PART 5A

Proverbs 30:4

Who hath ascended up into heaven, or descended? Who has gathered the wind in His fists? Who has bound the waters in a garment? Who has established all the ends of the earth? What *is His name*, and what *is His son's name*, if you can tell?

There is no excuse for not knowing His name.

In Part 5 we will be looking at the accusation that the four letters of Of Yah's name are used by the Kabbala and Freemasons so it must be evil and we need to go back to the pagan labels of God and Lord. Also we well be looking at the KJV and see its history and hypocrisy of saying it is "the inerrant as word of god" and "English is the only language spoken in heaven"!

We will pickup in the PDF on page 3

You Will Know Evil By The Fruit It Produces

Just as we saw with idol worship, what shatan loves to do is desecrate anything Yahuah holds near and dear or Qodesh-Set apart-Sacred (I don't like using the term sacred. One day I will explain why, in another presentation). Shatan wants to be the most high. He is going to use and profane Yahuah's name anyway he can. This should not be a shocking revelation, as we see that this first started right after Enosh was born in 3500BC. But I do find it interesting that shatan cannot call on Yahuah's name nor do the Kabbalists. They augment it. Freemasons use a combo of Baalum-Jah (which is *not* Yah) and OG. They do not say Yahuah or even Yahweh.

They say BaJaOd. Kabbalists go into an elaborate 52 name dissertation, which is nothing more than a perversion of Yahuah's characteristics, but this does please their "god", lucifer. Everything Yahuah has made has been corrupted and counterfeited on some level. Are we to just let shatan have his way? Again I say no! For my life, I will do my part to help restore Yahuah's name to the proper praise and grandeur it deserves! The Name above all Names. The Name He gave His Son, which by Him, my sin debt was paid in full and I am saved from the eternal pit of hell that I deserve.

Now the argument is, that since these evil cults use derivatives of Yahuah's name, or Hebrew letters, we should not fight to reclaim it but back away because His Name has somehow become evil. Even though אֱלֹהִים established His name during the Creation week, their belief is, that shatan has more power to corrupt אֱלֹהִים's name than אֱלֹהִים does to preserve it. This is blasphemous thinking!

Jer 32:17 Ah^{H162} Almighty^{H136} אֱלֹהִים!^{H3069} behold,^{H2009} You^{H859} have made^{H6213} As a strong covenant mark אֵל (H853) the heaven^{H8064} and the earth^{H776} by Your great^{H1419} power^{H3581} and stretched out^{H5186} arm,^{H2220} and there is nothing^{H3808 H3605 H1697} too hard^{H6381} for^{H4480} You:

Jer 32:18 You show^{H6213} lovingkindness^{H2617} to thousands,^{H505} and recompense^{H7999} the iniquity^{H5771} of the fathers^{H1} into^{H413} the bosom^{H2436} of their children^{H1121} after^{H310} them: the Great,^{H1419} the Mighty^{H1368} Almighty,^{H410} אֱלֹהִים^{H3068} of hosts,^{H6635} is His name,^{H8034}

Jer 32:19 Great^{H1419} in counsel,^{H6098} and mighty^{H7227} in work:^{H5950} for^{H834} Your eyes^{H5869} are open^{H6491} upon^{H5921} all^{H3605} the ways^{H1870} of the sons^{H1121} of men:^{H120} to give^{H5414} every one^{H376} according to his ways,^{H1870} and according to the fruit^{H6529} of his doings:^{H4611}

Jer 32:27 Behold,^{H2009} I^{H589} am אֱלֹהִים,^{H3068} the Eternal Almighty^{H430} of all^{H3605} flesh:^{H1320} is there any^{H3605} thing^{H1697} too hard^{H6381} for^{H4480} Me?

Most truth seeking Christians believe that the Catholic Church is leading people to hell with their teachings. Idol worship, vicars, popes, fathers, child molesters, Mary worship etc. But wait! Don't the Christians and the Catholics have the same "Jesus" on the cross? Don't they both pray to the same "GOD"? Isn't 'the lord' for both Catholics and Christians the one and only "Jesus"? So in the same rationale that is given to those that praise the name of Yahuah, Christians would need to give up "Jesus" and "God" because this Catholic Satanic Cult is using the same names of their Savior and title for His Father. They even have the same "Holy Spirit"!

In all honesty they should give up these names because they are pagan and satanic. The difference is Kabbalah and Freemasonry don't use Yah's name. They use "Jehovah"-another made up name for Yahuah that is pagan. They also use Elohim. I have made my case against this title and will do more study in the future, but you will see from this study, that Elohim is pagan and is not a title we should use for Yahuah.

Once you know something is wrong you must be prepared to walk away and fast!

Christians can see Catholics are preaching another Gospel. I will say here that if the Christian looked a little deeper as we will in Part 11 and 13, and as we have already seen, they will learn that they are still connected to the Catholic Cult, by the use of the names and other manmade traditions as Christmas and Easter and those who celebrate Halloween. If you have awoken to these abominations, (Yahuah says He detests this behavior, so don't fool yourself into thinking you are honoring Him in any way!) AWESOME, there are more of these traditions to shake off. Just as you had to come to grips with these holidays, you will need to come to grips that you have been taught *not* to call on the One True Almighty of the Scriptures.

I hear a lot about the KJV being the only version we should use. That somehow English is now Yahuah's chosen language. Where is the Scripture for that? No one has a pure language (not even Hebrew or Aramaic) anymore and clearly in Zephaniah 3:9, Yahuah, after all the evil is done with, will restore to us a pure language for the expressed reason that we will be able to pronounce His name correctly. However, Hebrew is what He started with and is the only language that conveys in its grammar the very essence of Yahuah.

Zep 3:9 For^{H3588} then^{H227} will I turn^{H2015} to^{H413} the people^{H5971} a pure^{H1305} language,^{H8193}
that they may all^{H3605} call^{H7121} upon the name^{H8034} of אֲדֹנָי,^{H3068} to serve^{H5647} Him
with one^{H259} consent.^{H7926}

There are some troubling aspects of the KJV that the KJV Only folks refuse to acknowledge. They will acknowledge that Freemasonry and Kabbalah is evil but they refuse to see that the KJV comes from Freemasonry roots! The coal train comes again past the kettle and is pretty hypocritical. I will go into great detail of proof in this section.

Kabbalah (every which way you would like to spell it) is as old as the fall of the sons of אַחֵזֶר. It is the base knowledge they taught men to do. Magic spells, numbers, math, the arts, medicine, building, metal works etc. It is the religion that was spawned through Babylon and morphed into theosophy, freemasonry, every occult mystery religion and infiltrated the Christian churches. The deceit is rampant. Its influences are still extremely strong today, as we shall see in this presentation.

Rev 12:9 And^{G2532} the^{G3588} great^{G3173} dragon^{G1404} was cast out,^{G906} that old^{G744} serpent,^{G3789} called^{G2564} the Devil,^{G1228} and^{G2532} Satan,^{G4567} which deceives^{G4105} the^{G3588} whole^{G3650} world:^{G3625} he was cast out^{G906} into^{G1519} the^{G3588} earth,^{G1093} and^{G2532} his^{G848} angels^{G32} were cast out^{G906} with^{G3326} him.^{G846}

In fact in Enoch it spells out exactly which fallen angel was responsible for each.

CHAPTER VIII.

1. And Azâzêl taught men to make swords, and knives, and shields, and breastplates, and made known to them the metals (of the earth) and the art of working them, and bracelets, and ornaments, and the use of antimony, and the beautifying of the eyelids, and all kinds of costly stones, and all colouring tinctures. 2. And there arose much godlessness, and they committed fornication, and they were led astray, and became corrupt in all their ways. Semjâzâ taught enchantments, and root-cuttings, Armârôs the resolving of enchantments, Barâqîjâl, (taught) astrology, Kôkabêl the constellations, Ezêqêêl the knowledge of the clouds, (Araqiêl the signs of the earth, Shamsiêl the signs of the sun) , and Sariêl the course of the moon. And as men perished, they cried, and their cry went up to heaven . . .

CHAPTER IX.

