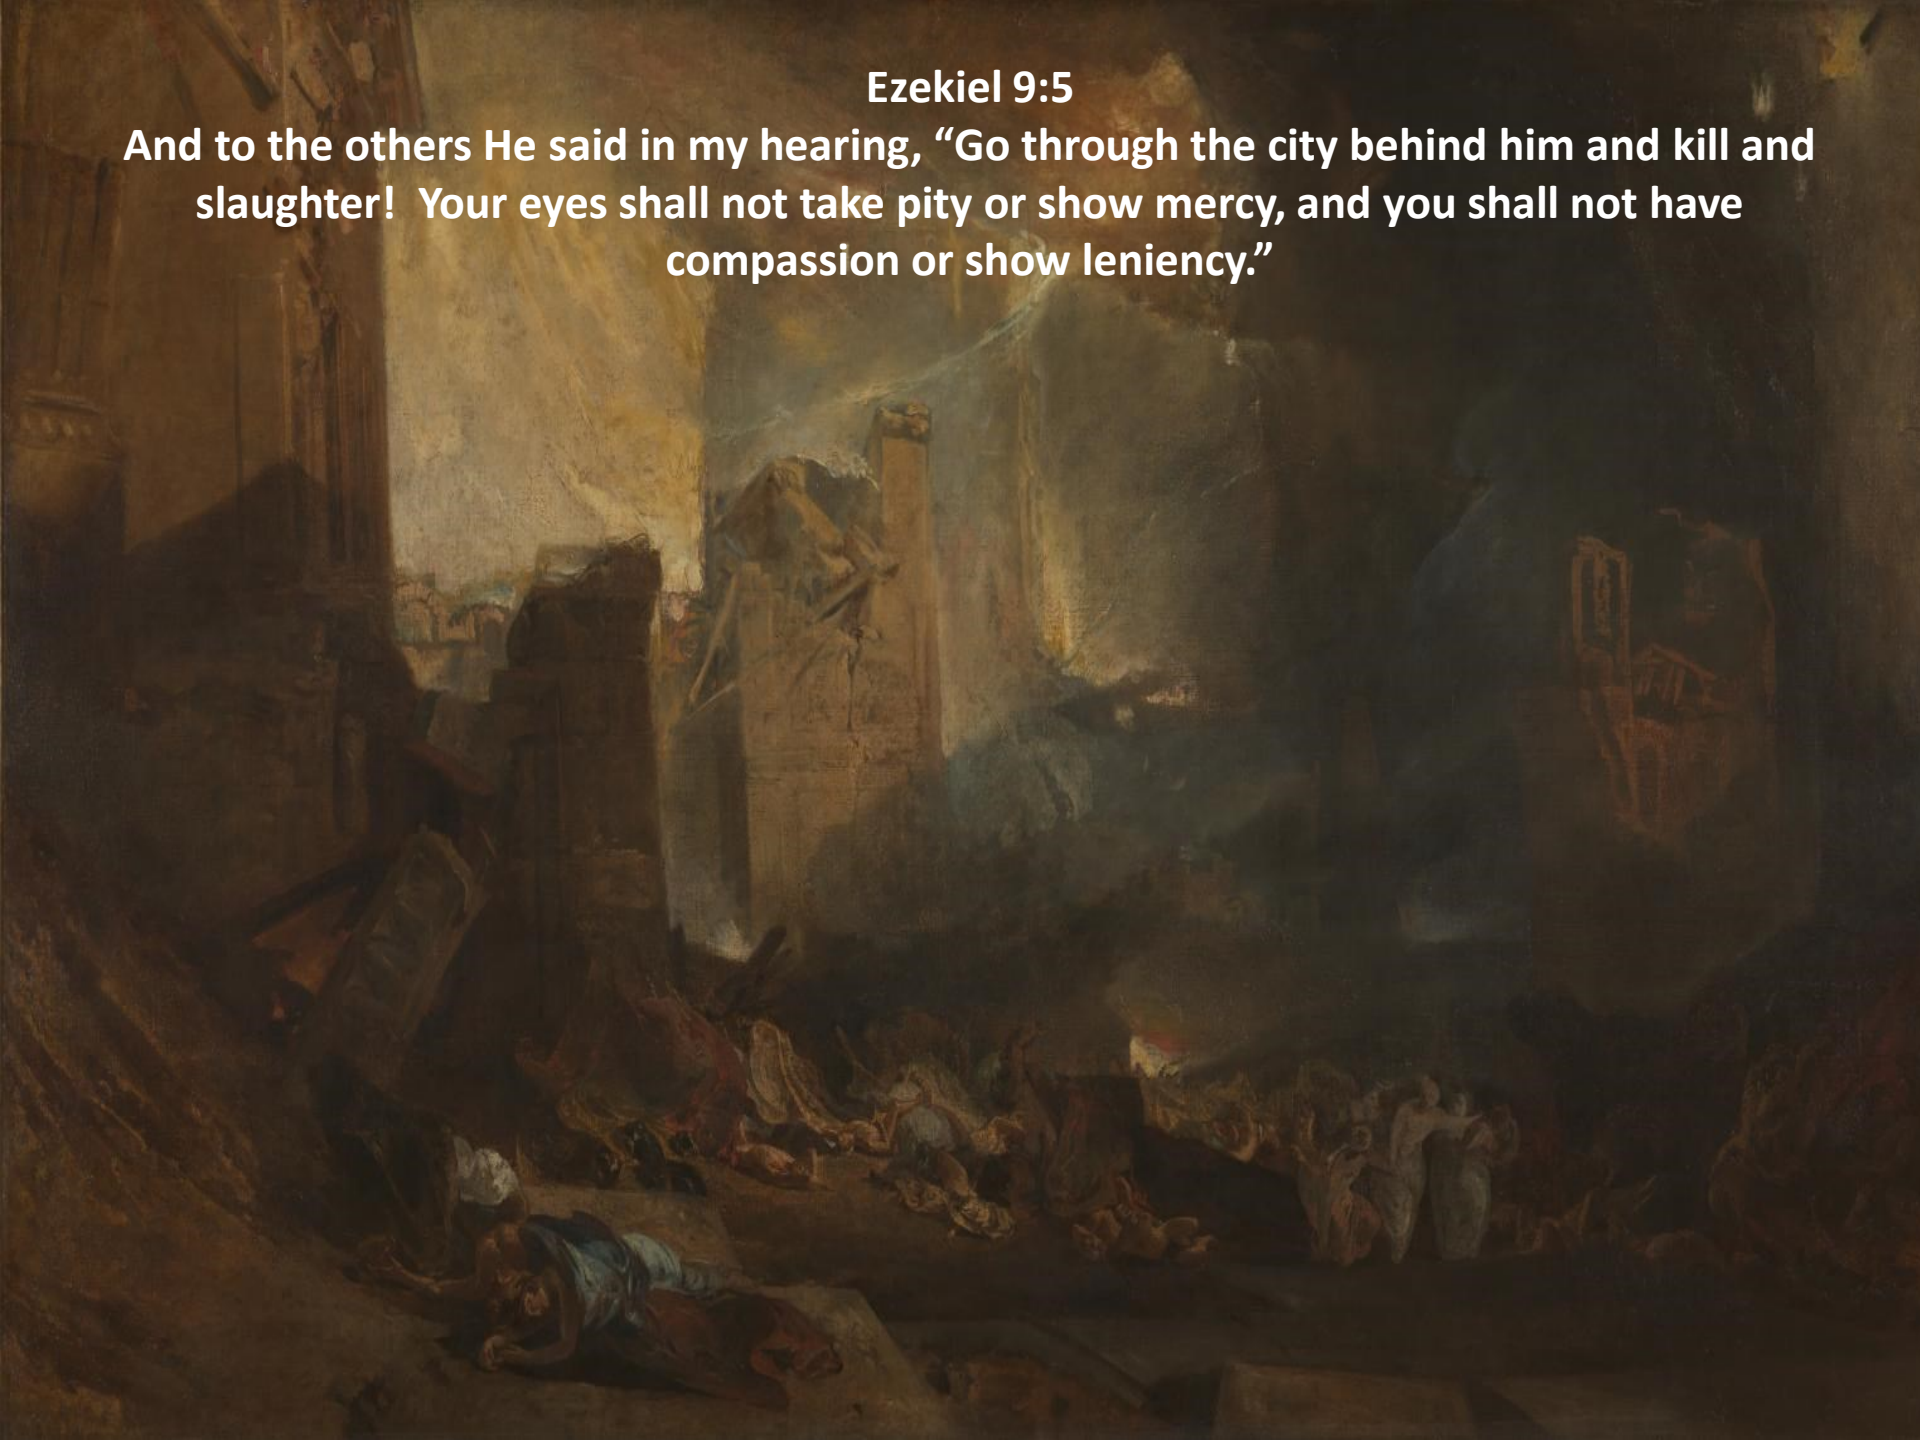

Ezekiel 9:4

Then Yahuah said to him, “Go through in the midst of the city, in the midst of Jerusalem, and you must place a mark on the foreheads of the men who are groaning, expressing grief and pain and lamenting and mourning about all the detestable, loathsome and abhorrent things that are being done in the midst of her.”

Ezekiel 9:5

And to the others He said in my hearing, "Go through the city behind him and kill and slaughter! Your eyes shall not take pity or show mercy, and you shall not have compassion or show leniency."

One of the secret projects Spiers said he was a part of was **“Project Mannequin”** – a cloning program whose aim is to produce not only super soldiers but trained and unknowing assassins. This program operates in the United Kingdom but falls under the NSA. It overlaps with similar programs run by the United States agencies such as **MK-ULTRA**, and **mind and behavior control**.

