HIS PREDICTIONS OF THE WARS??

A War Unlike Any Other In The History Of Mankind, Where Everyone Other Than The Illuminists Are Targeted For Destruction

With the increasing frequency of Muslim jihadist attacks across the globe, in France, Germany, celebrated publicly by the terrorist group ISIS, and new threats being leveled against London and Washington, it appears that we are watching a carefully scripted framework to bring about a "One World Order," playing out before our very eyes.

This framework was supposedly written in the 19th century by Albert Pike, a Freemason who was reportedly a satanist that practiced the occult, and who believed he was in constant communication with Lucifer, his vision allegedly written out in 1871, detailed plans for three world wars that would be necessary to bring about the One World Order. According to this "framework," a blueprint on the engineering of the third and final World War, total destruction of the Old World Order of nation states must first be realized in order for the antichrist to arise.

**H.Res.642 - Recognizing magic as a rare and valuable art form and national treasure.**

Whereas magic is an art form with the unique power and potential to impact the lives of all people;

Whereas futurist Arthur C. Clarke claimed that any sufficiently advanced technology is indistinguishable from magic

Whereas magic fulfills some of the highest ideals and aspirations of our country by encouraging people to question what they believe and see;

Whereas magic is a unifying force across cultural, religious, ethnic, and age differences in our diverse Nation;

Whereas magic transcends any barrier of race, religion, language, or culture;

Whereas magic has not been properly recognized as a great American art form, nor has it been accorded the institutional status on a national level commensurate with its value and importance;

Whereas there is not an effective national effort to support and preserve magic;

Whereas it is in the best interest of the national welfare to preserve and celebrate the unique art form of magic

***"The Third World War must be fomented by taking advantage of the differences caused by the "agentur" of the "Illuminati" between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other. Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion...We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil. Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time."***

It is said that the Protocols of Zion are also fake, but then again, how is it possible that both of these things are fake and yet so right showing what is happening these days – it would lead one to believe that it is intentional – from the Elites.

## PROTOCOLS OF ZION #4: WE MUST DESTROY GOD

But even freedom might be harmless and have its place in the State economy without injury to the well-being of the peoples if it rested upon the foundation of faith in God, upon the brotherhood of humanity, unconnected with the conception of equality, which is negated by the very laws of creation, for they have established subordination. With such a faith as this a people might be governed by a wardship of parishes, and would walk contentedly and humbly under the guiding hand of its spiritual pastor submitting to the dispositions of God upon earth. This is the reason why IT IS

INDISPENSABLE FOR US TO UNDERMINE ALL FAITH, TO TEAR OUT OF THE MIND OF THE "GOYIM" THE VERY PRINCIPLE OF GOD-HEAD AND THE SPIRIT, AND TO PUT IN ITS PLACE ARITHMETICAL CALCULATIONS AND MATERIAL NEEDS.

## PROTOCOL #7

1. The intensification of armaments, the increase of police forces - are all essential for the completion of the aforementioned plans. What we have to get at is that there should be in all the States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.

## PROTOCOL #7

2. Throughout all Europe, and by means of relations with Europe, in other continents also, we must create ferments, discords and hostility. Therein we gain a double advantage. In the first place we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion. In the second place, by our intrigues we shall tangle up all the threads which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements, but, as regards what is called the "*official language*," we shall keep to the opposite tactics and assume the mask of honesty and complacency. In this way the peoples and governments of the GOYIM, whom we have taught to look only at the outside whatever we present to their notice, will still continue to accept us as the benefactors and saviours of the human race.

There are several signs that Europe is either preparing for war, or a massive social upheaval of some kind.

<http://www.dcclothesline.com/2016/09/05/four-signs-that-suggest-europe-is-preparing-for-war/>

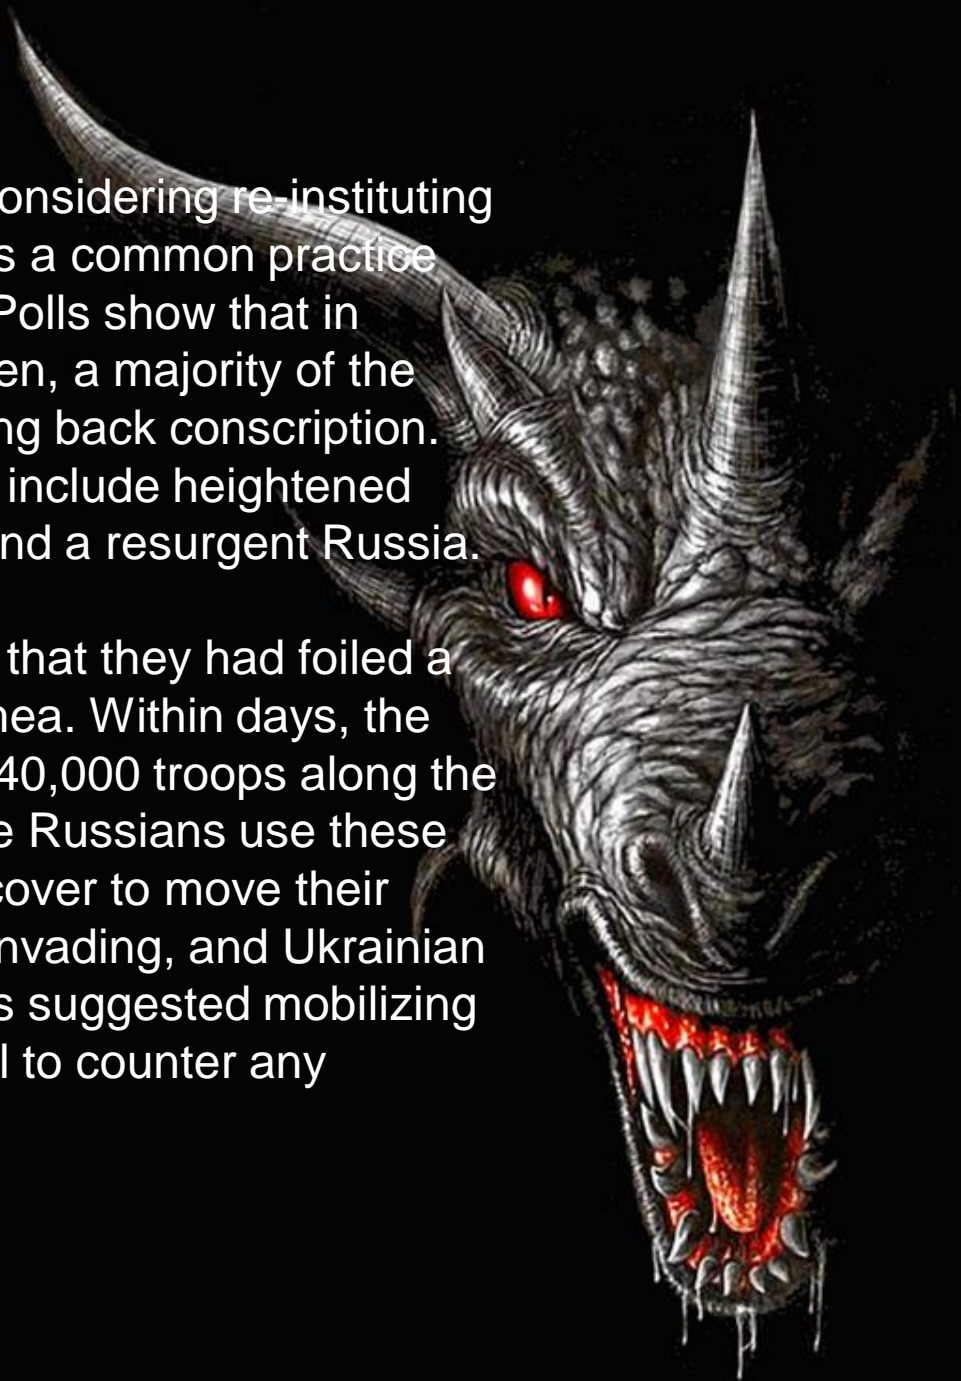

French civilians are reportedly [stocking up on guns](#), in preparation for a potential civil war with the migrant populations in their nation. High ranking French officials have also expressed fears over a potential civil war, and reports show that German civilians are also stocking up on weapons.