6. Thou seest what Azâzêl hath done, who hath taught all unrighteousness on earth and revealed the eternal secrets which were (preserved) in heaven, which men were striving to learn: 7. And Semjâzâ, to whom Thou hast given authority to bear rule over his associates. 8. And they have gone to the daughters of men upon the earth, and have slept with the women, and have defiled themselves, and revealed to them all kinds of sins. 9. And the women have borne giants, and the whole earth has thereby been filled with blood and unrighteousness. 10. And now, behold, the souls of those who have died are crying and making their suit to the gates of heaven, and their lamentations have ascended: and cannot cease because of the lawless deeds which are wrought on the earth. 11. And Thou knowest all things before they come to pass, and Thou seest these things and Thou dost suffer them, and Thou dost not say to us what we are to do to them in regard to these.

CHAPTER X.

1. Then said the Most High, the Set Apart and Great One spoke, and sent Uriel to the son of Lamech, and said to him: 2. ' <Go to Noah> and tell him in my name "Hide thyself!" and reveal to him the end that is approaching: that the whole earth will be destroyed, and a deluge is about to come upon the whole earth, and will destroy all that is on it. 3. And now instruct him that he may escape and his seed may be preserved for all the generations of the world.' 4. And again 𐤀𐤃𐤁𐤏 said to Raphael: 'Bind Azâzêl hand and foot, and cast him into the darkness: and make an opening in the desert, which is in Dûdâêl, and cast him therein.

5. And place upon him rough and jagged rocks, and cover him with darkness, and let him abide there forever, and cover his face that he may not see light. 6. And on the day of the great judgement he shall be cast into the fire. And heal the earth which the angels have corrupted, and proclaim the healing of the earth, that they may heal the plague, and that all the children of men may not perish through all the secret things that the Watchers have disclosed and have taught their sons. 8. And the whole earth has been corrupted through the works that were taught by Azâzêl: to him ascribe all sin.'

9. And to Gabriel said 𐤀𐤃𐤁𐤏: 'Proceed against the bastards and the reprobates, and against the children of fomication: and destroy [the children of fomication and] the children of the Watchers from amongst men [and cause them to go forth]: send them one against the other that they may destroy each other in battle: for length of days shall they not have. 10. And no request that they (*i.e.* their fathers) make of thee shall be granted unto their fathers on their behalf; for they hope to live an eternal life, and that each one of them will live five hundred years.' 11. And 𐤀𐤃𐤁𐤏 said unto Michael: 'Go, bind Semjâzâ and his associates who have united themselves with women so as to have defiled themselves with them in all their uncleanness.

12. And when their sons have slain one another, and they have seen the destruction of their beloved ones, bind them fast for seventy generations in the **valleys** of the earth, till the day of their judgment and of their consummation, till the judgment that is forever and ever is consummated. 13. In those days they shall be led off to the abyss of fire: **<and>** to the torment and the prison in which they shall be confined forever. And whosoever shall be **condemned** and destroyed will from thenceforth be bound together with them to the end of all generations.

|15. And destroy all the spirits of the reprobate and the children of the Watchers, because they have wronged mankind. Destroy all wrong from the face of the earth and let every evil work come to an end: and let the plant of righteousness and truth appear: [and it shall prove a blessing; the works of righteousness and truth] shall be planted in truth and joy for evermore.

Cain's line was especially demon possessed-no question, although demons do not discriminate and are equal opportunity invaders. The fact that the names of some of their children in his line are the same as Seth's line are meant to cause confusion later on. Shatan always makes a counterfeit. It is interesting though don't you think, that we call the ultimate adversary Shatan or Lucifer and yet Yahuah applies all sin to **Azazel!** Something to shama- closely consider.

Gen 4:17 And Cain^{H7014} knew^{H3045} as a strong covenant mark **𐤃𐤍** (H853) his wife;^{H802} and she conceived,^{H2029} and bare^{H3205} as a strong covenant mark **𐤃𐤍** (H853) Enoch:^{H2585} and he builded^{H1961 H1129} a city,^{H5892} and called^{H7121} the name^{H8034} of the city,^{H5892} after the name^{H8034} of his son,^{H1121} Enoch.^{H2585}

Let's take a look at what their names mean:

Cain- The Murderer/Wanderer/Builder of the City Enoch- H7014 Possession H7013 A Spear / Root word H6969 chant or wail or lament

Enoch-- H2585 Dedicated H2596 To train - inaugurate **not the Enoch that went up to meet אַחַז! **

Irad- H5897-Fleet /H6166 a wild ass /unused root meaning sequester itself

Mehujael - H4232-Smitten by god /H4229 to wipe out-blotted out-be exterminated

Methusael-H4967-who is of god/H4962 male- few less emphasis on sex -not of the common gender

Lamech-also a proud murderer/H3929 Powerful-well known for having misused the arms which his sons had invented-from unused root of uncertain meaning

Jabal-Father of all the dwellers of tents with cattle-the introducer of pasturing animals perhaps irrigation -H2989 Stream of water-watercourse-as irrigating Root H2986 to bring, lead, lead away, to bring forth, A river, a flood, a deluge

Jubal-Father of all who were musicians of the harp and organ-H3106 stream same as above to be carried away this time by music- Inventor of Music-Buttman in Mythologus, i. 163 seq 169 says that the name Apollo comes from the same source.

Tubal Cain-Instructor of every artificer in brass and Iron-H8423 "thou will be brought of Cain" H2986 To bring, lead, carry, Conduct, H2981 produce fruit, increase, H7014 Possession H7013 a spear/ Root Chant or wail or lament.

Shatan the father of lies, sin and death and the side of the first family that belongs to him comes from Cain's lineage. Let's take a look at this another way.

Shatan who hates ﷻ, the instigator of sin, lies and death, corrupter of messengers, who wanders the earth and is condemned by ﷻ, corrupts **Cain** the first murderer and he becomes aligned with shatan. Cain is condemned to wander the earth and hates ﷻ. He is shatan's spearhead or weapon of destruction involved with chants as well as creating a city named after his first son to be a learning center. **Enoch** is a grand teacher of the city prepared and dedicated to shatan teaching the ways of the fallen messengers. He has **Iraac**, the wild ass, who sequesters or separates off and forms an elite group dedicated to shatan and the destruction of righteousness. Hmm. Remember Yah also said Ishmael's people would also be wild asses of men? These are the Muslims, and it is said that they would not get along with anyone, coincidence?)

He has **Mehujael**, who shows in his name what would be known as the Canaanite god - EL, showing his allegiance to the dark side, hell bent on extermination of אַיָאז's people in the power of his god EL or shatan. This is all so deliciously ironic that he in fact was exterminated and blotted out from the book of life by אַיָאז. He had **Methusael**, who also proudly displays his allegiance to EL but if you notice he is not of a common gender. He could have been gay or a transgender?? He has **Lamech**, who is a proud murderer and a very arrogant and powerful figure. His children perfect the workings in metals to be used in war and destruction. He has **Jabal**, who now carries the flagrant name of Baal-*the lord* and it is his line that the people were living in tents, raising cattle and may have created the irrigation system. The inference of flooding the land and leading away like a stream, אַיָאז's people.

He is also prophetically named and ironically again, it is his family line that will be carried away to destruction by a deluge and flood! He had a brother, **Jubal** who also carried the name of Baal-lord and he was intent on leading people by way of music. Using music to flood over the people like a piper leading אַיָאז's people to being drowned and destroyed by the trappings of all it would entail or be influenced by. Here we bring this right back full circle to, **Tubal Cain**- who is a master instructor of iron and brass works, building weapons which bring about Cain's purpose of the murder of אַיָאז's people.

He is the spearhead of destruction and becomes the possession of shatan, building his cities and instilling all the knowledge of evil in future generations by their continued worship of not only Tubalcain but shatan as well. Rashi interprets the name to mean "he who spices the craft of Cain". Henry Morris suggests that etymologically, his name is "the progenitor of the name of the Roman God Vulcan". T. C. Mitchell suggests that he "discovered the possibilities of cold forging native copper and meteoric iron." Tubal-cain has even been described as the first chemist. Walter Elwell suggests interest in avenging blood. In The Antiquities of the Jews, Flavius Josephus says that "Tubal exceeded all men in strength, was very expert and famous in martial performances, and invented the art of working brass."