Spiers would spend his final days in Poland where he would speak publicly and give a radio interview. The interview in question had to pause several times. It appeared that Spiers was unwell, intoxicated, or both. What we know for certain is that on 16th July, Spiers died following an extremely high fever for twenty-four hours. In the hours before he died, one doctor who attended the property recorded that Spiers vomited “dark brown fluid!”

The Last Interview with Max Spiers

His body returned to the United Kingdom six days later. According to Vanessa, it had deteriorated so much that the authorities recommended they not view it. One family member, who did view the body, later stated that Spiers' face was so decomposed it was barely recognizable.

Max Spiers 'had his laptop wiped by authorities before they returned it to his family'

It is easy to accept that Spiers – an unwell man – met with a tragic accidental death. And, barring any breakthrough in information, the official version of his death will essentially be exactly that. However, such incidents as the wiping clean of files on his laptop – essentially Spiers' life work – are a little suspicious at the very least. Also strange is the removing of the SIM card from his phone following his death. These actions suggest that information and contact details resided in these files and devices. Information, that as Vanessa suggests, would appear to be of the variety that "someone didn't want people to see!"

Even more bizarre and chilling, were comments made by Vanessa concerning activity she could clearly hear in the background while speaking to Monika on the phone in the hours following her son's death. It appeared that some kind of ritual occurred in an effort to bring Spiers back to life? Or might it have been the final part in a pre-planned death?

Project Mannequin is a mind control and genetic manipulation program run by the National Security Agency (NSA). Although the NSA is officially the United States government, they run many covert "black" projects in many countries around the world. The NSA is fast becoming the world's most powerful secret service and is currently taking over much of the global intelligence apparatus.

Cloning has been around for a long time – it was first attempted in 1885 with a sea urchin, then in 1902 there was a salamander that worked up to a certain stage. 1952 was the first nuclear transfer in frogs, though the tadpoles grew abnormally, but most important : Most importantly, this experiment showed that nuclear transfer was a viable cloning technique. It also reinforced two earlier observations. First, the nucleus directs cell growth and, ultimately, an organism's development. Second, embryonic cells early in development are better for cloning than cells at later stages.

A man in military-style armor, including a helmet and chest plate, is shown from the waist up. He is holding a futuristic, multi-barreled rifle. The background is dark and industrial. 1984 - *First mammal created by nuclear transfer*
By this time, in vitro fertilization techniques had been developed, and they had been used successfully to help couples have babies. So after a few days, Willadsen placed the lamb embryos into the womb of surrogate mother sheep. The result was the birth of three live lambs.

1987 - This experiment added cows to the list of mammals that could be cloned by nuclear transfer. Still, mammalian cloning was limited to using embryonic cells as nuclear donors. Cloning using nuclei from differentiated adult somatic cells still wasn't thought possible.

1996 - *Nuclear transfer from laboratory cells*
This experiment showed that cultured cells can supply donor nuclei for cloning by nuclear transfer. **Because scientists had already learned how to transfer genes into cultured cells, this experiment showed that it might be possible to use such modified cells to create transgenic animals—such as cows that could make insulin for diabetics in their milk.** This was also the year of DOLLY the sheep - Her arrival started conversations about the implications of cloning, bringing controversies over human cloning and stem cell research into the public eye.

Nuclear transfer from genetically engineered laboratory cells

To create the transgenic sheep, the scientists performed nuclear transfer using donor DNA from the cultured transgenic cells.

The result was Polly, a sheep that produced Factor IX protein in her milk.

The team of scientists used the methods identified during the Dolly experiments to *produce transgenic livestock capable of producing milk containing human blood clotting factor IX, which helps to treat a type of hemophilia*. Scientists had produced transgenic livestock since 1985, but only about five percent of these animals expressed a transgenic DNA, or transgene, in their own genomes. Among these animals, few of the transgenes passed naturally to offspring. The researchers claimed that it is simpler to incorporate foreign DNA into adult cell nuclei as opposed to juvenile nuclei, a process called transfection. The scientists, first transfected adult cells and then used the methods introduced from cloning Dolly to transfer the modified nuclei into awaiting enucleated oocytes, and then they cloned a transgenic sheep.

The "Human Factor IX Transgenic Sheep Produced by Transfer of Nuclei from Transfected Fetal Fibroblasts" experiment successfully produced a sheep that can express a human gene resulting in a human protein. Quiescence and nuclear transfer improved the ability to produce transgenic animals.

ARE
HERE**

My name is James Michael Casbolt.

The following is my life and testimony. I was born in London in 1976. I was chosen for an intelligence agency mind control and genetic enhancement program before my birth and was born into the program known as Project Mannequin. This project is one of the most secret and classified projects in this country, and this is the first ever book written about it.

I was born into the project because of rare genetic attributes that I possess, which the handlers of the project are looking for – also, because of my family's involvement in the intelligence community and the Illuminati. My family descends from the French royal family of the French revolution on my father's side. My Grandfather was involved in naval intelligence in the Second World War. His name was James Casbolt. He was also a high-ranking member of the Sindlesham Grand Masonic lodge in Berkshire.

Berkshire is a major centre of activity in the U.K for what has come to be known as “The New World Order.”

James Casbolt was a Zionist Jew and also heavily involved with Rupert Murdoch and ran his own printing company after the war. My uncle was an MI 5 operative in logistics - his name is Brian Casbolt - and my father was a MI 6 operative; his name was Peter Casbolt. My father was also known under many different aliases in the intelligence community

MRC

An International Centre for Mouse Genetics

My stepfather, Neil Pettet, was a high level executive of an aluminum metal company called Hi-Mets (now called Service Metals). This company was based in Newbury, practically right on top of the AL/499 facility. Neil had a military defense contract with the M.O.D and worked underground at R.A.F. Welford connects underground to the AL/499. He also worked at Harwell genetics labs in the area and Boscombe Down military unit in Wiltshire. Both these places are heavily connected to Project Mannequin.