After a string of terror attacks rocked Germany this Summer, their government put together a [civil defense plan](#) for the population. It includes instructions for the German people [to stock up on a 10 day supply of food and water](#), which makes this the first German civil defense plan to offer that suggestion since the end of the Cold War.

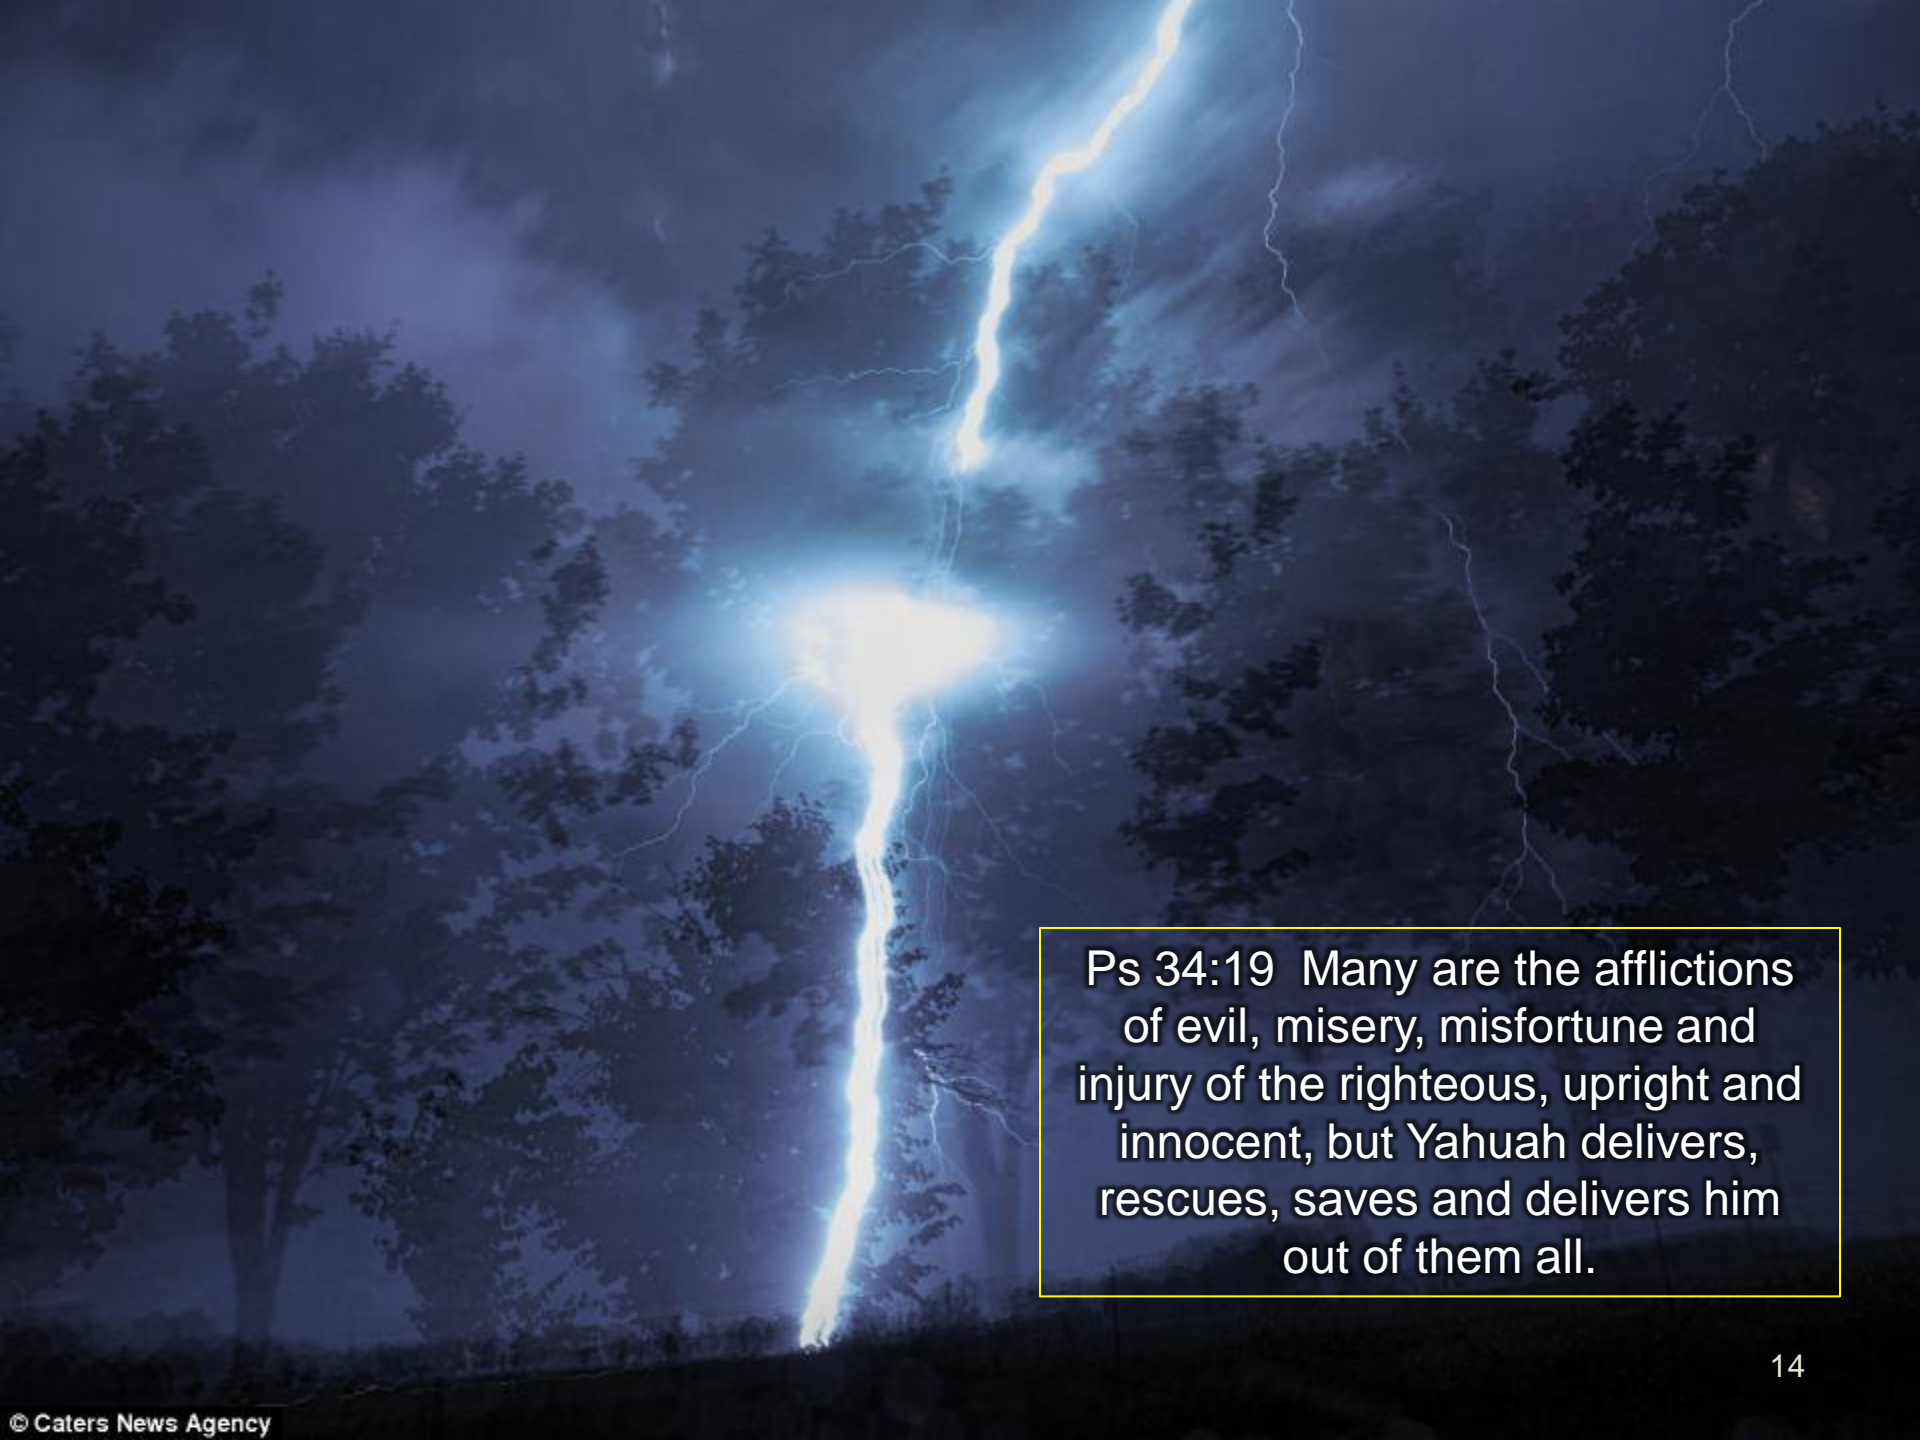

Several European nations are considering re-instituting a military draft, which again, was a common practice until after the Cold War ended. Polls show that in countries like France and Sweden, a majority of the population would support bringing back conscription. The reasons cited for this move include heightened fears over domestic terrorism, and a resurgent Russia.