Josephus, Antiquities of the Jews, A.D. 93

And when Cain had travelled over many countries, he, with his wife, built a city, named Nod, which is a place so called, and there he settled his abode; where also he had children. However, he did not accept of his punishment in order to amendment, but to increase his wickedness; for he only aimed to procure everything that was for his own bodily pleasure, though it obliged him to be injurious to his neighbors. He augmented his household substance with much wealth, by rapine and violence; he excited his acquaintance to procure pleasures and spoils of robbery, and became a great leader of men into wicked courses. He also introduced a change in that way of simplicity wherein men lived before; and was the author of measures and weights. And whereas they lived innocently and generously while they knew nothing of such arts, he changed the world into cunning craftiness. He first of all set boundaries about lands; he built a city, and fortified it with walls, and he compelled his family to come together to it; and called that city Enoch, after the name of his eldest son Enoch. Now Jared was the son of Enoch; whose son was Malaleel; whose son was Mathusela; whose son was Lamech; who had seventy-seven children by two wives, Silla and Ada. Of those children by Ada, one was Jabal; he erected tents, and loved the life of a shepherd.

But Jubal, who was born of the same mother with him, exercised himself in music; and invented the psaltery and the harp. But Tubal, one of his children by the other wife, exceeded all men in strength, and was very expert and famous in martial performances. He procured what tended to the pleasures of the body by that method; and first of all invented the art of making brass. Lamech was also the father of a daughter, whose name was Naamah; and because that he knew he was to be punished for Cains's murder of his brother, he made that known to his wives. Nay, even while Adam was alive, it came to pass that the posterity of Cain became exceedingly wicked, every one successively dying one after the other, more wicked than the former. They were intolerable in war, and vehement in robberies; and if any one were slow to murder people, yet was he bold in his profligate behavior, in acting unjustly, and doing injury for gain.

- Josephus, *Antiquities of the Jews*, A.D. 93

Cain's children's line still use the "crafts" today to lead billions astray over the course of time. War, jihad, music, entertainment, sexual deviance, witchcraft, and Pharmacia or the medical profession, science, astrology, philosophy and the media to name a few. We will be looking back to see these roots and also today to see the players, movers and shakers that have signed up to shatan's army.

This website with a Kabbal sign openly says that Cain has the royal line. It's the same lies Madam Blavtasky writes about. You will also see how they twist and try to confuse who the people with the same names are. I will comment on them in red. I thought it important to show you what the enemy is spouting! This is a website from 2009. Current beliefs! I want to take an in-depth look into this so bear with me. As we read through this, you will start to see connections merge from the pagan deities we have already studied to how they are morphing into today's culture. It's the same snake slithering its way through time.

It is important to see that even though Kabbalah and Freemasonry are connected to Cain's line and reference the Tanakh- they are more than happy to slander Yahuah. This is what I want you to notice. You can not serve two masters and the one they serve does not hold any of the teaching of the Torah. My point will be that though some will say Kabbalah and Freemasonry are connected to Yah- It is impossible! The other reason I am having us take a walk through this mud puddle is that shatan always recycles the same demons and gods. I want you to notice how todays' entertainers and elites are pushing the same agenda promoted since the time of Cain, so you can recognize it and stay away from it. It's not harmless. They are robbing our children and those who refuse to pay attention of their eternal future. The person who runs the website also chimes in and I will put his comments in **lite blue**. He is disgusting, so be forewarned.

The Royal Line of Cain

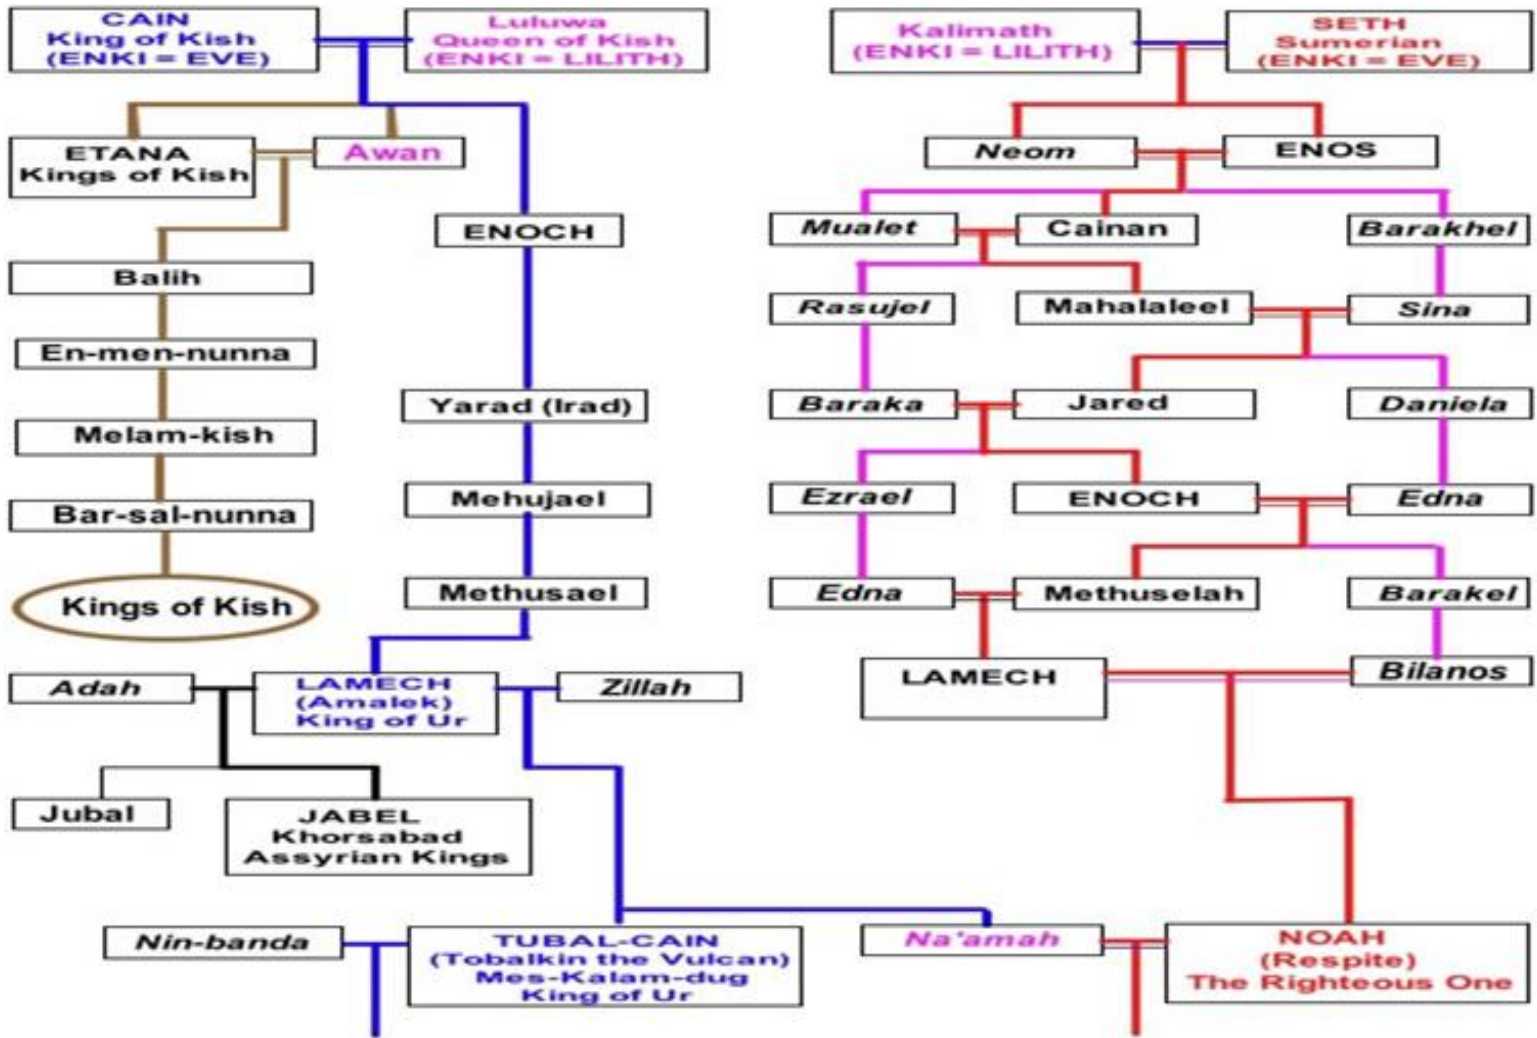

First problem is they think Cain has a royal blood line. You will see how this teaching is coming from a few sources and ends up with a very popular book and movie—The Divinci Code. The Illuminati say there are 13 families of elitists with this royal blood. As we know, if it's not from the line of Daud (David) then it's the line that has been corrupted!