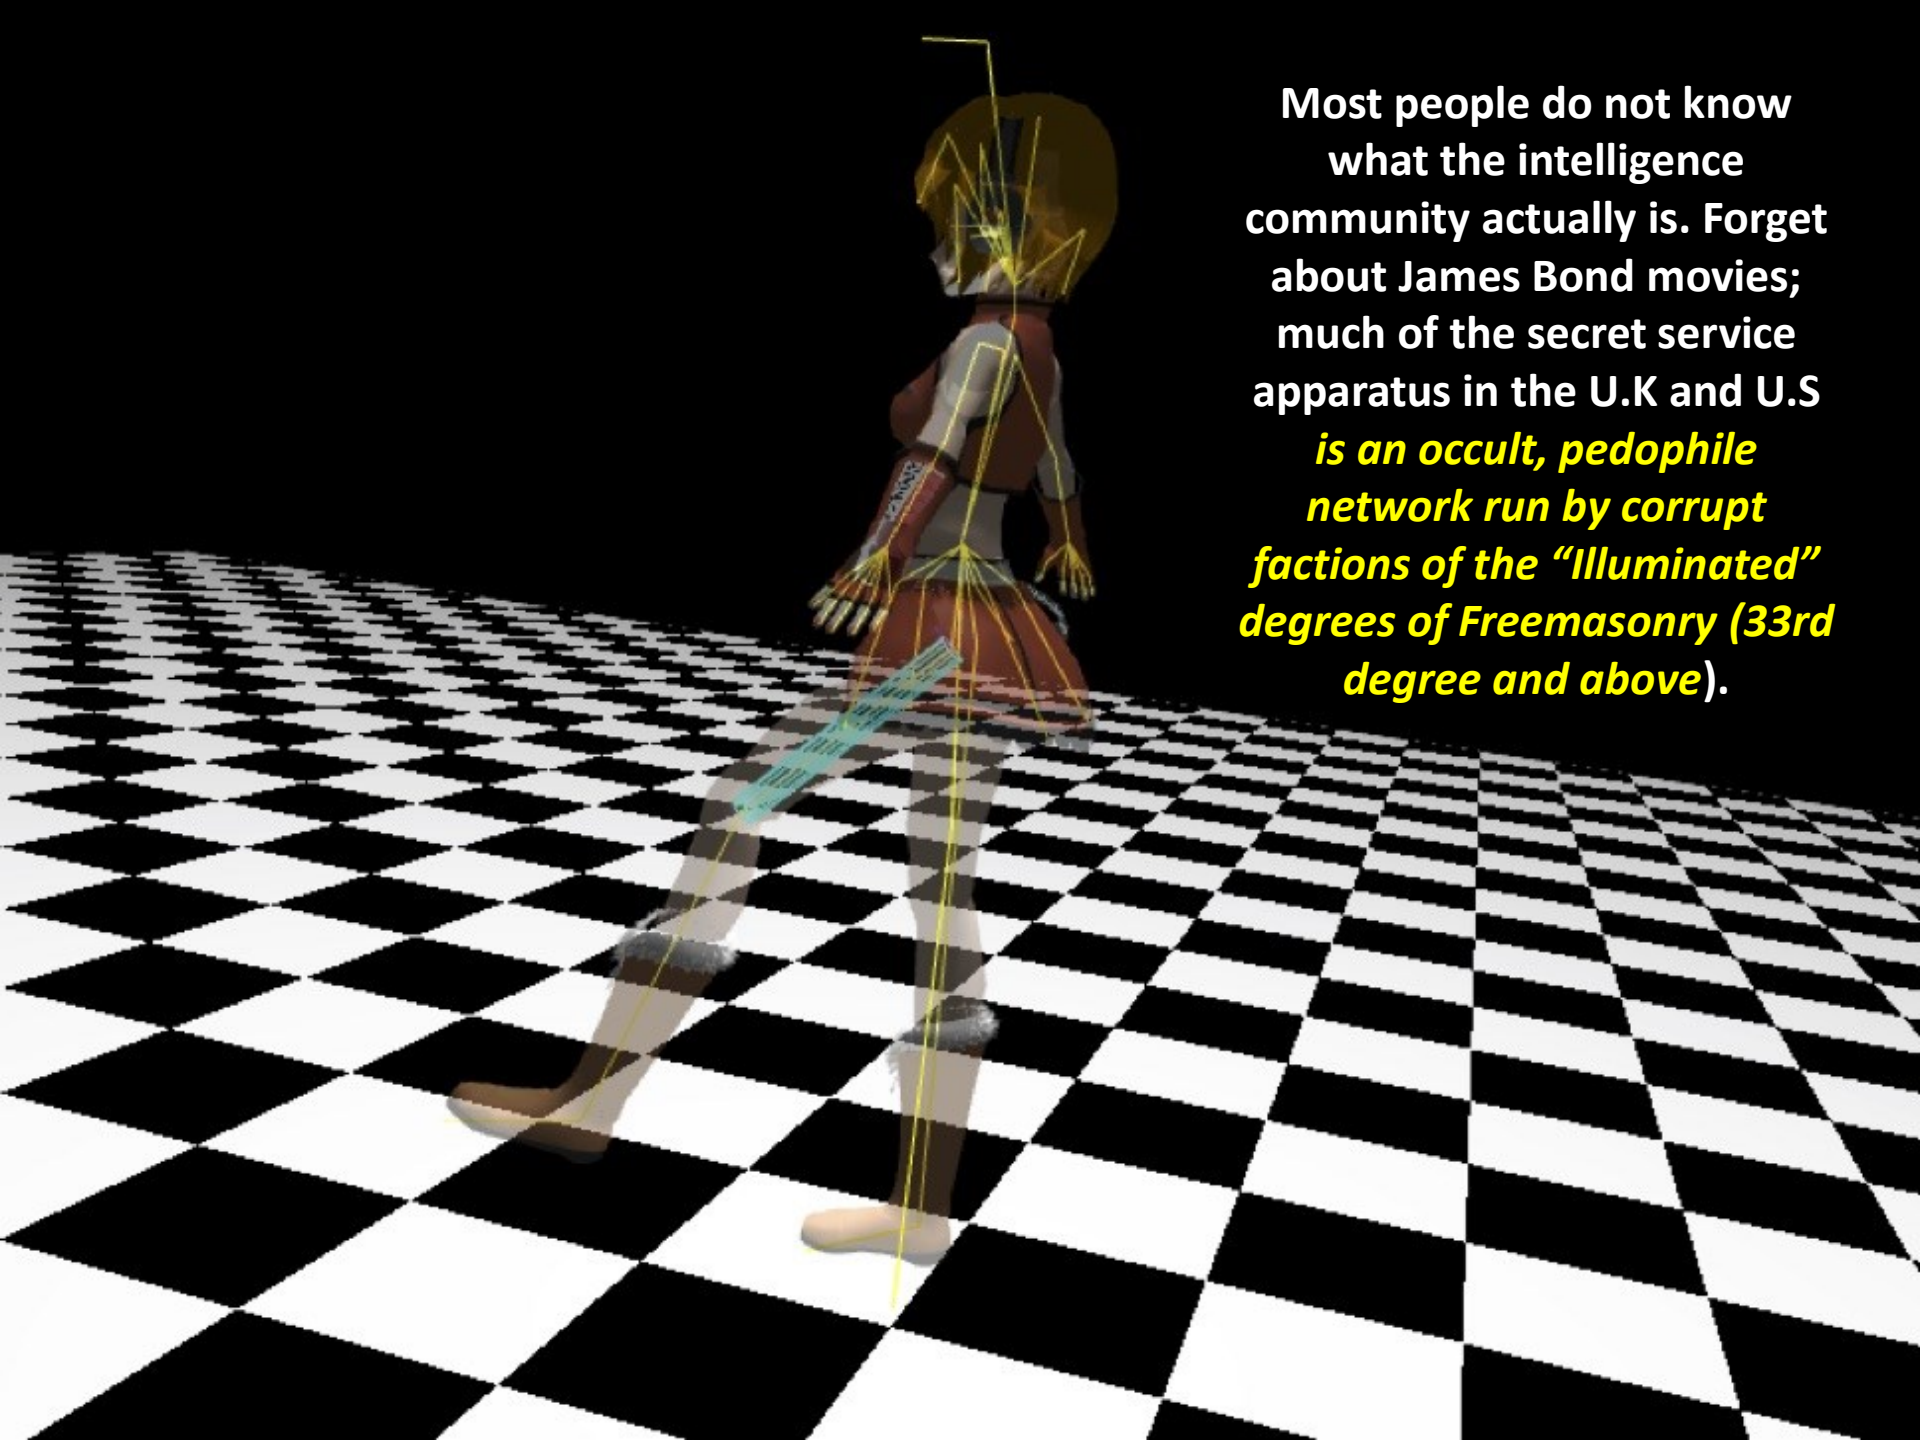

Project Mannequin was started in 1972 and is still being run from a 6-level underground facility beneath the small town of Peasemore in Berkshire, a few miles from where I grew up. This underground base is so secret that the local residents of Peasemore are not even aware it exists.

This NSA facility, known in intelligence circles as the *AL/499 base*, is located 200 feet below the village.