In August the Russians claimed that they had foiled a Ukrainian terrorist attack in Crimea. Within days, the Russian government mobilized 40,000 troops along the Ukrainian border. Oftentimes the Russians use these military training exercises as a cover to move their troops close to a nation before invading, and Ukrainian President Petro Poroshenko has suggested mobilizing his military and declaring martial to counter any potential incursion.

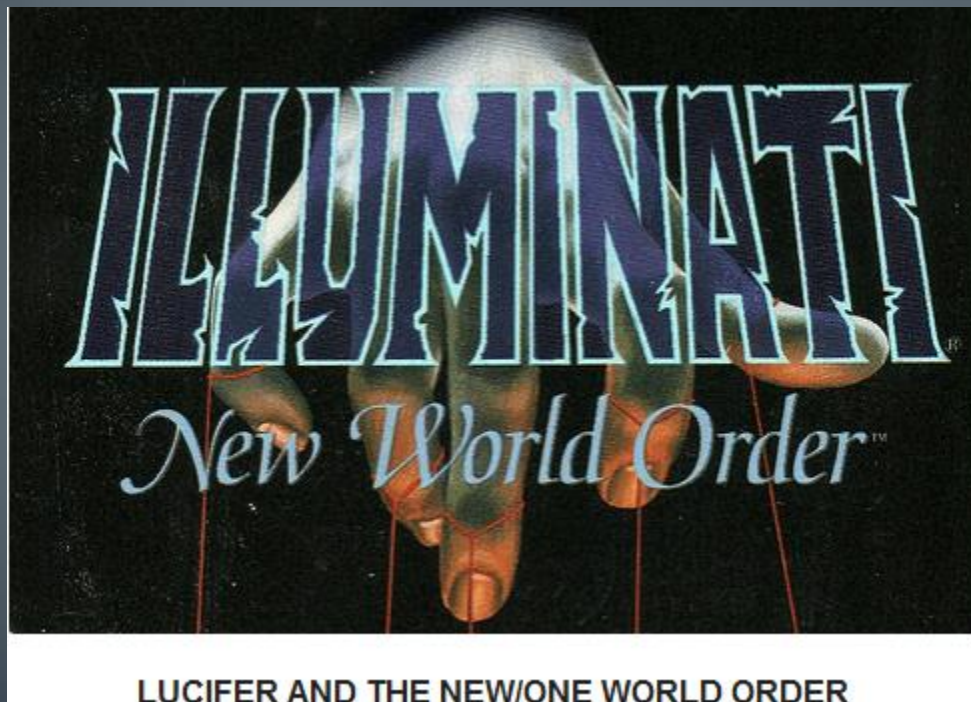

Whether one believes that Pike wrote the oft-talked about Three World Wars essay or not, we see that enough appear to believe in that blueprint to be actively dragging the global community into exactly what has been predicted, Islam against the West, the Jews and the Christians.

With Islamic terrorist attacks increasing in frequency across the globe and their stated ultimate goal of obtaining and attacking with nuclear weapons, we are looking at a war unlike any other in the history of mankind, not countries against countries as with previous world wars, but the Illuminists against everyone else.

Ps 34:19 Many are the afflictions of evil, misery, misfortune and injury of the righteous, upright and innocent, but Yahuah delivers, rescues, saves and delivers him out of them all.

Despite the controversy over the actual existence of the letter itself, it appears there are unseen forces, puppet masters working behind the scenes, that some refer to as the Illuminati, or Luciferians, that are blazing full-steam ahead with that blueprint by pitting Islamics against the West, Christians and Jews.

Whether they are referred to as the "elite" or the "Illuminati" or "Luciferians," or even just "powerful families" that control the world from behind the scenes, is it a coincidence that some of the most controversial entities or people in politics or as religious leaders, have in-your-face references to Lucifer, as well as pushing for a "New/One World Order?"

Isa 13:9-11 Behold and see! The day of Yahuah is coming, with an extreme intensity of emotions and convictions and wrath and fury and the burning of anger, to make the earth a place of desolation; a horror, a wasteland and He will destroy and exterminate its sinners who bear the blame for not thoughtfully considering and discerning His Word. Indeed the stars of the heavens and their constellations which are a configuration of stars seen from earth, will not flash forth or emit their light; the sun will keep back and become devoid of light, and the moon will not allow its light to shine. And I will punish and impose a penalty on the world for its evil wickedness and the wicked, unrighteous transgressors for their iniquity and depravity. And I will put an end to the pride and loftiness of the arrogant and insolent, and I will bring the haughtiness and conceit of the ruthless tyrants to be humbled and low.

*For those unfamiliar with operation blackjack, here's a short summary of the playbook: beginning on June 21, a van pulls up with the ominous 'New Dawn Presentations' painted on the side. At the same time the London police are put on high alert as they move to raid the homes of several 'terror suspects'. On the early morning of the following day, it begins. Pandemonium. Nukes go off in every major city in the Northern hemisphere and a grim sequence of 'attacks' commences. All major cities fall victim to exploding mini-nukes, leaving once familiar and thriving communities in utter ruin. One graphic shows two men bent over their desk gasping at the sight of the events unfolding and proclaiming their readiness to moving into 'phase 2'. In the following weeks Marshall Law is being implemented in both Britain and the United States, inevitably resulting in all-out tyranny. Finally, in the fifth episode of the curious mini-drama, the true perpetrators behind the attacks are exposed as the UNA-people themselves, false-flagging their way towards the endgame: global government.*

(Newser) – Five nuclear warheads were briefly unaccounted for last week, the *Military Times* reports, when the warheads were not removed from missiles carried by a B-52 bomber prior to its flight from North Dakota to Louisiana. Though the weapons were in Air Force control at all times and there was no danger to the public, an investigation is under way.

The Air Force said there was no danger even if the plane had crashed, because of Air Force safeguards. The missiles to be decommissioned, and the warheads were supposed to

The pro-elderly Division 1st Brigade Central Team has spent 25 of the last 60 months in Iraq carrying on full battle tasks, facing restore essential services and ensuring supply convoys.

Now they're training for the same mission — with a twist — at home.

Beginning Oct. 1 for 18 months, the 1st BCT will be under the day-to-day control of U.S. Army North, the Army service component of Northern Command, as an on-call federal response force for natural or man-made emergencies and disasters, including terrorist attacks.