One of the problems of constructing genealogical charts is the proliferation of spreading branches as one progresses into the older generations. In other words, building up a family tree from the bottom up -- often the only way for those without the pedigree that their ancestors constantly wore -- is that each earlier generation will have roughly twice the number of noteworthy characters. For example, one might have only two parents, but one is also likely to have four grandparents, eight great grandparents, and... by this logic... two to the power of the number of generations one is investigating. Obviously, however, two to the power of oh say... 150... is not a number that exists (because of its immense size). It's also a bear for anyone trying to chart the process on a single piece of paper. (Trust me on this one!) In either case, clearly there is something wrong here. The population of the royal folk simply don't amount to 2 to most any higher power.

Simultaneously there is also the problem of spreading roots as one progresses into the younger generations -- same inescapable numbers, albeit in this case, the number of children in any given generation can range from one (else there would be NO descendants) to as many as 18 (yes, there is a specific example coming up) to many, many more (in the case of kings with progeny in the hundreds). Still, even here the numbers can be daunting.

Unless, of course, there are intramarriages rampant among the ancestors... such that instead of having eight great grandparents, one only has five, because several of them married each other. And in fact, the good news for the royalty crowd is that their intense program of intramarriage among sisters, brothers, half-siblings, nieces, grandchildren, uncles and aunts, pets, and so forth... keeps the ancestral crowd at the top enormously more manageable (and chartable upon tables... such as **Figure 1** below... particularly the line from Kalimath and Seth -- Men are in **bold**, women in **bold italic**).

WHERE IS ADAM???

That's one problem solved. **Still, with royal succession being so important**, we often encounter the second problem of genealogical construction: that of having to occasionally follow more than one line of descent. There is, in effect, more than one way to beget a future generation of kings and queens. **The first example of this is the need to trace the different lines of Cain and his half-brother, Seth.**

Seth is not Cain's half-brother! They both had Adam and Chauah (Eve) as their mother. Satanists teach that that Adam had another wife, Lilith. We will get to that a little further down and how it has permeated our culture today.

For the moment, we will follow the **Cain line of descent** (as is protocol for the *senior* line of royal descent). Seth, we will endeavor to follow, a bit later. Figure 1 shows both... In rough parallel. One might also note that Figure 1 is comparatively simple... being without multiple crossovers and marriages between lines. **See, I told you they love to brag!**

Generation No. 8

1. **Enoch** (Henokh) [8] **Cain** (=Luluwa-Lilith) [7] **Enki and Eve** [6] Enki and Nin-khursag [5] Anu and Antu (OR Anu and Ki) [4] Anshar and Kishar [3] Lahmu and Lahamu [2] Tiamat and Absu [1] This Enki is a made up deity that we will explore so right from the start they base this "truth" on mythical gods! There is no way Eve or Chawah had relations with this "It". In the Forgotten Books of Adam & Eve, Luluwa was Abel's twin sister, who he married

Note: The above description of Enoch's heritage is standard genealogical practice when attempting to trace the route from one specific individual to another one. But in those cases where there are numerous individuals of note in the intervening generations, it is sometimes profitable to recognize alternative lines of descent. In Enoch's case, for example, there is the following, alternate route from Tiamat to Enoch, with other notable descendants being highlighted:

According to later Assyrian and Babylonian myth, the Anunnaki were the children of Anu and Ki, brother and sister gods, themselves the children of Anshar and Kishar (Skypivot and Earthpivot, the Celestial poles), who in turn were the children of Lahamu and Lahmu ("the muddy ones"), names given to the gatekeepers of the Abzu (House of Far Waters) temple at Eridu, the site at which the creation was thought to have occurred. Finally, Lahamu and Lahmu were the children of Tiamat (Goddess of the Ocean) and Abzu (God of Fresh Water).

Enoch (Henokh) [10] *Luluwa-Lilith* (=Cain) [9] Enki and Lilith [8] Nergal and Ereshkigal [7] Nanna [6] Enlil [5] Anu and Ki [4] Anshar and Kishar [3] Lahmu and Lahamu [2] Tiamat and Absu [1]

Here we have mythical gods as parents! Tiamat is a Babylonian creation, so the timing is also off, this was more in Nimrod's time, after the flood.

Obviously, Enki shows up in both of the variations... not only by virtue of his being prominent in each of the two royal lines, but also by his being one of the last two Anunnaki to impart his genetic heritage to the *Homo sapiens* who follow him (at least for the moment). The other Anunnaki is Lilith, who contributes to Luluwa's/Enoch's and Seth's/Enos' line). A curious feature of this fact is that Enki and Lilith are easily the most notorious of the Anunnaki in terms of being sexually prolific, independent, and authority questioners at the drop of a crown. One might wonder if these are the genetic characteristics that their descendants relish and enjoy on a daily basis.

So now not only is Lilith, Cain's wife's mom, I guess she also somehow was on Seth's side? There is no Scripture of any of this, but hey, since when did truth get in shatan's way? One thing is correct Cain's side is degenerate and rebellious! Sure Enki can show up in any line he wants! He is a made up cartoon character. The above is laughable if it were not so sad. Who were the Anunnaki supposed to be? You will be surprised to know they are making a huge comeback in today's world. Please bear with us, as we cannot leave any stone unturned.

Anunnaki

<http://en.wikipedia.org/wiki/Anunnaki>

If they are from the Mesopotamian culture, which was post flood, how can they be REAL PREFLOOD DEITIES? Ah the life of a cartoon in Bizzaro world.

The **Anunnaki** (also transcribed as: **Anunna**, **Anunnaku**, **Ananaki** and other variations) are a group of deities in ancient **Mesopotamian** cultures (i.e. **Sumerian**, **Akkadian**, **Assyrian**, and **Babylonian**). The name is variously written "*d*-a-nuna", "*d*-a-nuna-ke4-ne", or "*d*-a-nun-na", meaning something to the effect of "**those of royal blood**" or "**princely offspring**". A widespread late but probably false etymology is that the name derived from the union of heaven (**Anu**) with the earth (**Ki**). Their relation to the group of gods known as the **Igigi** is unclear – at times the names are used synonymously but in the **Atra-Hasis flood myth** the Igigi are the sixth generation of the Gods who have to work for the Anunnaki, rebelling after 40 days and replaced by the creation of humans.

Jeremy Black and **Anthony Green** offer a slightly different perspective on the **Igigi** and the Anunnaki, writing that "Igigu or Igigi is a term introduced in the Old Babylonian Period as a name for the (ten) "great gods". While it sometimes kept that sense in later periods, from Middle Assyrian and **Babylonian times** on it is generally used to refer to the gods of heaven collectively, just as the term Anunnakku (Anuna) was later used to refer to the gods of the underworld. In the **Epic of Creation**, it is said that there are 300 Igigu of heaven."

Interesting! We will see they are obsessed with this notion of the blood line.

The Anunnaki appear in the Babylonian creation myth, *Enuma Elish*. In the late version magnifying

Pictures of Marduk.
Marduk defeated

after the creation of mankind, Marduk divides the Anunnaki and assigns them to their proper stations, three hundred in heaven, three hundred on the earth. In gratitude, the Anunnaki, the "Great Gods", built Esagila, the splendid: "They raised high the head of Esagila equaling Apsu. Having built a stage-tower as high as Apsu, they set up in it an abode for Marduk, Enlil, Ea." Then they built their own shrines.

The **Annunaki** are mentioned in The Epic of Gilgamesh when Utnapishtim tells the story of the flood. The seven judges of hell are called the **Annunaki**, and they set the land aflame as the storm is approaching.