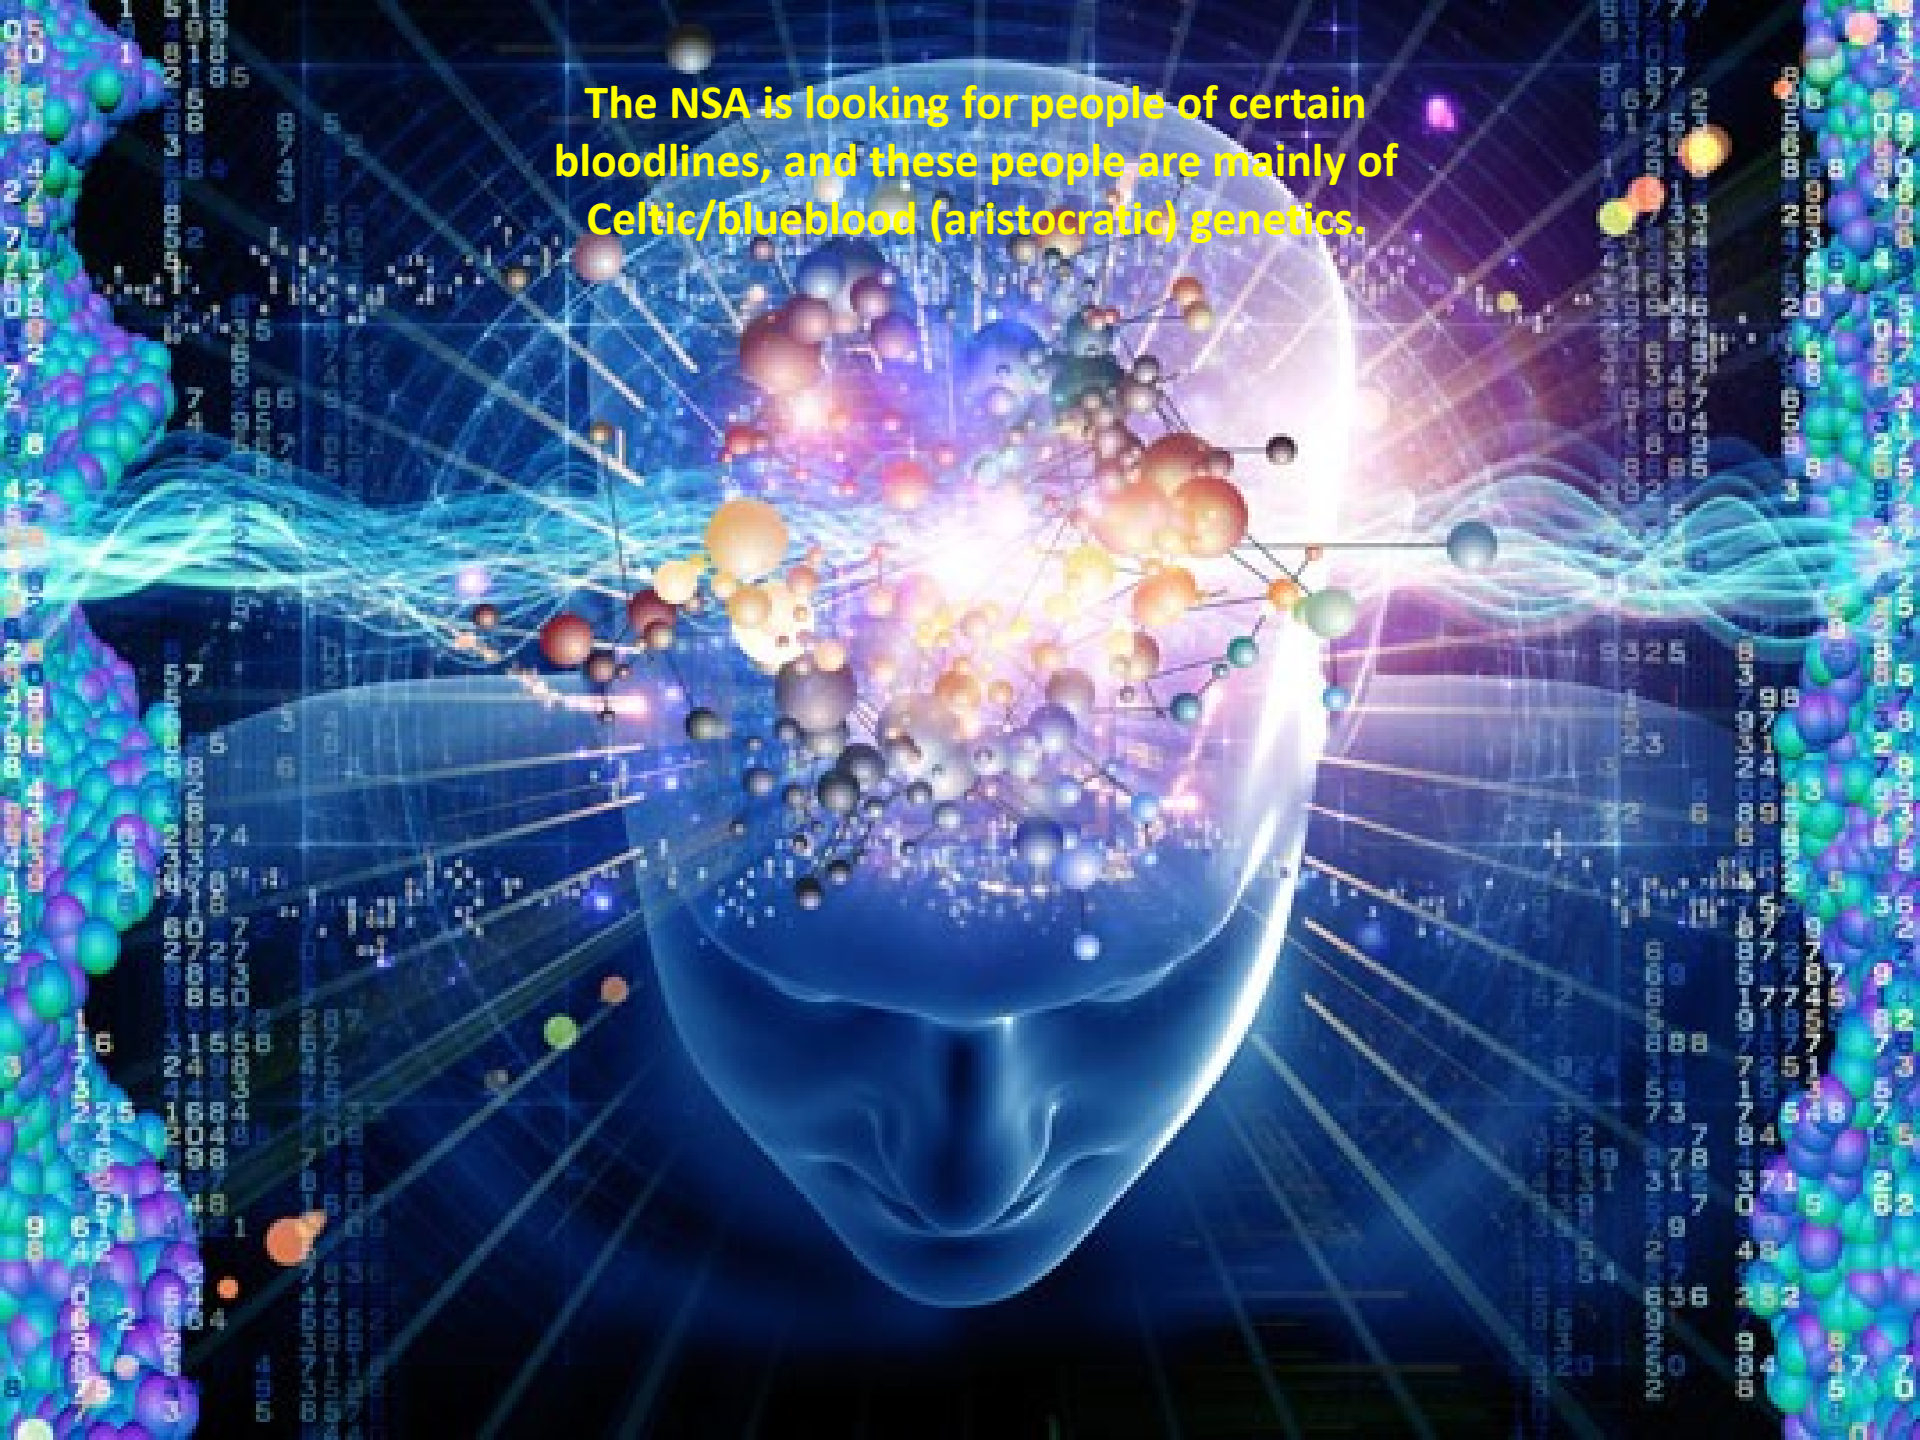

Project Mannequin is actually a type of “school” I grew up in. I have been trained since the age of five at the AL/499 (Porton Down) and other military bases around the U.K. I carried out my first covert assassination for the intelligence community when I was sixteen years old in Brighton.

Most people do not know what the intelligence community actually is. Forget about James Bond movies; much of the secret service apparatus in the U.K and U.S *is an occult, pedophile network run by corrupt factions of the "Illuminated" degrees of Freemasonry (33rd degree and above).*

The NSA is looking for people of certain bloodlines, and these people are mainly of Celtic/blueblood (aristocratic) genetics.

Individuals with these genetics have a predisposition to paranormal/PSI ability, as these cultures have practiced psychic abilities for generations in ancient rituals that have their modern expression in freemasonry; therefore, it is in the genetic memory of people of these bloodlines, even if they have not practiced psychic ability themselves.

There are generations of high-level masonry in my family. Individuals of Celtic blueblood lines have an RH-negative blood factor. This is a very rare blood type and makes up about 5% of the population. RH-negative means oxygen is processed in the blood differently to people with RH-positive blood. The amount of oxygen processed by the body makes all the difference in unusual abilities. This is evident in arts like Tai chi and Yoga.

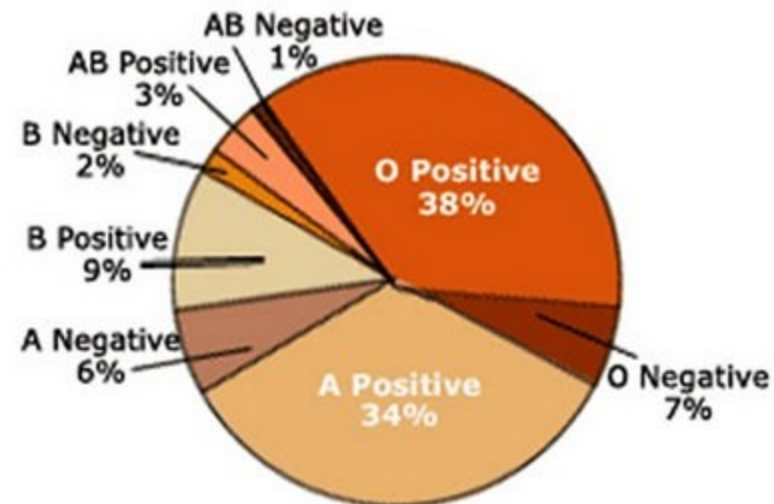

The Rhesus factor, also known as the Rh factor, is an antigen that exists on the surface of red blood cells in most people. People who have the Rhesus factor are considered to have a "positive" (+) blood type, such as A+ or B+. Those who don't are considered to have a "negative" (-) blood type, such as "O-" or "AB-."

The Rhesus factor gets its name from experiments conducted in 1937 by scientists Karl Landsteiner and Alexander S. Weiner. Their experiments involved rabbits which, when injected with the Rhesus monkey's red blood cells, produced an antigen that is present in the red blood cells of many humans.

Antigens are molecules that the body of an organism recognizes as foreign and targets for attack by the immune system. Blood contains different cells that can carry different antigens depending on the genetic makeup of the person. Introducing blood that is recognized as foreign can result in serious illness, and so blood is always checked for antigenic compatibility before a transfusion. Many different blood antigen typing systems exist, although only two, the ABO and the rhesus system, are commonly used in medicine.

People have this obsession. They want you to be like you were in 1969. They want you to, because otherwise their youth goes with you. It's very selfish, but it's understandable.

The Oriental Jews of Israel, also have a high percentage of Rh negatives in their population, although most other Oriental people have only about 1% Rh negative. The Samaritans and the Black Cochin Jew also have a high percentage of Rh negative blood, although again the Rh negative blood is rare among most African peoples. And as of yet, the origin of the Basques is unknown.

A, B, AB, and O are the four common blood types present among humans. The difference between each is the presence or absence of different antigens after which the blood type is named. However, there is another factor which defines the blood type – the Rh antigen.

The general population contains the Rh antigen in their blood, which means they are marked with a + in their blood type. And, there is a small percentage of the world population which lacks this antigen.

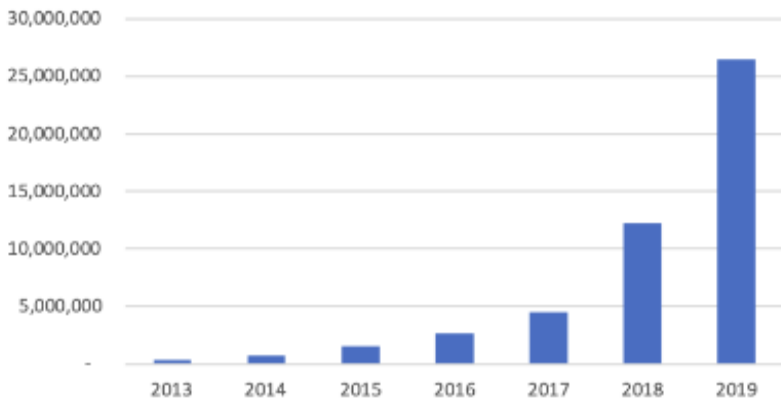

The Rh antigens are proteins, which seem to be lacking in the blood configuration of these people, and researchers are puzzled by this fact. There are many theories out there regarding the reasons behind this deficiency, and some even suggest that these people are literally from another world.