# THE 9.0 EARTHQUAKE AND TSUNAMI HIT JAPAN MARCH 11, 2011

<http://www.hiddenmysteries.org/themagazine/vol10/chem/chemtrailinsider.shtml>

**This whole chemtrail issue is related to the plan for decreasing the world population to around 450-500 million -- and starting with the US first. Why? The people of the US are the only ones with even the remotest chance of stopping this. That is, if they knew about it. That's why the US has to be the first to go. You have to understand that the world's elite covet the US for its geographic diversity - and they would love to return this country to its condition as it existed prior to Columbus setting foot here, but without the Native Americans this time of course.**

**There are rumors floating about the internet that the chemtrails are part of some sort of secret program the government is doing to protect the US from future biological attacks. Nothing could be further from the truth. The plan is to sensitize, or condition, the US population to being wiped out by influenza A. Over the past few years, people have been encouraged to get flu shots to protect them against the generally non-lethal strains that circulate through the population during flu season.**

**The flu vaccines contain killed virus and protect the body well against challenge by that particular strain, but work poorly against other strains not included in the inoculation. At some point, the vaccine stockpile will include the more lethal modification of the 1918 H1N1 in its live form. Most people receiving this vaccine will simply be renewing their annual flu shot, and the vaccine will still include the inactivated version of the more benign form of H1N1 (as was included in this year's vaccine). The presence of the milder strain in the inoculum will slow down the progression of the more lethal H1N1 form, so people will become sick more slowly - but they will still eventually die. It will just take a few weeks longer.**

**In the meantime, they will be carriers for the lethal form of the virus, passing it on to everyone with whom they make contact. And as people hear that others are dropping dead from the flu, they will flock to get their own vaccination. And the entire population will be more receptive to infection because their lungs will have been pre-conditioned to guarantee it.**

<http://www.dcclothesline.com/2016/08/18/how-the-globalists-will-attempt-to-control-populations-post-collapse/>

Post-collapse, when rule of law in many places has broken down and resources can no longer be transferred safely from region to region, the name of the game will be control of necessities and the producers of necessities. This is also used by totalitarians when the danger of unrest is present. A prime example of this method in action was the Stalinist consolidation of the Soviet Union. ( [Think Venezuela](#) )

The elites do not need to own every inch of ground in order to launch an effective campaign of martial law. All they need to do is own key cities through surveillance technology and troop presence, then use these cities as staging grounds to confiscate resources in surrounding areas from people they do not like. If you think the government would not pursue that kind of tactic in the U.S., I highly suggest you look into Executive Order 13603, signed by Barack Obama in 2012. This order gives the president authority during a “national emergency” to take any private property or resources (your own private stockpile of food) if it is deemed “necessary to national defense.”

It should be noted that starvation as a weapon has been extremely useful for the elites in the past.

Out of this mess, came a more disturbing catastrophe: FUKUSHIMA

## *FUKUSHIMA DAIICHI NUCLEAR POWER STATION*

*At the time of the disaster, Israeli newspaper Haarete stated that Israeli company, Magna, was responsible for the security of Fukushima just before March 11, 2011. Apparently Japan supported the new Palestinian state.*

*Yoichi Shimatsu, former editor of Japan Times Weekly, said Israeli intelligence sabotaged the reactor in retaliation for that support, blaming a lethal computer virus.*

*The virus was called "STUXNET" – Shimatsu emphasized that this computer virus entered the system within 20 minutes before the start of the nuclear fusion of Central Fukushima.*

*In 2007 on the orders of Dick Cheney and George W. Bush and PM Ehud Olmert of Israel – nuclear materials in the form of warhead cones (secretly removed from US nuclear warheads – near Amarillo, TX) were then transported by Israel from the port of Houston to be further enriched at Fukushima.*

*The natural disaster at Fukushima was then vastly amplified by two external factors:*

- 1) Release of the STUXNET virus which shut down control systems in the critical 20 minutes prior to the tsunami*
- 2) Presence of weapons-grade nuclear materials that devastated the nuclear facility and contaminated the entire region if not the whole world.*

Fukushima wasn't just a power plant.....

From Yoichi Shimatsu:

The first clue to TEPCO's role in weapons work came in July 1995 when a reporting team with The Japan Times Weekly, while I served as editor, uncovered in Idaho one of its subsidiaries bidding for a nuclear processor being sold as scrap by the US Department of Energy.

Fingerprints from 311

Detailed knowledge about clandestine warhead production did not emerge until the March 2011 nuclear disaster at Fukushima. To deter investigation, TEPCO and the Economy Ministry mounted an official cover-up of evidence at its massive complex, which includes two nuclear plants, a coal-fired thermal plant and several hydropower dams. Since April of that year, this science writer entered the 30-kilometer radiation exclusion zone on 12 occasions to measure radiation levels. Roadside readings enable the tracking of radioactive debris.

Fukushima wasn't just a power plant.....

From Yoichi Shimatsu:

Most curious was the fact that the TEPCO Thermal Plant in Hirono, Iwaki (the southern sector) was the site for thousands of workers and towering cranes digging up a forest area along the western perimeter. The supposedly nonnuclear plant is 30- kilometers south of Fukushima No.1, where in stark contrast only a skeleton crew was assigned to quell the ongoing meltdowns.

The radiation readings, taken between March 2012 and June 2014, and satellite images indicate that the Thermal Plant was in all probability the site of an underground plutonium extraction facility along with a waste dump for spent fuel. Until recently nuclear experts thought that enriched plutonium could not be separated from used fuel rods, an assumption since overturned by new laser-extraction technologies developed by Honeywell and GE-Hitachi (GEH).

## **Fukushima's radiation still so potent that even robots can't survive**

New information reveals that the radiation in the disaster zone is still so high that specialized robots built to assist in the cleanup are unable to function. Electronics designed by Tokyo Electric Power Company (TEPCO) and Toshiba have failed to perform the job they were created to do as a result of excessive radiation levels.

### **Robots built to withstand high radiation prove faulty**

However, the devices have been incapable of entering reactor number three, due to "concentrated levels of radiation" which exceed those found in reactor four, where an estimated 1,500 fuel rod assemblies were previously removed.

The Japanese government has been obliged to acknowledge that “the severity rating of its nuclear crisis ... matches that of the 1986 Chernobyl disaster”. In a bitter irony, however, this tacit admission by the Japanese authorities has proven to be part of the cover-up of a significantly larger catastrophe, resulting in a process of global nuclear radiation and contamination:

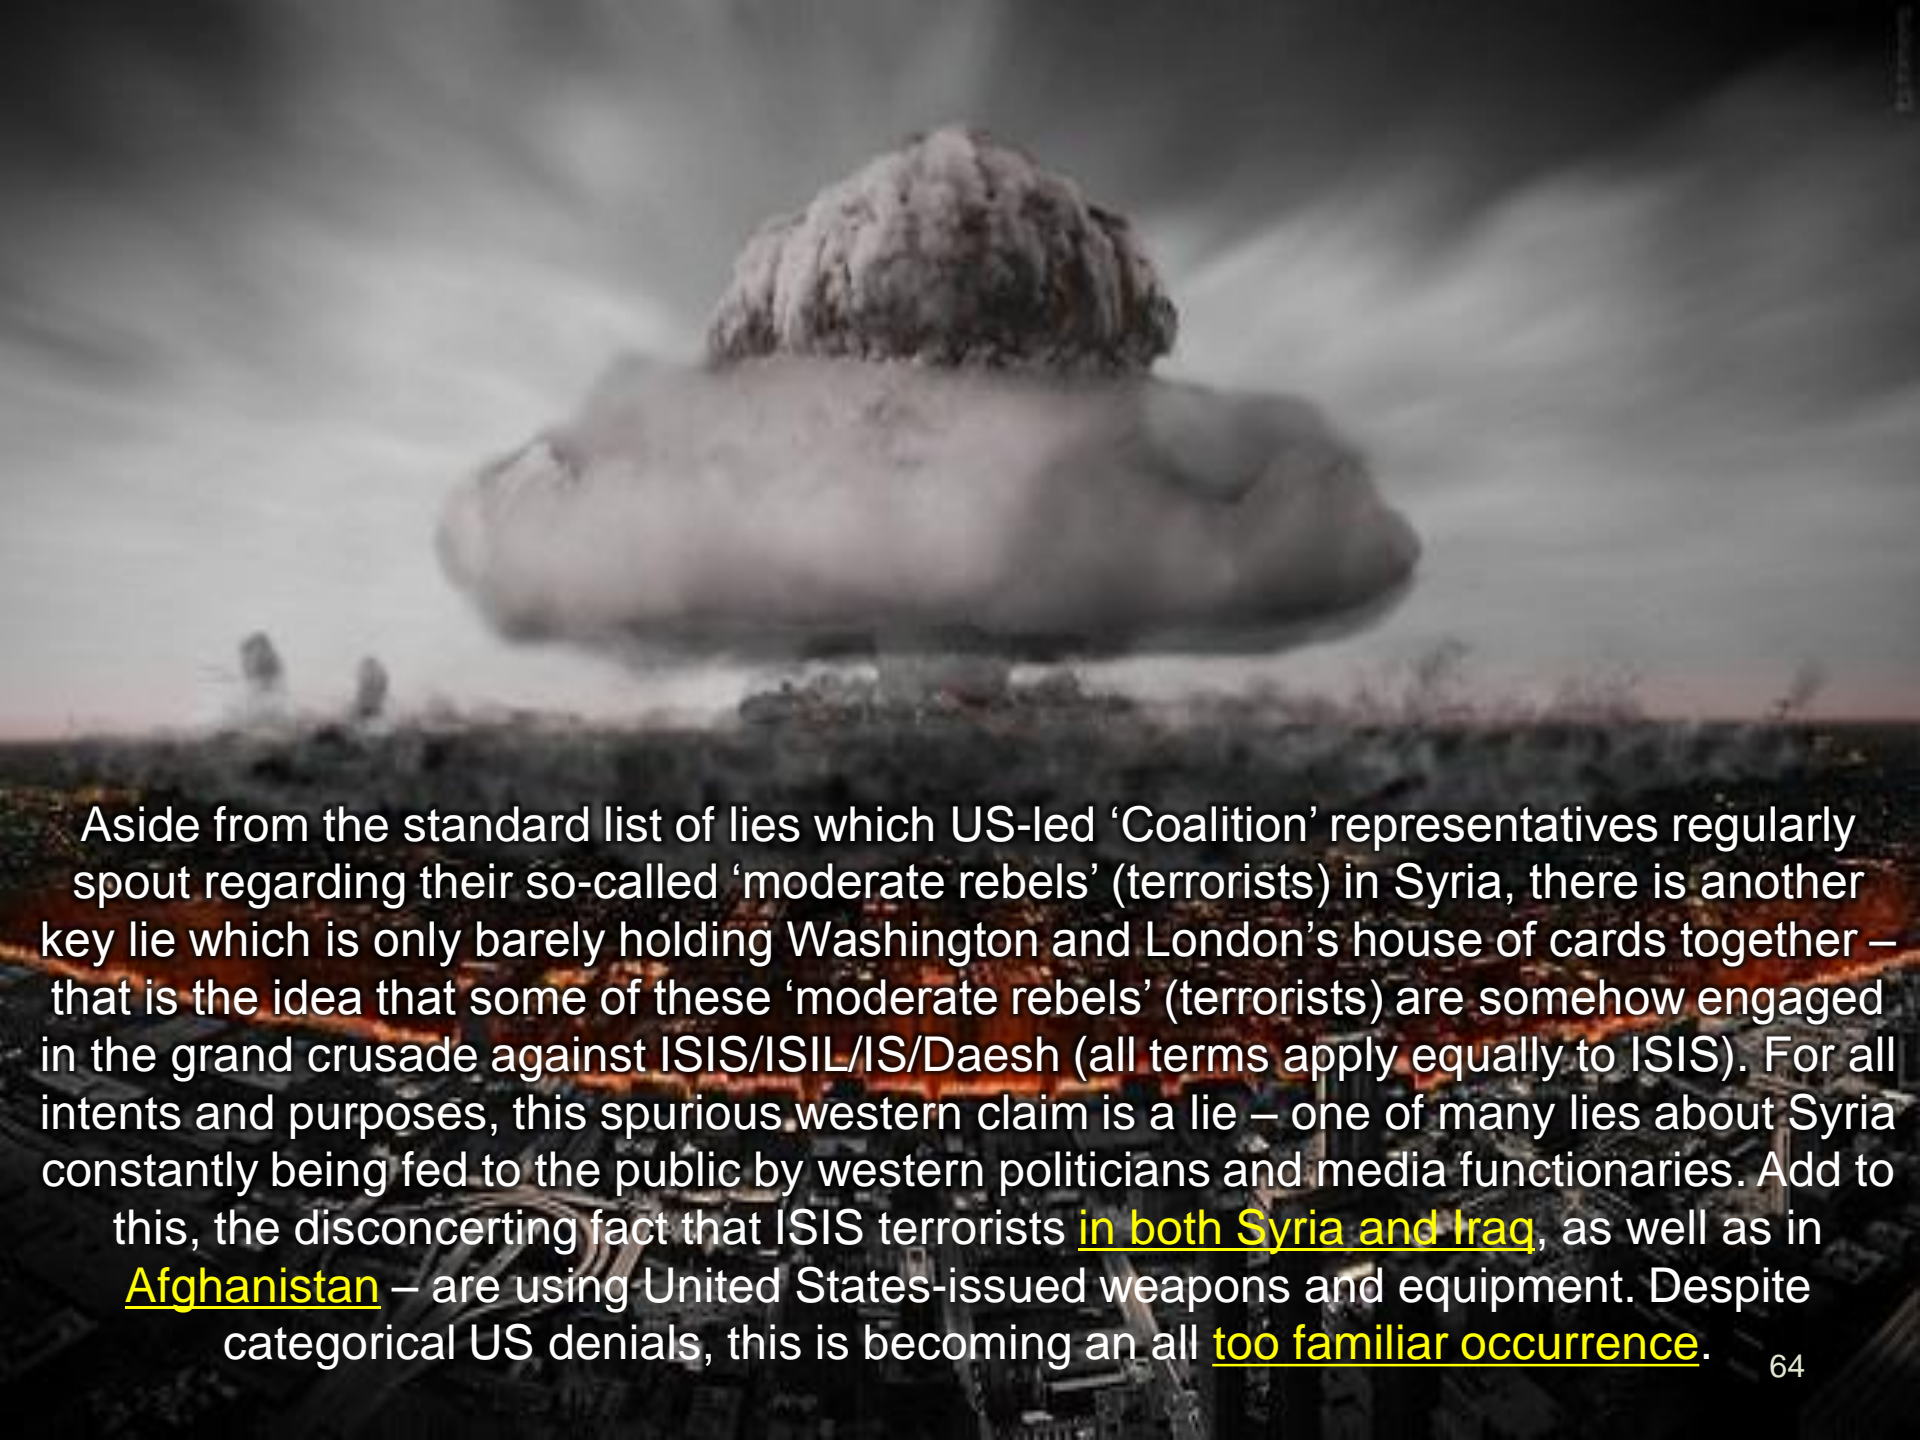

“While Chernobyl was an enormous unprecedented disaster, it only occurred at one reactor and rapidly melted down. Once cooled, it was able to be covered with a concrete sarcophagus that was constructed with 100,000 workers. There are a staggering 4400 tons of nuclear fuel rods at Fukushima, which greatly dwarfs the total size of radiation sources at Chernobyl.”