According to later Assyrian and Babylonian myth, the **Anunnaki** were the children of Anu and Ki, brother and sister gods, themselves the children of Anshar and Kishar (Skypivot and Earthpivot, the Celestial poles), who in turn were the children of Lahamu and Lahmu ("the muddy ones"), names given to the gatekeepers of the Abzu (House of Far Waters) temple at Eridu, the site at which the creation was thought to have occurred. Finally, Lahamu and Lahmu were the children of Tiamat (Goddess of the Ocean) and Abzu (God of Fresh Water).

Looks like
Nimrod doesn't
he?

<http://en.wikipedia.org/wiki/Enki>

Enki (/ˈɛŋki/; **Sumerian**: 𒂗EN.KI(G)𒀭𒀭) is a god in **Sumerian mythology**, later known as **Ea** in **Akkadian** and **Babylonian mythology**. He was originally patron god of the city of **Eridu**, but later the influence of his cult spread throughout **Mesopotamia** and to the **Canaanites**, **Hittites** and **Hurrians**. He was the deity of **crafts (gašam)**; **mischief**; **water**, **seawater**, **lakewater** (*a, aba, ab*), **intelligence** (*gestú*, literally "ear") and **creation** (*Nudimmud: nu, likeness, dim mud, make bear*). He was associated with the southern band of constellations called *stars of Ea*, but also with the constellation **AŠ-İKU**, the **Field (Square of Pegasus)**. Beginning around the second millennium BCE, he was sometimes referred to in writing by the numeric ideogram for "40," occasionally referred to as his "sacred number." The planet **Mercury**, associated with Babylonian **Nabu** (the son of **Marduk**) was in **Sumerian times**, identified with **Enki**.

Remember when we went through all the 'gods' of Cain's family? The religion of Kabbalah is actively passing it on to the next generations.

The exact meaning of his name is uncertain: the common translation is "**Lord of the Earth**": the Sumerian *en* is translated as a title equivalent to "**lord**"; it was originally a title given to the High Priest; *ki* means "earth"; but there are theories that *ki* in this name has another origin, possibly *kig* of unknown meaning, or *kur* meaning "mound". The name Ea is allegedly Hurrian in origin while others claim that it is possibly of Semitic origin and may be a derivation from the West-Semitic root *hyy meaning "life" in this case used for "spring", "running water." In Sumerian E-A means "the house of water", and it has been suggested that this was originally the name for the shrine to the god at Eridu.

Actually from the Babylonian Version of the Epic of Gilgamesh is as follows:

The variation in the writing of the name Enkidu is likewise interesting. It is evident that the form in the old Babylonian version with the sign *dū* (i. e., *dúg*) is the original, for it furnishes us with a suitable etymology "Enki is good." The writing with *dúg*, pronounced *dū*, also shows that the sign *dú* as the third element in the form which the name has in the Assyrian version is to be read *dú*, and that former readings like Ea-bani must be definitely abandoned.⁴¹

Additionally in this version Enki is a man like Gilgamesh and it is Enki who tries to dissuade Gilgamesh from battling Huwawa. It is also thought that Gilgamesh is Enki's younger brother as well as them being the same man, but like all false deities, they do start out as men. So far we have seen him called "Lord, Lord of the earth and Good". Didn't Yahusha say no one is good but Yahuah? It's obvious that shatan wants to co-op as many titles and themes as possible that people might associate with the true Almighty.

Attributes

Sounds like Nimrod's tower of babble?

The main temple to Enki is called *E-abzu*, meaning "abzu temple" (also *E-en-gur-a*, meaning "house of the subterranean waters"), a **ziggurat temple** surrounded by Euphratean marshlands near the ancient Persian Gulf coastline at Eridu. He was the keeper of the divine powers called *Me*, the gifts of civilization. **His image is a double-helix snake**, or the Caduceus, very similar to the Rod of Asclepius used to symbolize medicine. He is often shown with the horned crown of divinity dressed in the skin of a carp.

Hmm, we saw before how this medical symbol came about.. here is a popular TV show being pretty obvious. Nothing new under the sun!

Has anything good ever been associated with a snake? People trust their lives to this symbol! Right out in the open.

Did you know this?

Hippocratic Oath

The **Hippocratic Oath** is an oath historically taken by physicians and other healthcare professionals swearing to practice medicine honestly. It is widely believed to have been written either by Hippocrates, often regarded as the father of western medicine, or by one of his students. The oath is written in Ionic Greek (late 5th century BC), and is usually included in the Hippocratic Corpus. The Hippocratic Oath (*orkos*) is one of the most widely known of Greek medical texts. **It requires a new physician to swear upon a number of healing gods** that he will uphold a number of professional ethical standards.

English translation, version 1

Apollo Physician and Asclepius and Hygieia and Panacea and all the gods and goddesses, making them my witnesses, that I will fulfill according to my ability and judgment this oath and this covenant:

English translation, version 2

I swear by **Apollo, the healer, Asclepius, Hygieia, and Panacea,** and I take to witness all the gods, all the goddesses, to keep according to my ability and my judgment, the following Oath and agreement:

While most medical schools today use a 'modern' oath without swearing to the Greek gods and goddess some still do. Just food for thought.

Enki is often shown with the horned crown of divinity dressed in the skin of a carp.

Considered the master shaper of the world, **god of wisdom and of all magic**, Enki was characterized as the lord of the **Abzu** (Apsu in Akkadian), the **freshwater sea** or **groundwater** located within the earth. In the later Babylonian epic *Enûma Eliš*, Abzu, the "begetter of the gods", is inert and sleepy but **finds his peace disturbed by the younger gods, so sets out to destroy them**. His **grandson Enki**, chosen to represent the younger gods, **puts a spell on Abzu** "casting him into a deep sleep", thereby confining him deep underground. Enki subsequently sets up his home "*in the depths of the Abzu*." Enki thus takes on all of the functions of the Abzu, including his fertilising powers as lord of the waters **and lord of semen**.

Yikes! now he is the lord of semen, magic, the fresh water sea and wisdom? Well that makes perfect sense! Wherever shatan is, there is sex, drugs and debauchery, ritual killing of the enlighten ones. Such a busy boy! |

Early royal inscriptions from the **third millennium BCE** mention "the reeds of Enki". **Reeds** were an important local building material, used for baskets and containers, and collected outside the city walls, where the dead or sick were often carried. This links Enki to the *Kur* or **underworld** of **Sumerian mythology**. In another even older tradition, **Nammu**, the **goddess of the primeval creative matter and the mother-goddess** portrayed as having "*given birth to the great gods*," was the **mother of Enki**, and as the **watery creative force**, was said to **preexist Ea-Enki**. Benito states "With Enki it is an interesting change of gender symbolism, the fertilising agent is also water, Sumerian "*a*" or "*Ab*" which also means "**semen**". In one evocative passage in a Sumerian hymn, Enki stands at the empty riverbeds and fills them with his 'water'". This may be a reference to Enki's **hieros gamos** or sacred marriage with **Ki/Ninhursag** (the Earth) .

His symbols included a goat and a fish, which later combined into a single beast, the goat Capricorn, recognised as the Zodiacal constellation Capricornus. He was accompanied by an attendant Isimud. He was also associated with the planet Mercury in the Sumerian astrological system. Now he has morphed from a snake into a goat and fish and the symbols capricorn and mercury. I venture to say he was also Dagon. Unlike Yah, these 'gods' continue to change shapes and names. Yahuah never changes. This is why He told us not to make idols of anything above or below the earth or of creatures! So we could spot what is NOT of Him!

EEEEK!!!

What comes next on pages 23-4 is so vile we can not even repeat it in mixed company, but will keep it in the PDF with our comments so you can get a good idea of just how disturbing this "religion and philosophy" is and how it has morphed into our society. We are shocked today of the stories of pedophilia, cannibalism, incest, shapeshifting but it's the religion of Shatan.

Their story of creation is repulsive and in no way can be confused with Yahuah's beautiful workmanship. We will pickup this hot mess back up with their creation story of sorts. All this is to show origins of insanity and recognize it's many forms today.