These people's body temperature is generally lower than average, they have red hair, green or blue eyes, and they are more sensitive to high temperatures. There are also claims that Rh- people are generally more physically and emotionally aware.

Alien theories are perhaps most fueled by the fact that Rh negative women have a difficult time delivering a child who is Rh positive. This is because under such circumstances, the mother's body will try to kill the child she is bearing.

I was also given some technology that was created by the NSA in the 1960's, which opens up neural pathways in the brain to recover memories that have been suppressed in the mind control projects.

Amongst other things, I have been provided with highly classified documentation that teaches how to control your own brain waves and master and take control of myself instead of the project controlling me.

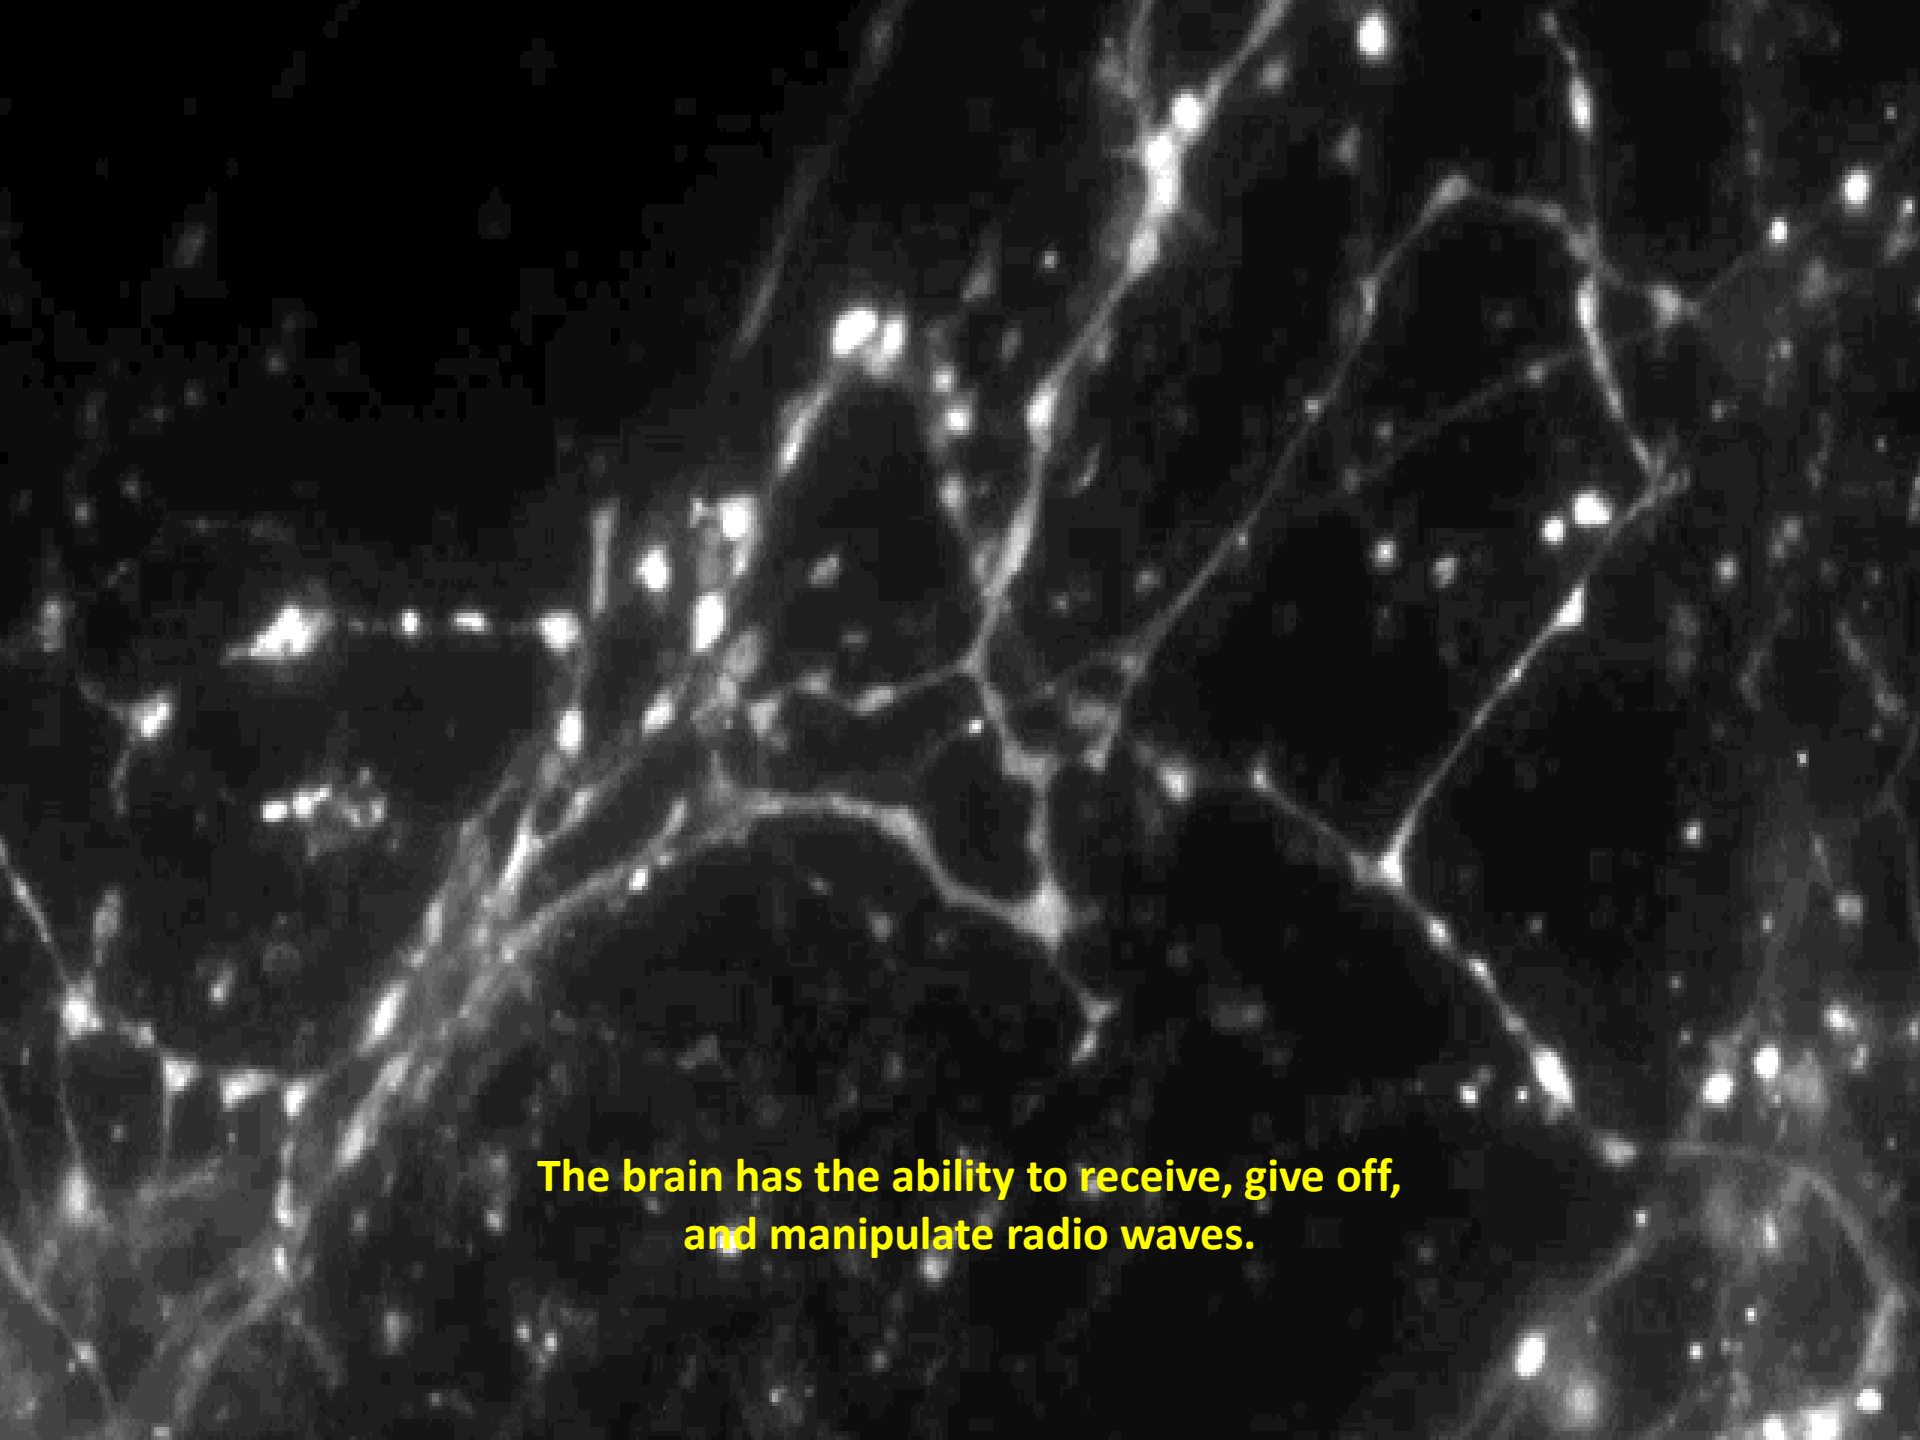

I am now thirty one years old, and around this age, the neural pathways in the brain that hold back memories of mind control procedures often begin to open up, and the victim begins to remember in detail what happened to them in the facilities where the procedures occurred.