**MEET ISIS**

**MEET THE MODERATES**  
(both backed by Uncle Sam)

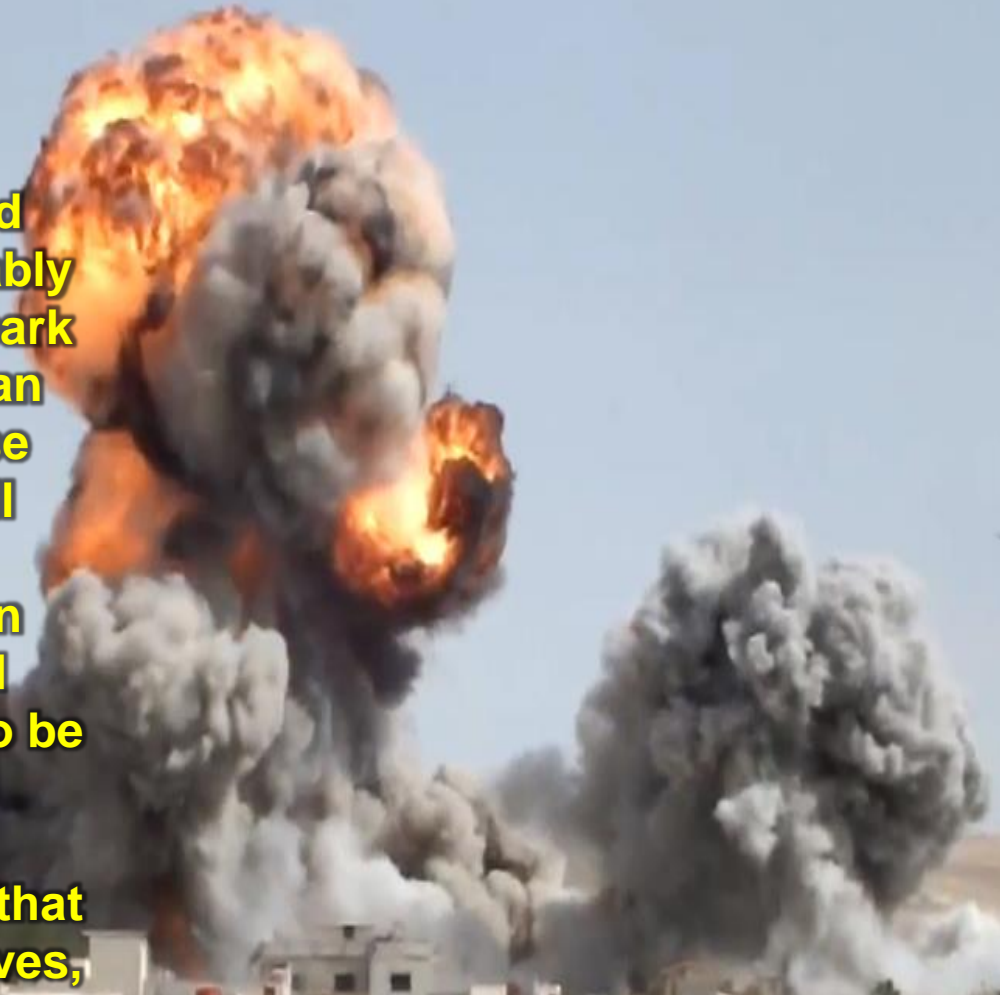

Aside from the standard list of lies which US-led 'Coalition' representatives regularly spout regarding their so-called 'moderate rebels' (terrorists) in Syria, there is another key lie which is only barely holding Washington and London's house of cards together – that is the idea that some of these 'moderate rebels' (terrorists) are somehow engaged in the grand crusade against ISIS/ISIL/IS/Daesh (all terms apply equally to ISIS). For all intents and purposes, this spurious western claim is a lie – one of many lies about Syria constantly being fed to the public by western politicians and media functionaries. Add to this, the disconcerting fact that ISIS terrorists in both Syria and Iraq, as well as in Afghanistan – are using United States-issued weapons and equipment. Despite categorical US denials, this is becoming an all too familiar occurrence.

<http://www.dcclothesline.com/2016/07/31/seven-places-where-ww3-could-start-at-any-time/>

## **Syria**

**At the moment, this fractured Middle Eastern nation is probably the most likely candidate to spark WW3. You have armed Russian and American aircraft in close proximity to each other at all times, radicalized Islamic extremists battling the Syrian government, Iranian backed Hezbollah units (who happen to be enemies of Israel), Turkish machinations, and Saudi financiers. And let's not forget that all of them are in it for themselves, and alliances are constantly shifting. Syria is one hot stew that could boil over at any moment.**

## Eastern Europe

After the Ukrainian government was ousted by rebels who wanted out of Russia's sphere of influence (and some say with the help of Western governments), Russia annexed Crimea and helped support counter rebels in Eastern Ukraine. And that may not be the end of it. NATO and the EU are constantly trying to wrangle Eastern European nations into their own sphere of influence, and the Russian government feels like it's being encircled by the West. Their only remaining friend in the region is an aging dictator in Belarus who is deeply unpopular. How long before Eastern Europe blows up again is anyone's guess.