Enki and the Making of Man

After six generations of Gods, in the Babylonian "*Enuma Elish*", **in the seventh generation**, (Akkadian "*shapattu*" or sabbath), the younger **Igigi Gods**, the sons and daughters of **Enlil** and **Ninlil**, go on strike and refuse their duties of keeping the creation working. **Abzu** God of fresh water, co-creator of the cosmos, threatens to destroy the world with his waters, and the Gods gather in terror. **Enki promises to help and puts Abzu to sleep**, confining him in irrigation canals and places him in the Kur, beneath his city of **Eridu**. But then, with the universe still threatened, **Tiamat**, with the imprisonment of **her husband and consort Abzu** and at the prompting of **her son** and vizier **Kingu**, decides to take back the creation herself. The Gods gather again in terror and turn to **Enki** for help, but **Enki** who harnessed **Abzu**, **Tiamat's consort**, for irrigation refuses to get involved. The gods then seek help elsewhere, and the **patriarchal Enlil**, their father, **God of Nippur**, promises to solve the problem if **they make him King of the Gods**. In the Babylonian tale, **Enlil's** role is taken by **Marduk**, **Enki's son**, and in the **Assyrian version it is Asshur**. After dispatching **Tiamat** with the "arrows of his winds" down her throat (**similar in some respects to how Elohim moves his breath (ruach) over the "face of the deep" or "Tehom", in Genesis 1:2**) **This in no way is the same as Yahuah's Set Apart Spirit!!** and reconstructing the heavens with the arch of her ribs (i.e. her "*life*"), **Enlil** places **her tail in the sky as the Milky Way**, and **her crying eyes** become the source of the **Tigris and Euphrates**. But there is still the problem of "*who will keep the cosmos working*". **Enki**, who might have otherwise come to their aid, is **lying in a deep sleep and fails to hear their cries**. His mother **Nammu** (creatrix also of **Abzu and Tiamat**) "*brings the tears of the gods*" before **Enki** and says 'Oh my son, arise from thy bed, from thy (slumber), work what is wise, Fashion servants for the Gods, may they produce their (bread?)'.

EEKK!!

Enki then advises that they create a servant of the Gods, **humankind, out of clay and blood**. **Yah makes us out of clay and His breath-no mention of blood in His creation story.** Against Enki's wish the Gods decide to slay Kingu, and Enki finally consents to use Kingu's blood to make the first human, with whom Enki always later has a close relationship. Here they have to kill something to get blood, where Yah could create it from scratch with His breath! Killing is destruction. Yahuah is about giving life and creation! Total opposite. He does not kill one life to create another! But that does sound like illuminati/masonic and satanic sacrifice rituals to 'move up the ladder'. the first of the seven sages, seven wise men or "*Abgallu*" (*Ab = water (**semen**), *Gal = great, *Lu = Man), also known as Adapa. Enki assembles a team of divinities to help him, creating a host of "*good and princely fashioners*". He tells his mother, 'Oh my mother, the creature whose name thou has uttered, it exists, Bind upon it the (will?) of the Gods; Mix the heart of clay that is over the Abyss, The good and princely fashioners will thicken the clay. Thou do thou bring the limbs into existence; Ninmah (the Earth-mother goddess (Ninhursag, his wife and consort) will work above thee (Nintu?) (goddess of birth) will stand by thy fashioning; Oh my mother, decree thou its (the new born's) fate. **Eeek! Mother goddess creator. Repulsive!**

Adapa, the first man fashioned, later goes and acts as the advisor to the King of Eridu, when in the Sumerian Kinglist, the "Me" of "*kingship descends on Eridu*".

Samuel Noah Kramer, believes that behind this myth of Enki's confinement of Abzu lies an older one of the struggle between Enki and the Dragon Kur (the underworld)

Confuser of languages Even taking credit for this I see.

In the Sumerian epic entitled *Enmerkar and the Lord of Aratta*, in a speech of Enmerkar, an incantation is pronounced that has a mythical introduction. Kramer's translation is as follows:^[12]

Once upon a time there was no snake, there was no scorpion, There was no hyena, there was no lion,
There was no wild dog, no wolf, There was no fear, no terror, Man had no rival. In those days, the lands of Subur (and)
Hamazi, Harmony-tongued Sumer, the great land of the decrees of princesship, Uri, the land having all that is
appropriate, The land Martu, resting in security, The whole universe, the people in unison
To Enlil in one tongue [spoke]. (Then) **Enki, the lord of abundance** (whose) **commands are trustworthy**, **(Stolen right
out of the Torah- except they are not commands! They are instructions and words of Yah).**

The lord of wisdom, who understands the land, The leader of the gods, Endowed with wisdom, the lord of Eridu
Changed the speech in their mouths, [brought] contention into it, Into the speech of man that (until then) had been one.
**Now Enki is not the lord of semen now he has added all the rest of this to his résumé. Hmmm? And they
did not read correctly that Yah's people had different languages on Seth's side!**

According to Sumerian mythology, **Enki** also **assisted humanity to survive the Deluge designed to kill them.** I
would believe that shatan tried to save the crossbred giants from Yahuah's flood-and according
to Scripture it does tell us there were giants "afterward". In the later Legend of Atrahasis, **Enlil**, the
king of the gods, sets out to **eliminate humanity**, whose noise is disturbing his rest. **And yet Yahuah is the
horrible one! Yah had to destroy everything because the DNA was so corrupted by the vileness
of the fallen ones! Not because He woke up cranky.**

He successively sends drought, famine and plague to eliminate humanity, but **Enki** thwarts his **half-brother's plans** by teaching **Atrahasis** how to counter these threats. Each time, **Atrahasis** asks the population to abandon worship of all gods (**sounds familiar as well! Interesting how they pick and choose from the Torah**), except the one responsible for the calamity, and this seems to shame them into relenting. Humans, however, proliferate a fourth time. Enraged, **Enlil** convenes a Council of Deities and gets them to promise not to tell humankind that he plans their total annihilation. (**ok here we go, Noah as pagan Atrahasis!**) **Enki** does not tell **Atrahasis** directly, but speaks to him in secret via a reed wall. He instructs **Atrahasis** to build a boat in order to rescue his family and other living creatures from the coming deluge. **After the seven day Deluge**, the flood hero frees a swallow, a raven and a dove in an effort to find if the flood waters have receded. (**this flood only lasted 7 days, not a year! Maybe this is where the local flood theory comes from.**) Upon landing, a sacrifice is made to the gods. (**This they took as well into this myth.**) **Enlil** is angry his will has been thwarted yet again, and **Enki** is named as the culprit. **Enki** explains that **Enlil** is unfair to punish the guiltless, and the **gods institute measures to ensure that humanity does not become too populous in the future**. This is one of the oldest of the surviving Middle Eastern Deluge myths.

This is really interesting. I wonder what "measures" they instituted. The Illuminati incorporated it into their playbook. Ever hear of the Georgia Guide Stones and the depopulation agenda "to save the planet"? Go green! Plant 6 billion people!

The **Georgia Guidestones** is a granite monument in Elbert County, Georgia, USA. A message clearly conveying a set of ten guidelines is inscribed on the structure in eight modern languages, and a shorter message is inscribed at the top of the structure in four ancient languages' scripts: Babylonian, Classical Greek, Sanskrit and Egyptian hieroglyphs.

The structure is sometimes referred to as an "American Stonehenge." The monument is 19 feet 3 inches (5.87 m) tall, made from six granite slabs weighing 237,746 pounds (107,840 kg) in all. One slab stands in the center, with four arranged around it. A capstone lies on top of the five slabs, which are astronomically aligned. An additional stone tablet, which is set in the ground a short distance to the west of the structure, provides some notes on the history and purpose of the Guidestones.

Inscriptions-Let these be guidestones to an Age of Reason

A message consisting of a set of ten guidelines or principles is engraved on the Georgia Guidestones in eight different languages, one language on each face of the four large upright stones. Moving clockwise around the structure from due north, these languages are: English, Spanish, Swahili, Hindi, Hebrew, Arabic, Chinese and Russian.