Often, a sleeper is killed before their 30th birthday because of this. This is known in intelligence circles as “being thrown from the Freedom train.”

Freedom train is code speak for the vast numbers of civilian victims who are being used in the many mind control projects in this country and abroad.

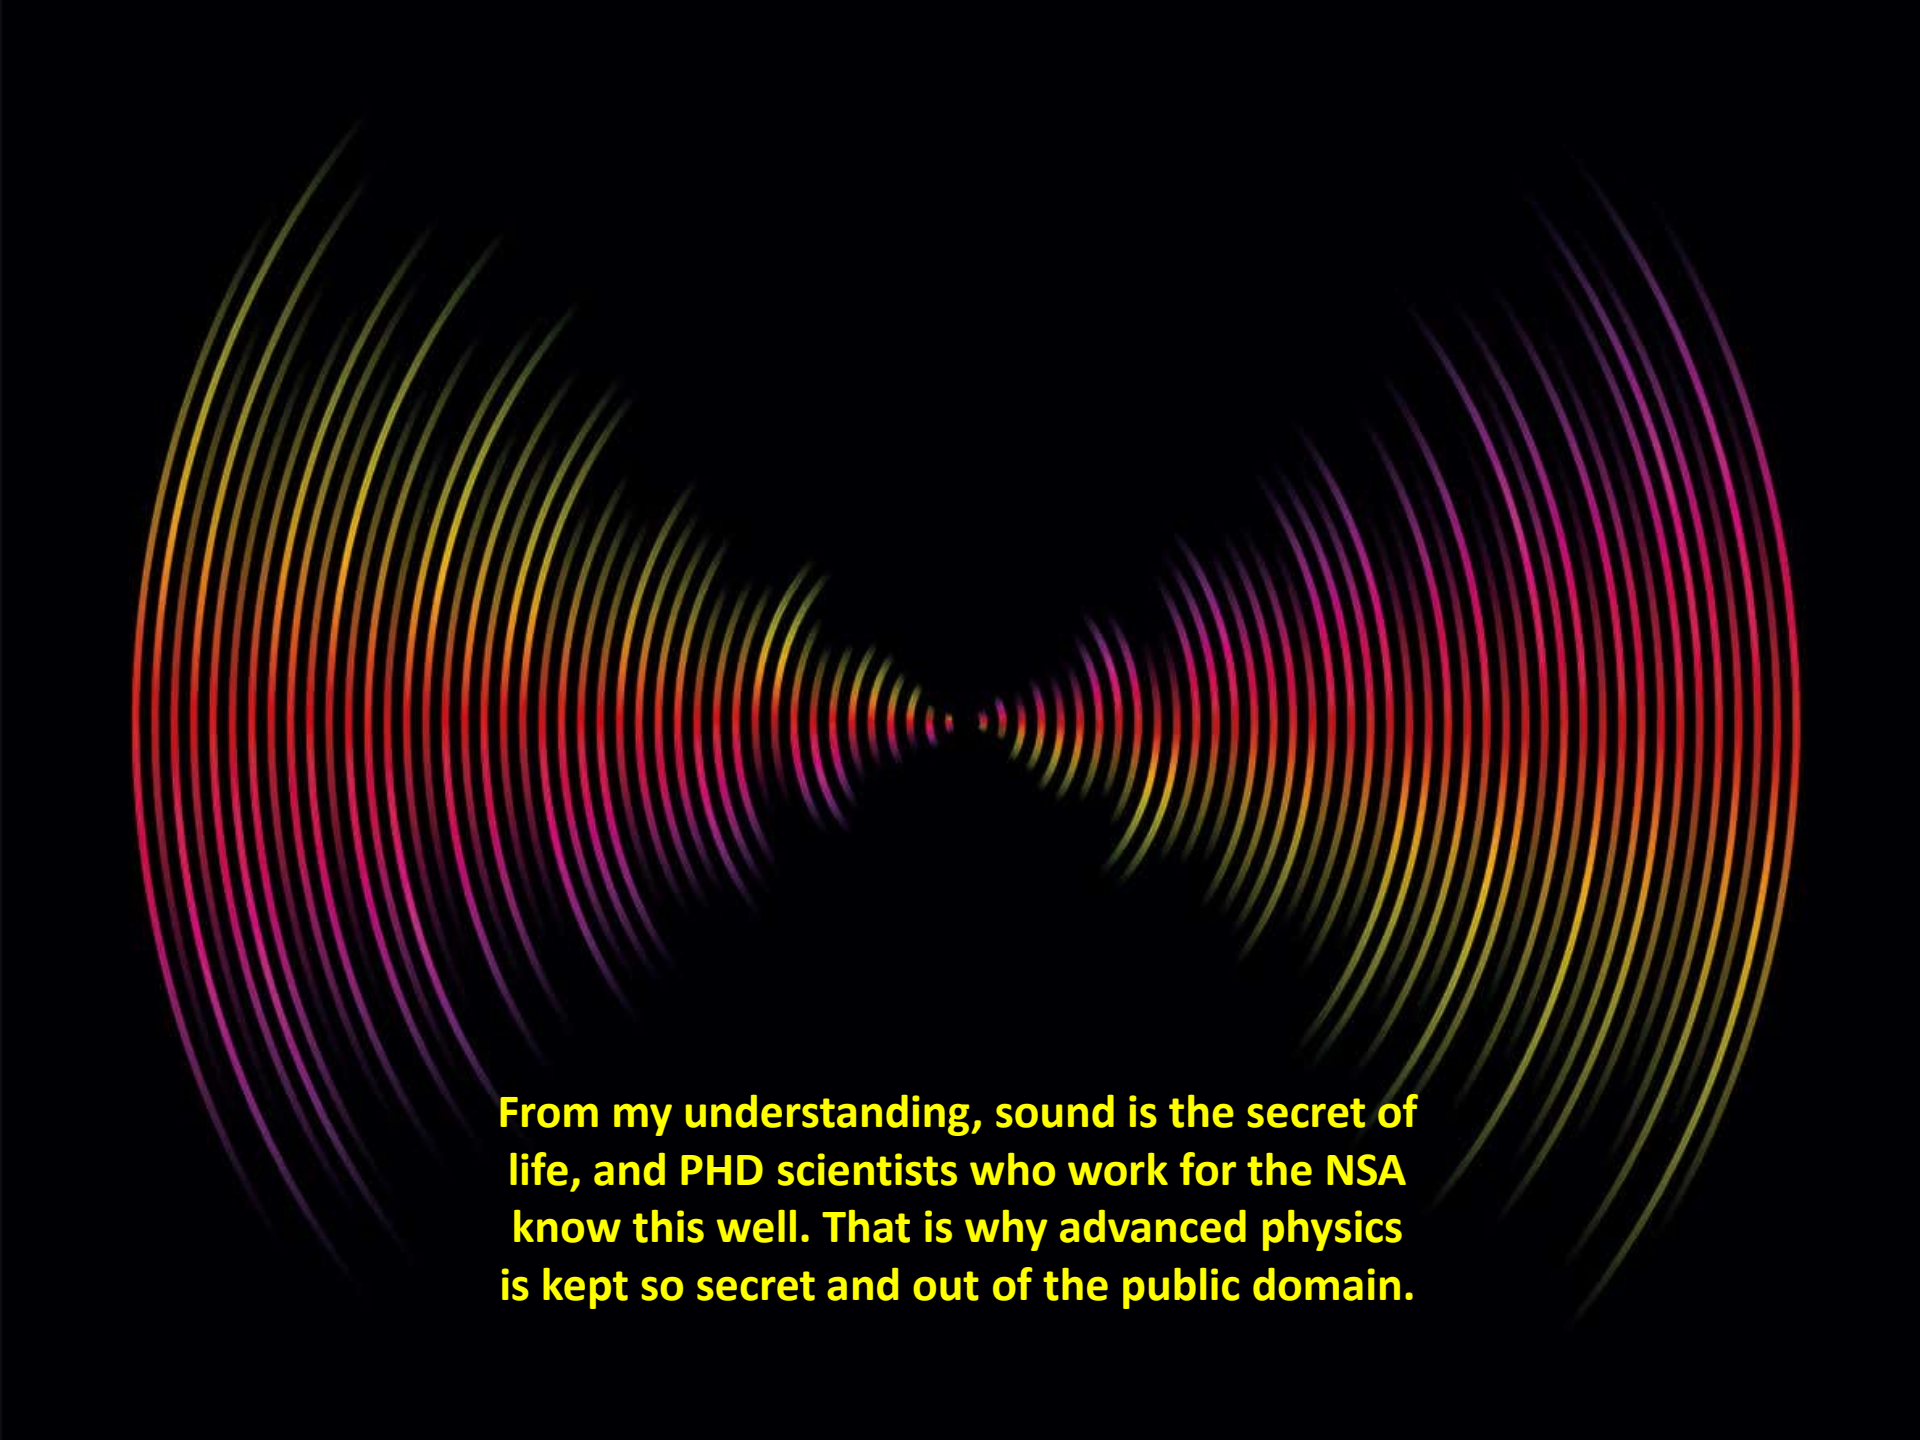

**The brain has the ability to receive, give off,
and manipulate radio waves.**

A photograph of a seashell with a white and orange interior, resting on a wooden post on a sandy beach. The background shows the ocean and a cloudy sky.

If you hold a glass or a shell to your ear, the static-like hissing sound (like the sound of rushing air) is the glass or shell acting as a container and “capturing” the radio sound waves that the brain is giving off. The brain has a telepathic receiver and transmitter that uses sound waves. In fact, thoughts are simply scalar sound waves that most people cannot see but are very real.