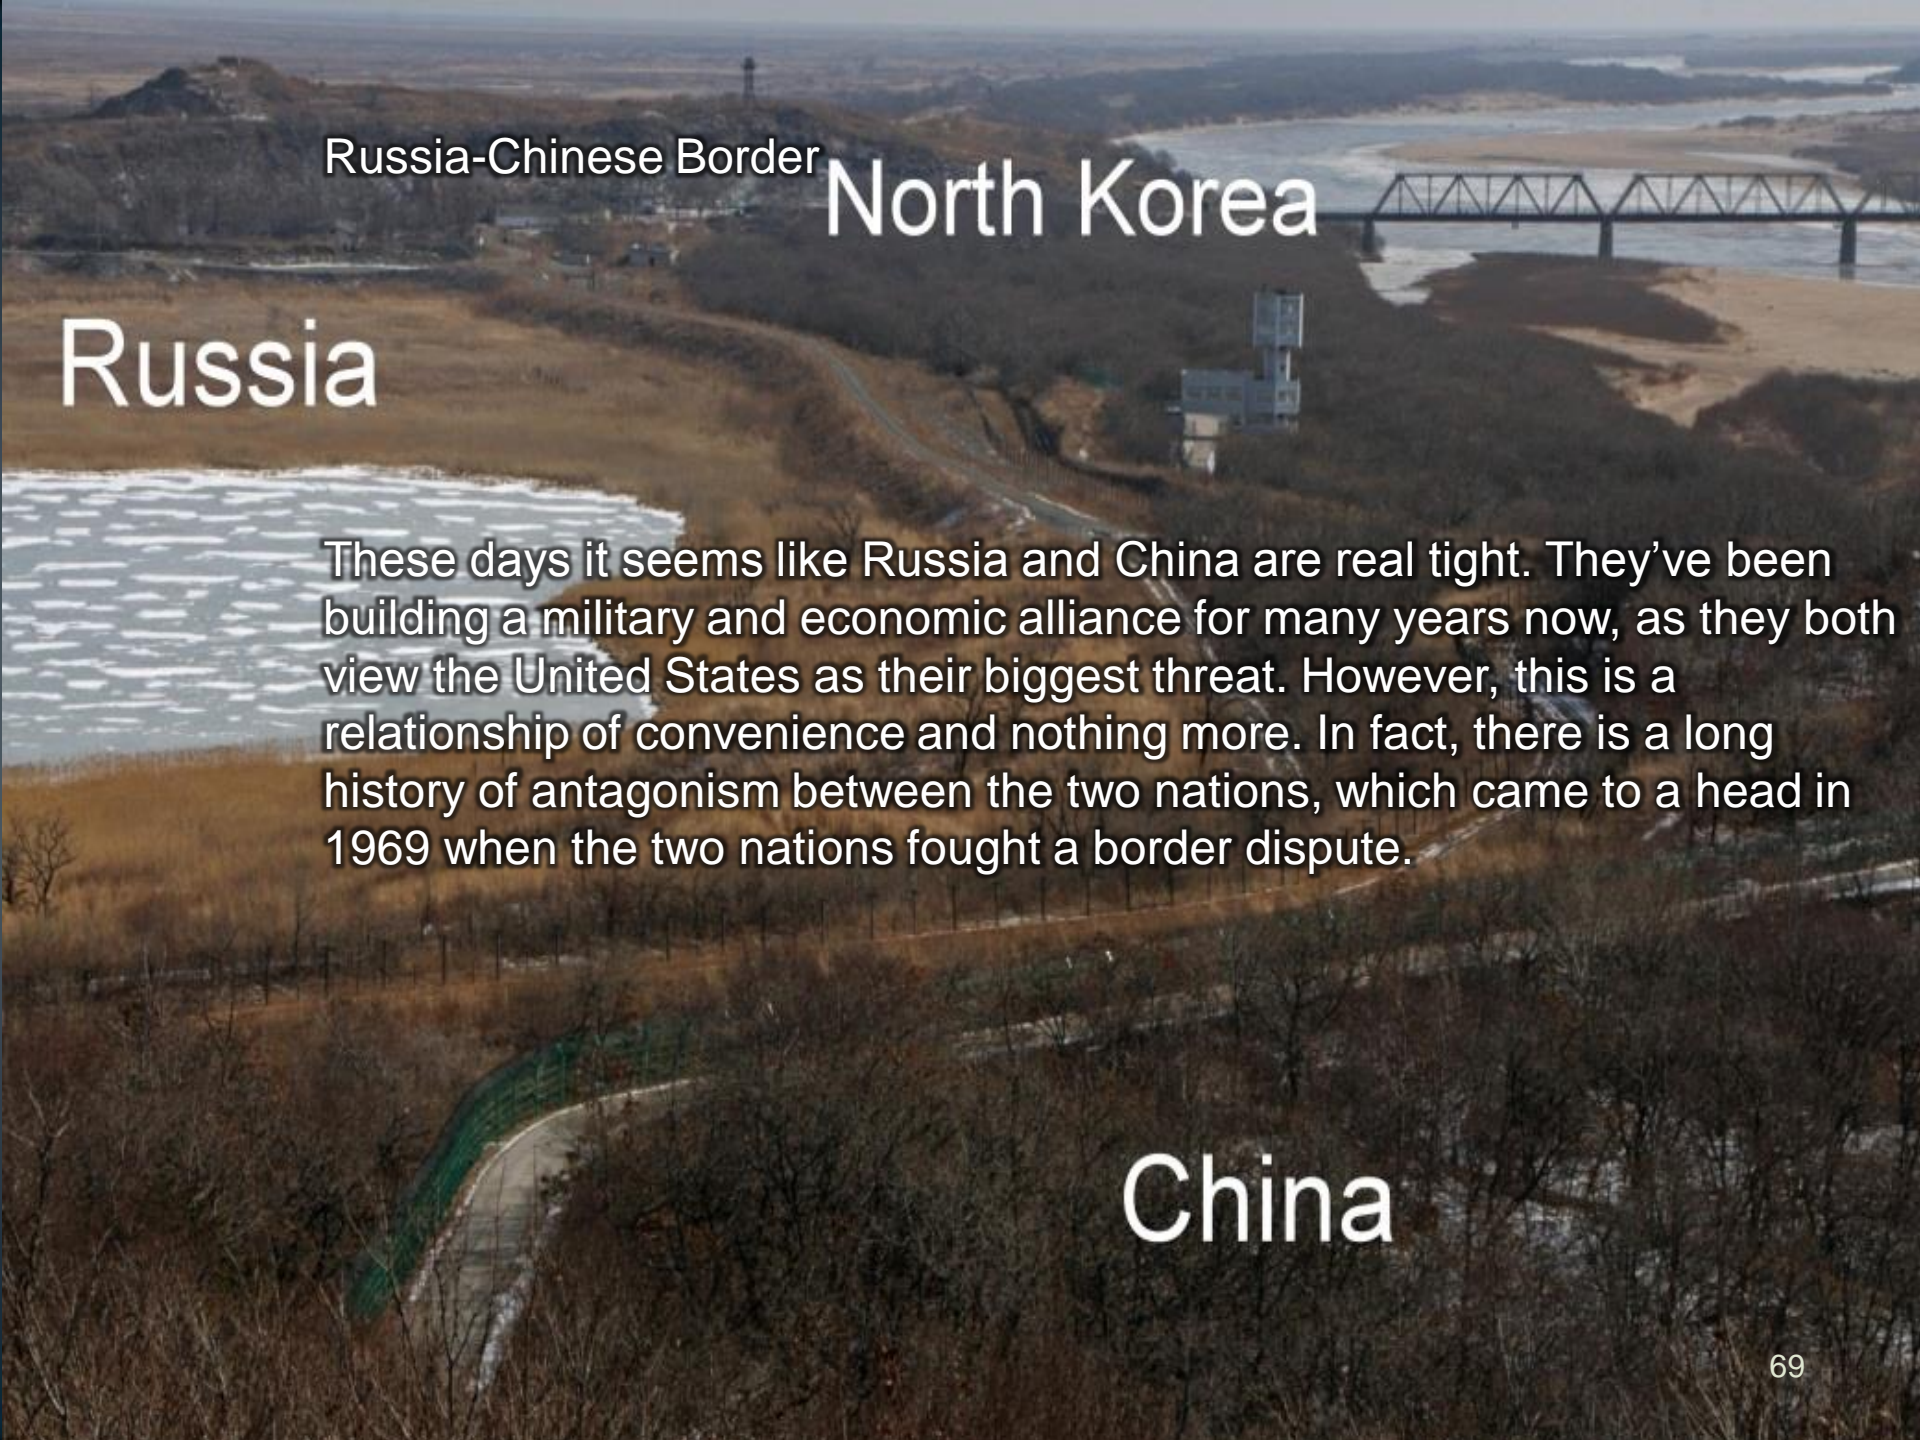

## East China Sea

**The Chinese government claims that this region rightfully belongs to them. Why? Because there's tons of oil there, which mainland China is severely lacking. However, just about every nation on the planet disagrees with their claim, especially their neighbors like Japan, South Korea, and Vietnam, who have fought countless wars against them throughout history. Two of those nations are close allies of the US, and are capable of building nuclear weapons at any time.**

## North Korea

**The only thing propping up the North Korean regime is China, and for good reason. If North Korea ever fell under the influence of the South, then an American ally would be about an eight hour drive away from Beijing. They'll do everything in their power to keep American forces away from their borders. Unfortunately, North Korea is run by the most insane and antagonistic governments on the planet. Any small conflict here could quickly escalate into a global conflagration.**

An aerial photograph of a border region. In the upper right, a large steel truss bridge spans a wide river. To the left of the bridge, a small structure resembling a watchtower or observation post sits on a hillside. The landscape is a mix of brown, dry vegetation and patches of snow. The sky is overcast.

Russia

These days it seems like Russia and China are real tight. They've been building a military and economic alliance for many years now, as they both view the United States as their biggest threat. However, this is a relationship of convenience and nothing more. In fact, there is a long history of antagonism between the two nations, which came to a head in 1969 when the two nations fought a border dispute.

## India-Chinese Border

India and China are natural rivals. They're both large, post-colonial nations with over a billion people, and they're both trying to leverage their massive impoverished populations to build their economies. Essentially, they're both vying for the same niche in the global economy; that of a nation with an endless supply of cheap labor. However, there's only room for one at that table.

Kashmir

Most people don't talk or even think about Kashmir anymore, but they should. This region is quiet now, but it's at the center of the single most dangerous border dispute in the world. India and Pakistan fought a war over this territory in 1999, but China has also laid claim to parts of Kashmir. So you have three nuclear armed nations with nearly 3 billion people all vying for this single chunk of land. That should end well right?

Turkish President Recep Erdogan has deployed 7,000 armed police and heavy vehicles to the Incirlik Air Base in Turkey. The base is a NATO asset and reportedly houses between 50 and 90 B-61 variable yield thermonuclear weapons. The base is the largest nuclear weapons storage site in Europe with some 25 underground vaults.

# UN Ordered Depopulation of 3 Billion People by Food Malnutrition Has Started

A person stands in the distance on a vast, cracked, and dry field. The ground is parched and split into large, irregular polygons. A few small green plants are scattered across the field. In the background, there are low mountains under a cloudy sky. The overall scene conveys a sense of desolation and environmental hardship.

Classified UN documents reveal that 1 billion people will be killed by starvation as UN trade agreements and WHO health moratoriums will forbid any country from selling and exporting any food to targeted regions for depopulation. Starvation of 3 billion people has already begun as the United States has been using its weapon of mass destruction called HAARP to control, alter and intensify the weather of the targeted nations. This past summer HAARP was used to create a heat wave in Russia, resulting in the near complete destruction of its crops. Also this past summer the US used HAARP to cause the massive flooding in China and Pakistan – an attempt to wipe out the crops of China and Pakistan resulting in the mass starvation of their populations. 2 billion more will be murdered by diseases and illnesses associated with malnutrition from crop destruction, pasteurization and irradiation.

The organization that is responsible for preparing for the murder of 3 billion people is called the Codex Alimentarius Commission. It was established in 1963 by the World Health Organization and the Food and Agriculture Organization of the United Nations. Their officially stated purpose is to develop international food standards to protect consumer health and to facilitate fair trading practices in foods. Today, there are 181 member governments including Canada. CI agents have uncovered the real purpose of this WHO / UN organization – to murder 3 billion people.

It was Henry Kissinger, who in 1974 conceived the idea of the food genocide to control world population – less people to consume world resources – more for the rich nations (elites) to exploit the sources of the world to satisfy their greed. On December 10, 1974 the US National Security Council under Henry Kissinger prepared a classified study 'National Security Study Memorandum 200 (Full text of NSSM 200 (governmental source – pdf file)) – which falsely claimed that the worldwide population growth poses a great threat to US national security interests.