Hence “Tele”pathy, “ Tele”visions, and “Tele”phones.

From my understanding, sound is the secret of life, and PHD scientists who work for the NSA know this well. That is why advanced physics is kept so secret and out of the public domain.

The people running the AL/499 facility in Berkshire and the connected underground bases are a hard-line military regime that is ultimately a religious cult centered around the corrupt Zionists and Rosicrucians. These places are religious centers where so-called 'black magick' rites are performed, ancient deities worshipped, and children trained and sacrificed.

As former Illuminati member Leo Zagami says, "Black Magick" (the control of electro-magnetic energy for harm) is the oldest form of military technique known to man.

From my understanding, many of the secret religious orders of today (such as The Magi, The Zoroastrians, The 33rd Degree of Zion, The White Lotus society, The Rosicrucians) are divided into two main factions. One is loyal in their beliefs to the so-called fallen angels, who were loyal to the fallen angel Lucifer, at the time of the Great Flood mentioned in the Bible.

The Magi and Zoroastrians are known as the 'Muslim Illuminati' and have centers in the U.K., such as 440 Alexandra Street, Harrow, Middlesex, HAZ 9TL, tel- 020 8866 0765. There are also Muslim Illuminati centers in Rayners Lane in London.

The road surface is dark and appears to be under construction, with several vehicles and pieces of heavy machinery, including excavators and trucks, visible along its length. The surrounding area is flat and open, with some construction equipment and materials scattered on the ground. The overall scene is one of active development and infrastructure building.

The NSA is the sister organization to the CIA and is now a more powerful entity. 1947 was also the year of the Roswell crash and when Israel was formed.

PROJECT ANVIL

A year later in 1948, a genetic bloodline study was started in Britain to locate gifted children to be used for espionage by the intelligence community. This was called 'Project Anvil' but changed its name to 'Project Oaktree' in the 1950's.

Oaktree was under the command of the NSA by this time and was being run from Harwell genetics laboratories in Oxfordshire. It was connected to all the major hospitals in the U.K. and was connected to the Mannequin program that I was born into. Mannequin was started in 1972 at the Peasemore base near where I grew up in Tilehurst, Berkshire.

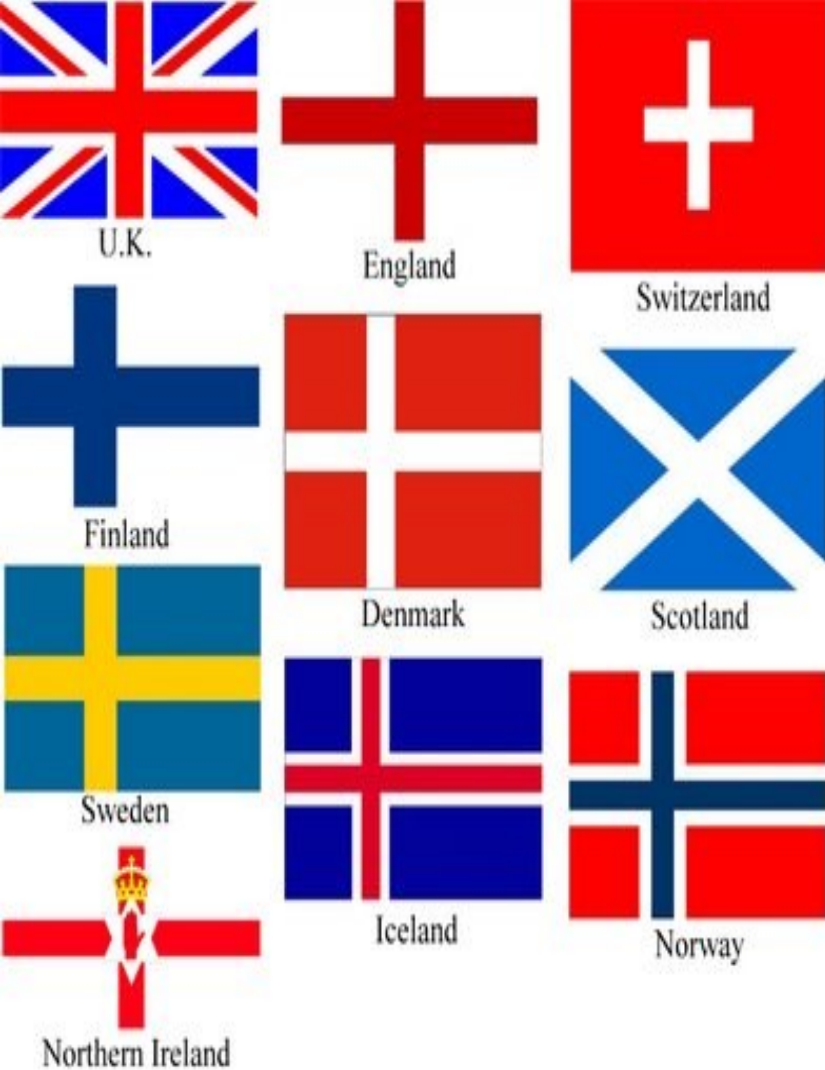

Yair Davidy
**LOST ISRAELITE
IDENTITY**

THE HEBREW ANCESTRY OF CELTIC RACES

Project Oaktree was actually set up to locate the descendants of the 'Tribe of Dan,' which is the so-called 'Lost Tribe of Israel'. These middle-eastern people were of white skin, and the descendants are not actually lost but kept secret. Some people may have heard of the 'British Israelites,' and Gordon Brown is heavily into this school of thought.

The Tribe of Dan travelled from Dan ('Kaish' in Hebrew) just below Mt Hermon and went up into Greece around the time of the Exodus. In Greece, they were known as the Spartans. From Greece they travelled to France where they were the Merovingian Priest-Kings and other French Royal lines. From France they travelled to Scotland, Ireland and America.

They were known as the 'Tuatha De Danann'
in Ireland and Celtic clans, such as the
'Campbells' in Scotland.

They were worshippers of the Goddess of energy, such as Astarte and Ishtar and were heavily into animal shamanism, such as bird and snake symbology. The eagle is one of their symbols, and the eagle on the American coat of arms and the NSA symbol represents the Tribe of Dan.

The owl is also another of their symbols, which represents the 'angel' Ishtar.

Heinrich Himmler and the Special Projects unit of the SS ordered a Nazi research program into Northern European families. The families targeted for this research program were the ones who had practiced multi-generational rites of Freemasonry, occultism, and Satanism. Josef Mengele, the infamous “Angel of Death” from the Auschwitz concentration camp, stayed at the Tavistock mind control institute in London when British Intelligence brought him here after the Second World War.

One of the main projects at the Tavistock Institute was to find the breaking point of human beings. In trauma-based mind control, a Mengele Grid is programmed into the victim using torture and other methods.

The victim's mind would then break into 169 fragments or alter personalities. A type of electro-magnetic grid would be incorporated into the brain, and this would affect brain waves. With the use of cranial implants, an artificial alpha wave transmission could be sustained in horrific situations. This would enable the operative to stay completely calm in intense situations.

Each alter holds memories of the specific mind control procedure and is unaware of the existence of the other alters because of amnesic walls between them. Certain medical symptoms of this procedure have become known today as MPD (Multiple Personality Disorder) or DID (Dissociative Identity Disorder).

In mind control cases, each alter or personality can be programmed for a specific task or ability and then called forward using hypnotic triggers. This is done by the handlers of the relevant mind control project to activate the ability and complete the task.

These alters are also programmed with post-hypnotic suggestion to forget the task afterward. Only the handlers of the mind control project can call forth the different alters, as only they know the correct hypnotic codes, triggers, and keys to do this.

Technology exists called Thermoptic Camouflage that can render a secret service man invisible to the naked eye. It is small device that can be worn on the belt and activated at will. A secret service man can also be put through a Thermoptic field and will become invisible to the naked eye for over forty-eight hours.

There is no need to carry the Thermoptic hardware around if you are put through the field; however, after the forty-eight hours is up, the agent starts to phase back into sight and becomes violently ill for a short time.

That estimate is low. According to my highly sensitive sources, the number is more like 75!

In an interview for the UFO episode of the History Channel program, "Brad Meltzer's Decoded," his researchers interviewed John Lear in his home. John Lear is arguably America's top pilot, holds all 150 FAA type qualifications, flew for the CIA's proprietary, Air America, and worked on all kinds of exotic, highly classified stuff. He was quite blunt in informing Brad's researchers of how profoundly ignorant they were when it came to understanding where science, technology and weaponry really stood: "You have no idea what you don't know." Ponder that.

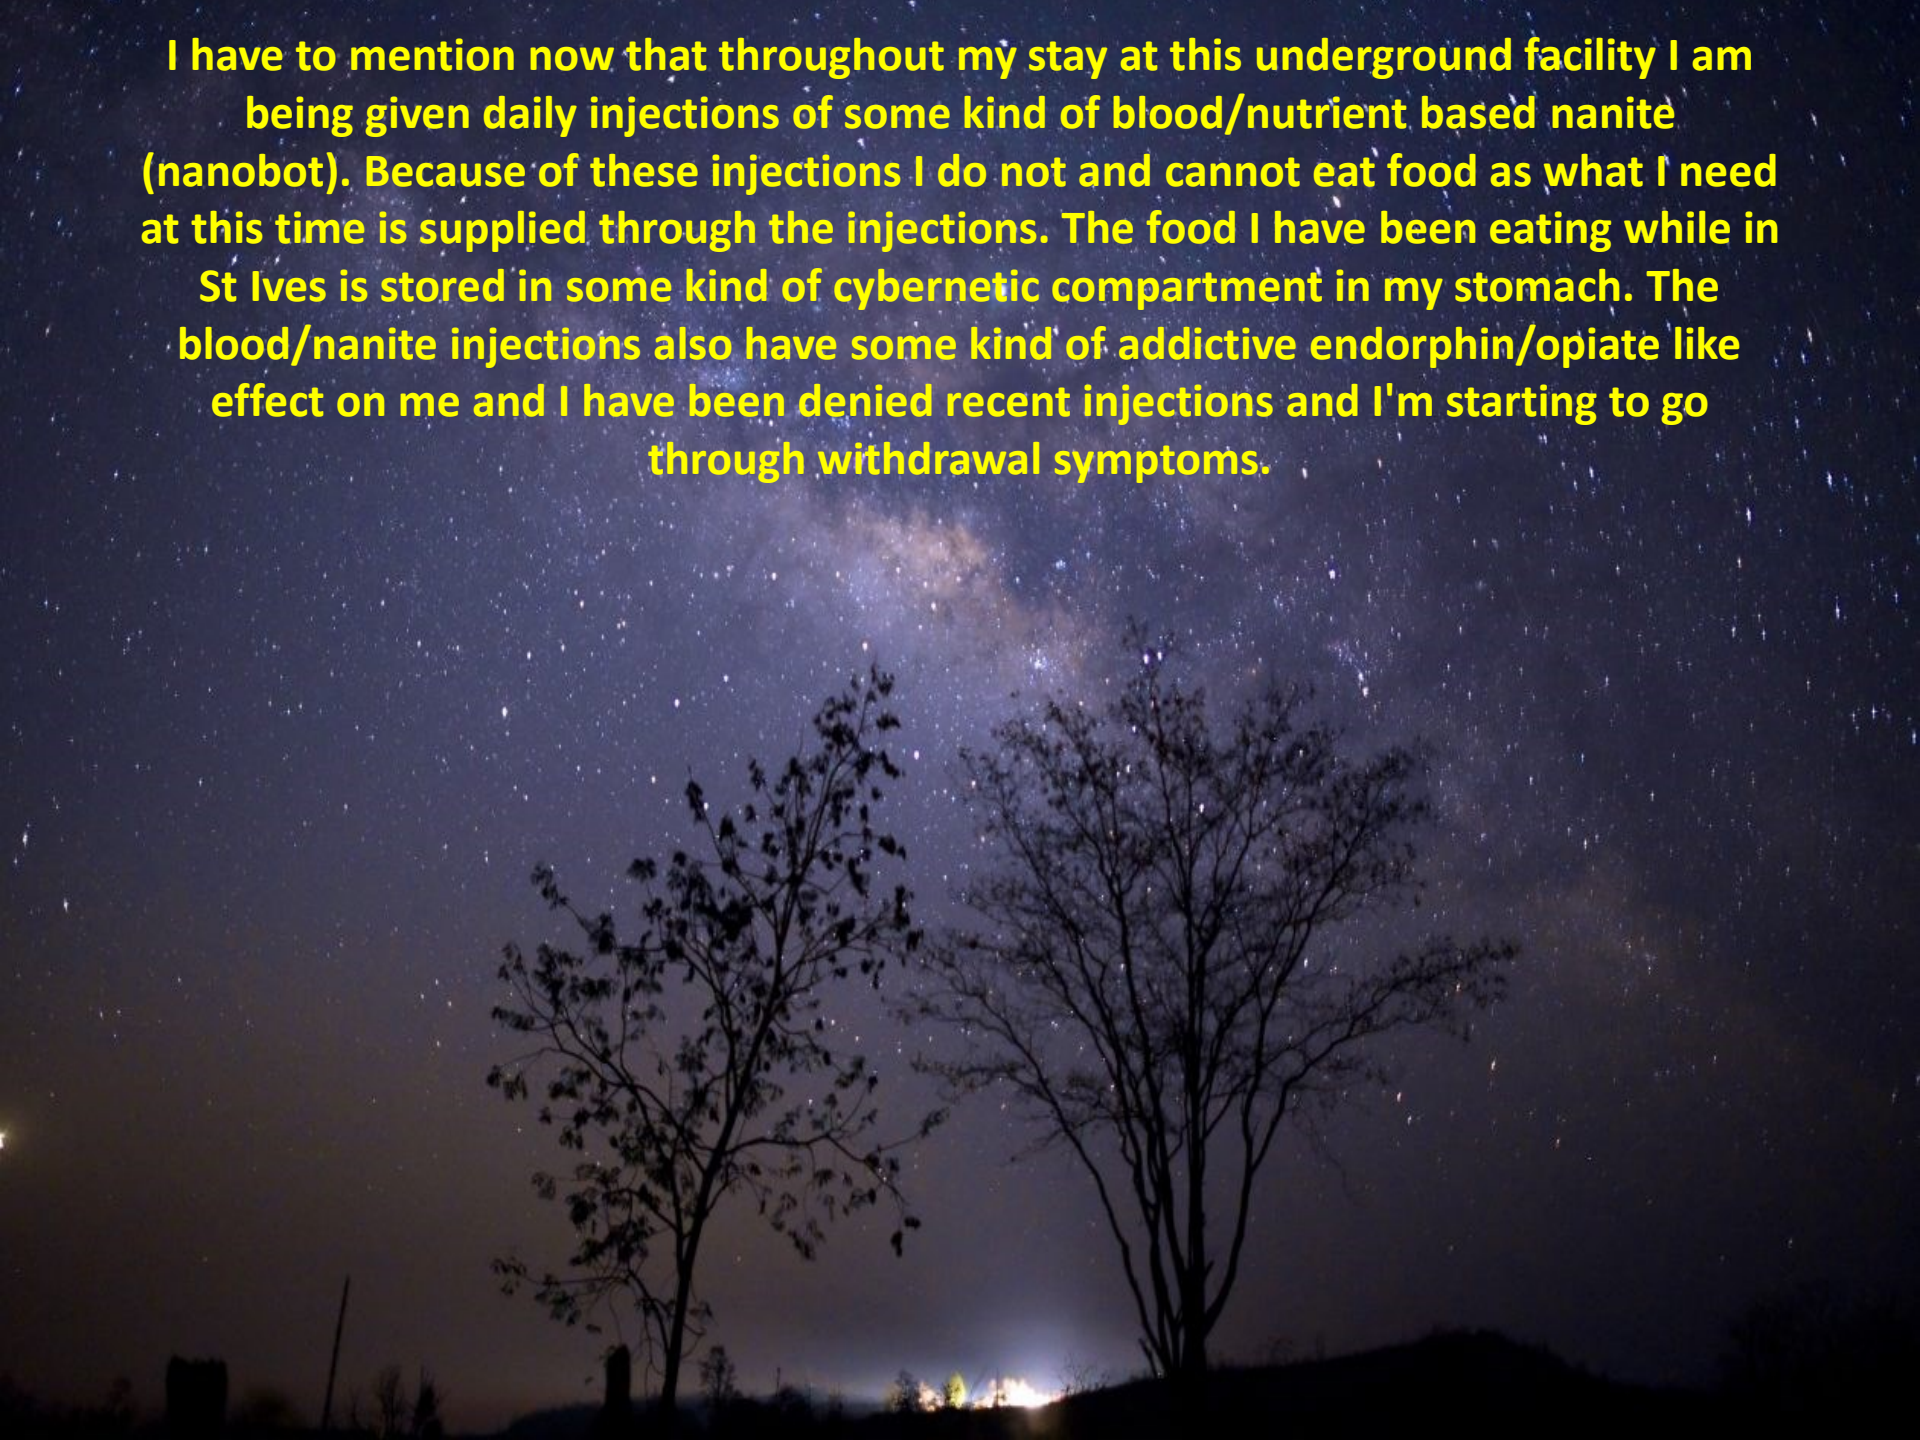

The major bases worldwide are mainly under the control of the NSA and are classified D1- Deep underground military bases, D2- Deep underwater military bases, D3- Deep under mountain military bases, and D4- Deep underground military prisons.

The Grey and Draco reptilian ETs working together with the upper levels of different countries' governments is known by intelligence insiders as MIEC (Military Industrial Extra-terrestrial Complex).

I have to mention now that throughout my stay at this underground facility I am being given daily injections of some kind of blood/nutrient based nanite (nanobot). Because of these injections I do not and cannot eat food as what I need at this time is supplied through the injections. The food I have been eating while in St Ives is stored in some kind of cybernetic compartment in my stomach. The blood/nanite injections also have some kind of addictive endorphin/opiate like effect on me and I have been denied recent injections and I'm starting to go through withdrawal symptoms.

Dr. Green shows me cloned copies of my own body in various stages of development in this room. Four tanks filled with colored liquid (green tubes, red tubes?) house these bodies. The first is a copy of my body as a baby, the second as a child, third as a teenager and fourth as an adult. The body I'm in now appears as that of a teenager and I gaze at the adult body with intense interest as to what I may become (the pain of withdrawals fades while I am distracted)

Isaiah 2:8

Its land is filled with idols, worthless artifacts; they bow and prostrate themselves to the work of their hands, to what they made and produced with their fingers.

Isaiah 2:9

So humanity is humbled, made to feel sorrow; everyone is humbled, made to feel sorrow, and you must not forgive, honor, pardon, or exalt them.

Isaiah 2:10

**Enter into the rock, crag or cliff and hide, conceal yourself in the dust
(descendants), scabs/infection from the presence of the terror and fear of Yahuah
and from the glory and splendor of His Majesty.**

Isaiah 2:11

**The haughty, arrogant
and prideful eyes of
humanity will be
brought low and
humbled, and the pride
and arrogance of
everyone will be
humbled and cause
sorrow, and Yahuah
alone will be exalted
and praised.**