## **5 Reasons California's Drought May be Caused By US Military's HAARP**

<http://www.dcclothesline.com/2016/08/11/5-reasons-californias-drought-may-be-caused-by-us-militarys-haarp/>

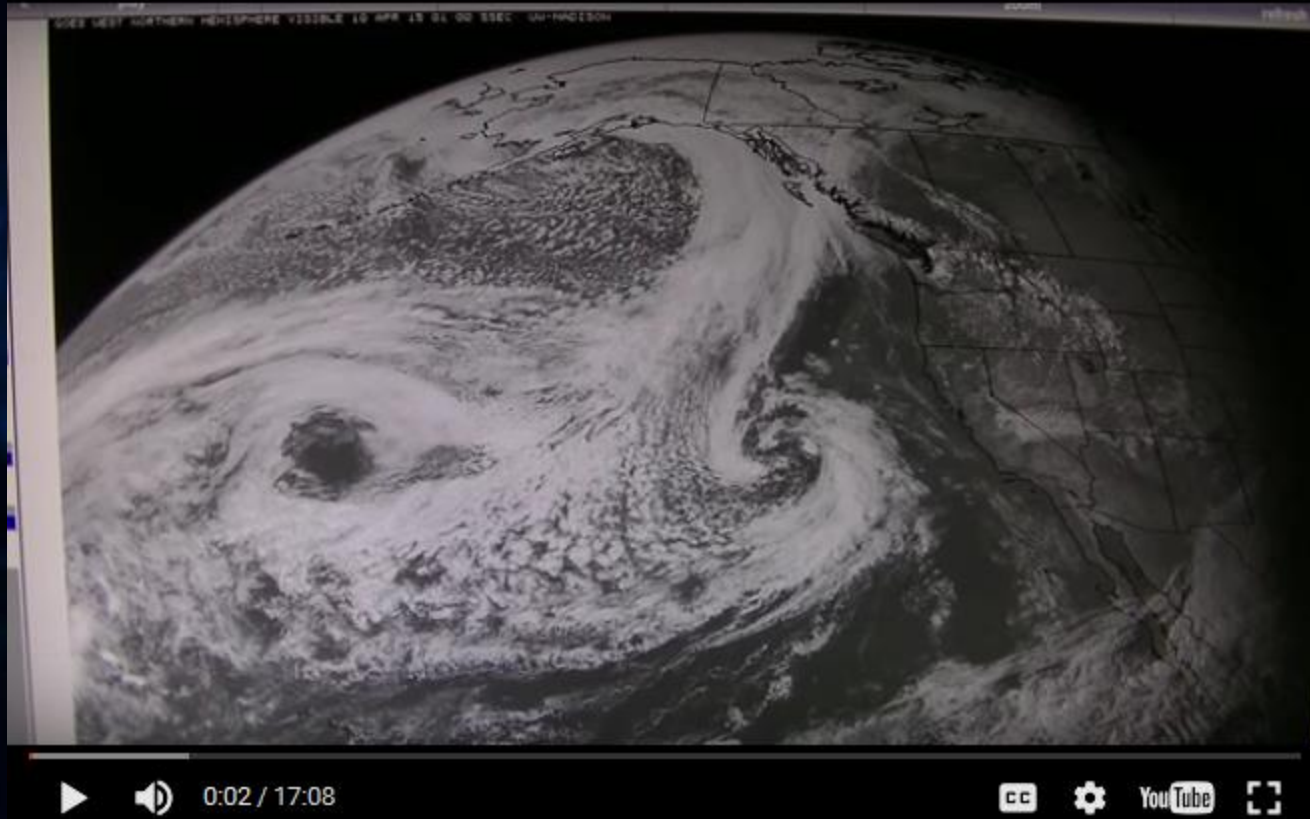

HAARP is a large 180 antennae grid across the world that projects powerful electromagnetic pulses to heat a specific point in the earth's ionosphere. This has the effect of creating electromagnetic frequencies that can be bounced back to earth at desired locations, causing major disruption to weather and geophysical elements, even deep underground. Up to 3.6 billion watts can be generated by HAARP, heating the ionosphere to over 50,000 degrees and "lifting a 30 square kilometre area of the ionosphere, thereby changing localized pressure systems or even altering the route of jet streams."

It can create any weather phenomena in almost any part of the world when desired. That includes long periods of drought, torrential rains, flooding, snow storms, ice storms, prolonged warming, prolonged cooling, tornadoes, and many other types of weather patterns.

The frequencies generated can also tap into the brain frequencies of every living thing, distorting the natural rhythms of which can influence specific areas of the brain.

HAARP can exercise a form of complete “weather control”, a situation bearing a marked similarity to the Monsanto corporation’s stated ambition “to control the food chain.” It is noteworthy that there are currently more than 500 ‘climate ready’ genetically modified plant gene patents awaiting licensing approvals in Washington and Brussels. ‘Climate Ready’ GM seeds and plants are promised by their creators to be capable of producing a crop under both flood and drought conditions.

California Drought Update, April 19, 2015, FIVE PROOFS of HAARP Create... 

<https://www.youtube.com/watch?v=V7iBUkshzHE>

- 1) Low pressure areas out in the Pacific Ocean that would normally move in a counterclockwise direction have been detected moving in **an anomalous clockwise direction**. *The HAARP Report*, highlighting exclusive imagery captured on April 10, 2015, shows a “burst” of clockwise, high pressure cloud movement that would never occur naturally, and that clearly suggests weather manipulation activity meant to break up cloud formation and prevent precipitation.
- 2) After breaking up the areas of low pressure that would have produced rain for California, HAARP’s weather weaponry and associated chemtrails generate areas of very dry air that, under normal circumstances, would be humid. Satellite imagery captured in the days following April 10 show this dry air **sitting stagnant rather than rotating**, breaking up the potential formation of thunderstorms.

3) As it turns out, HAARP's weather manipulation machines can only operate when the D layer in the ionosphere has formed, which occurs after the sun has been up for three or four hours and ends in the evening. In the video, *The HAARP Report* shows how a storm that starts to pop up during this window of time is literally **pushed to the right and destroyed**. Dry air is pressed down, and once again the center is not moving in a counterclockwise direction as it should.

4) Looking again at a massive area of dry air brought about by HAARP and chemtrails, the report points out how satellite imagery of a ring of rising air and a central column of falling air captured at 10 a.m. in California on April 9 proves that a **HAARP downburst sent high pressure descending air into the jet stream**, once again preventing rain.

5) As this air descends, it just keeps getting bigger and bigger in the satellite imagery. And as it begins to reform, another HAARP downburst is observed on the north side of the front, with a signature clockwise flow around a high pressure area as it's sent downward. Put simply, the developing storm was basically broken up by HAARP, where it later reformed around Mexico and sent rain over New Mexico and Texas rather than California.

Isa 34:3-5 And their slain shall be cast and scattered out; as for their corpses and lifeless idols, their stench shall go up as a sacrifice. And the mountains shall melt away and dissolve with their blood, and all the heavenly bodies, stars, the sun and the moon of heaven shall rot and decay and melt away. And the skies shall roll up like a scroll or book, and all their warriors shall wither and crumble away like the crumbling away of a leaf from a vine, or like the decaying of a fig tree. When My sword is drenched and satisfied in the heavens, look and behold! It will descend and rain down upon Edom, and upon the people devoted to destruction, for judgement and My decision.

As this new story from Brandon Turbeville at Activist Post tells us, the GMO'd mosquitoes that have caused the Zika virus scare in Brazil (and now America!) are the same as the genetically modified mosquitoes released off of the coast of Florida...the same company was involved in the release of these gmo'd mosquitoes in both places.

The map seen on the left side shows the location in Brazil that genetically modified mosquitoes were released into the wild back in 2012 by a company called Oxitec. The map seen on the right shows the locations in Brazil where Zika virus cases were recorded in 2015. If it appears that there is great similarity between the two, we haven't seen anything yet.

# Deadly, Genetically Engineered Mosquitoes Have Been Released Into The Wild

In a story on ANP back in January of 2016, we asked if a 'Zika virus bioweapon' had been unleashed upon America and the world. We told you then that Zika virus was first discovered back in 1947 by scientists at the Yellow Fever Research Institute, a company founded by the Rockefeller Foundation. We also told you then about the ties between the Rockefeller Foundation and the Nazi German 'eugenics program' and Dr. Josef Mengele. We know for a fact that the govt has conducted at least 239 'secret' bioweapons experiments upon the American people.

Notice the very interesting spread of the Zika virus from when it was first discovered nearly 70 years ago until now. Why the slow progression at first of the disease? Were they perfecting the alleged 'antidote'? The fact that the genetically modified mosquitoes were present in both the Brazil outbreak in 2015 and the outbreak now here in the US in 2016 should give us more than just a hint.

Enoch 104:6-8 And now fear not, you righteous, when you see the sinners growing strong and prospering in their ways; do not be their companions, but keep away from their violence. For you shall become companions of the hosts of heaven. And, although you sinners say: “all our sins shall not be found out and be written down,” nevertheless they shall write down all your sins every day. And now I show to you that light and darkness, day and night, see all your sins.