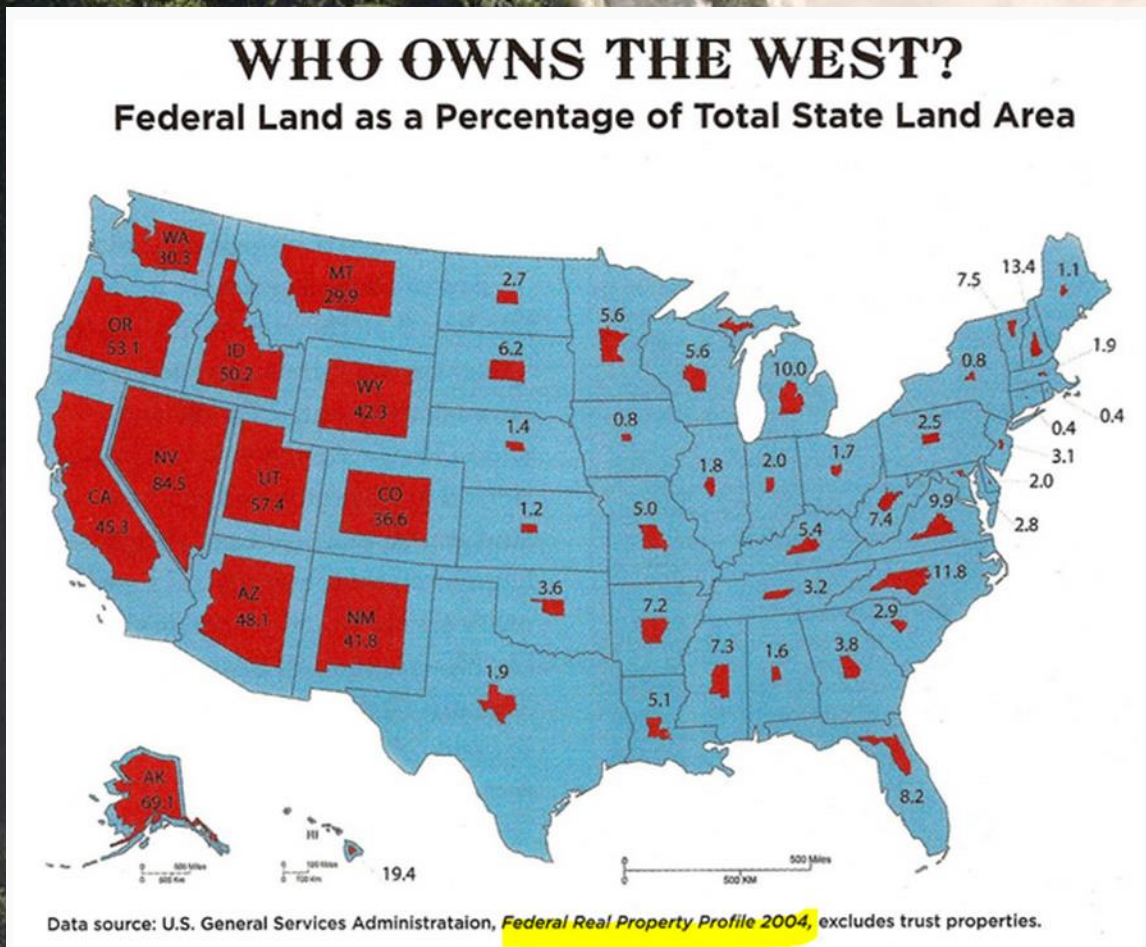

1. Maintain humanity under 500,000,000 in perpetual balance with nature. **There are 6.8 billion on the planet,,
ahhh what happens to the other 5 ½ billion?**
2. Guide reproduction wisely — improving fitness and diversity. **Who decides?**
3. Unite humanity with a living new language. **Hmmm sounds like the tower of babble before Yah stopped
them. I wonder what language?**
4. Rule passion — faith — tradition — and all things with tempered reason. **Who's rule and measure of
reason?**
5. Protect people and nations with fair laws and just courts. **I thought we were supposed to have that now?**
6. Let all nations rule internally resolving external disputes in a world court. **NO WAY!**
7. Avoid petty laws and useless officials. **This would be the elite?**
8. Balance personal rights with social duties. **Read- no personal freedom.**
9. Prize truth — beauty — love — seeking harmony with the infinite. **Torah is the only truth!**
10. Be not a cancer on the earth — Leave room for nature — Leave room for nature. **Move everyone to urban
cities, yes this is on obamas agenda.**

Check out these statistics! Now this was not all on Obama but he made a huge dent.

Just How Much Land Does the Federal Government Own — and Why?

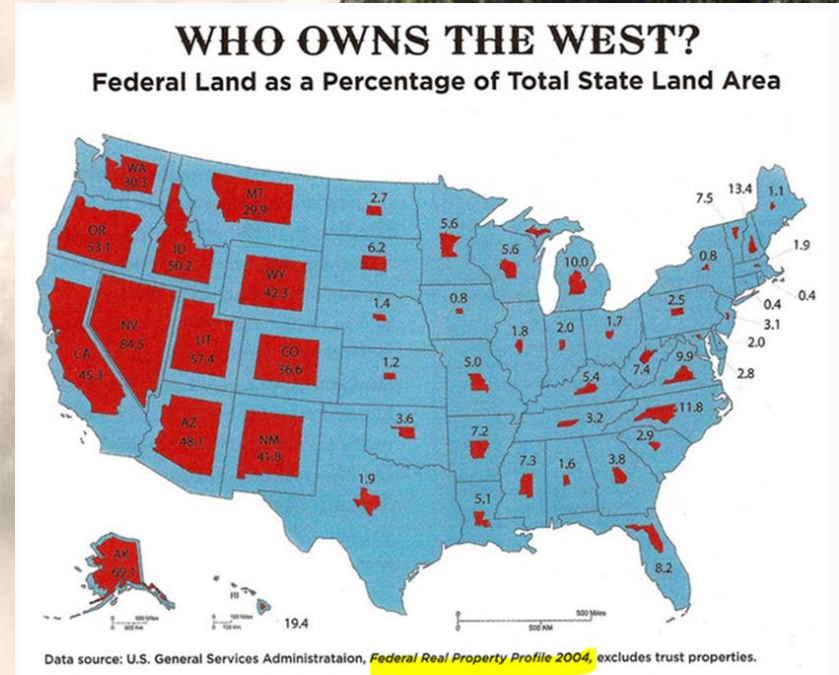

2016 by [Frank Jacobs](#)

These red icons look like parasites, about to take over the body of the host. Take a look at poor Nevada, where non-public land is pushed out to a narrow band skirting the state's borders — marginalized, in the most literal sense of the word. Even in most other western states, that ledge is not much wider than a toehold.

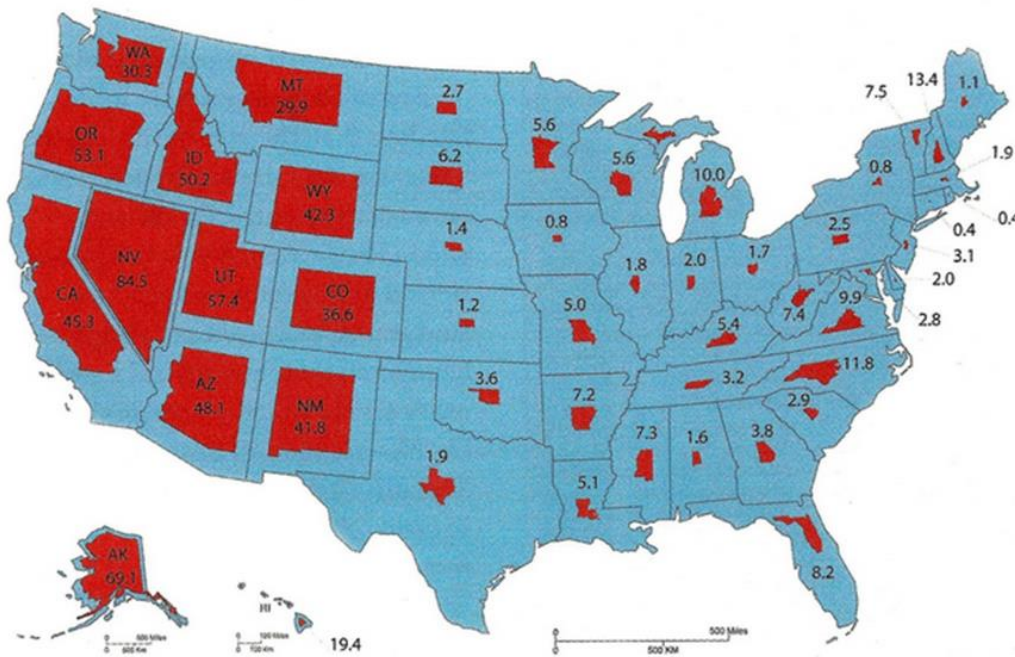

Back east, but even in the Midwest, those icons – colored red for better contrast – barely amount to a distant mirror of the state they're modelled on. In those parts, the federal share of state territory rarely runs into the double digits. It even stays below 2% for the Top 10 states with the lowest percentage of federally owned land:

State	Area (In sq. mi)	Federal share	Federal share (In area)
1 Connecticut	5,543	0.40%	22
2 Rhode Island	1,214	0.40%	5
3 Iowa	56,272	0.80%	450
4 New York	54,556	0.80%	436
5 Maine	35,385	1.10%	389
6 Kansas	82,277	1.20%	987
7 Nebraska	77,354	1.40%	1,083
8 Alabama	52,419	1.60%	839
9 Ohio	44,825	1.70%	762
10 Illinois	57,914	1.80%	1,042
Total	467,759	1.29%	6,016

WHO OWNS THE WEST?

Federal Land as a Percentage of Total State Land Area

Data source: U.S. General Services Administration, *Federal Real Property Profile 2004*, excludes trust properties.

The Top 10 list of states with the highest percentage of federally owned land on this map looks like this:

State	Area (in sq. mi)	Federal share	Federal share (in area)
1 Nevada	110,622	84.50%	93,476
2 Alaska	663,268	69.10%	458,318
3 Utah	84,899	57.40%	48,732
4 Oregon	98,381	53.10%	52,240
5 Idaho	83,570	50.20%	41,952
6 Arizona	113,990	48.10%	54,829
7 California	163,696	45.30%	74,154
8 Wyoming	97,814	42.30%	41,375
9 New Mexico	121,589	41.80%	50,824
10 Colorado	104,094	36.60%	38,098
Total	1,641,923	58.10%	954,000

Both because of its enormous total size and its huge percentage of federal lands, Alaska alone represents almost half the government-owned area in the 10 most 'federalised' states combined. The only two western states falling out of the Top 10 are Montana (29.9%) and Washington state (30.3%).

What is all that federal land for? And exactly who is in charge? According to the Congressional Research Service [4], a total area of just under 610 million acres – more than twice the size of Namibia – is administered by no more than 4 federal government agencies:

* The United States Forest Service (USFS), which oversees timber harvesting, recreation, wildlife habitat protection and other sustainable uses on a total of 193 million acres – almost the size of Turkey – mainly designated as National Forests.

* The National Park Service (NPS) conserves lands and resources on 80 million acres – a Norway-sized area – in order to preserve them for the public. Any harvesting or resource removal is generally prohibited.

* the Bureau of Land Management (BLM), managing 248 million acres [5] – an area the size of Egypt – has a multiple-use, sustained-yield mandate, supporting energy development, recreation, grazing, conservation, and other uses.

* the Fish and Wildlife Service (FWS) manages 89 million acres – an area slightly bigger than Germany – to conserve and protect animal and plant species.

The first agency is part of the Department of Agriculture, the latter three of the Department of the Interior. **The Department of Defense manages an additional 20 million acres – a bit larger than the Czech Republic – as military bases, testing and training grounds, etc.**

There is also a fear President Trump's trillion dollar infrastructure plans are nothing more than funding "smart Cities" that will ultimately tract every move we make and move us out of the rural areas into contained areas. Check out this website with a tab devoted to "smart cities".

Why Kansas City, Mo., leaders want a smart city—and how they're doing it

Apr 9, 2017

However, starting small (and scalable) is a practical approach for minimizing risk and possible losses. That's the route Kansas City, Mo. leaders chose when they added a street car line, free public Wi-Fi and smart LED streetlights to a small part of the downtown core.

With phase one of Kansas City's pilot project deemed a success, the city is ready to move on to phase two. The original project affected about 20,000 with the addition of a 2.2-mile streetcar line, Wi-Fi, smart street lights and 25 kiosks that provided information about local restaurants and events.

The expansion will add Wi-Fi to a larger area and additional kiosks will be added. Also, a mobile app will be linked to sensors initially installed to help with street car navigation. The app will alert drivers about available parking spaces.

Why Kansas City, Mo., leaders want a smart city—and how they're doing it

Apr 9, 2017

As Kansas City Chief Innovation Officer Bob Bennett explained to Tech Republic, "**Our goal right now is to be the smartest city on planet Earth in five years.**" He anticipates the public Wi-Fi service area will cover 180,000 more residents within 18 months. And looking further ahead, he commented at a Cisco Live event in July **that the city's strategy is for the new services to be so popular the city's other residents will want them.**

As the major piece of the project, the Wi-Fi installation offers not only increased connectivity for users, **but also the opportunity to collect valuable data.** For example, residents and visitors are using the Wi-Fi often enough that data on where and **when they travel through the district can be tracked.**

Astronomical features

The four outer stones are oriented to mark the limits of the 18.6 year lunar declination cycle. The center column features a hole through which the North Star can be seen regardless of time, as well as a slot that is aligned with the Sun's solstices and equinoxes. A 7/8" aperture in the capstone allows a ray of sun to pass through at noon each day, shining a beam on the center stone indicating the day of the year. **Clearly sun worship is involved.**

#16) Thomas Ferguson, former official in the U.S. State Department Office of Population Affairs....

"There is a single theme behind all our work—we must reduce population levels. Either governments do it our way, through nice clean methods, or they will get the kinds of mess that we have in El Salvador, or in Iran or in Beirut. Population is a political problem. Once population is out of control, it requires authoritarian government, even fascism, to reduce it..."

#17) Mikhail Gorbachev....

#18) John Guillebaud, professor of family planning at University College London...

"The effect on the planet of having one child less is an order of magnitude greater than all these other things we might do, such as switching off lights. An extra child is the equivalent of a lot of flights across the planet."

#19) Professor of Biology at the University of Texas at Austin Eric R. Pianka...

"This planet might be able to support perhaps as many as half a billion people who could live a sustainable life in relative comfort. Human populations must be greatly diminished, and as quickly as possible to limit further environmental damage."

#20) U.S. Secretary Of State Hillary Clinton...

"This year, the United States renewed funding of reproductive healthcare through the United Nations Population Fund, and more funding is on the way. The U.S. Congress recently appropriated more than \$648 million in foreign assistance to family planning and reproductive health programs worldwide. That's the largest allocation in more than a decade – since we last had a Democratic president, I might add."

#21) Clinton adviser Nina Fedoroff...

"We need to continue to decrease the growth rate of the global population; the planet can't support many more people."

As you can see these current quotes can be traced back to a philosophy that is imbedded in Kabbalahh mysticism and Illuminati Masonry. Let's continue on with the Enki Myths. Remember these are what Kabbalahh and Satanists base their "religion" on.

We skip past more of the Inky Blinky story but again we leave in PDF for you to read but pickup up again at the bottom of page 32. This should be an eye full.

In the myth of *Inanna's descent*, **Inanna**, in order to console her grieving sister **Ereshkigal**, who is mourning the death of her husband **Gugalana** (*gu*, bull, *gal*, big, *ana*, sky/heaven), (**hmm a bull god- I wonder if this is where the golden calf worship came from- and how does a god die?- By definition, not really a god is it?**) slain by **Gilgamesh** and **Enkidu**, sets out to visit her sister. She tells her servant **Ninshubur** (**Lady Evening**), a reference to **Inanna's** role as the **evening star**, that if she does not return in three days, to get help from her father **Anu**, **Enlil**, king of the gods, or **Enki**. When she does not return, **Ninshubur** approaches **Anu** only to be told that he understands that his daughter is strong and can take care of herself. **Enlil** tells **Ninshubur** he is much too busy running the cosmos. **Enki** immediately expresses concern and dispatches his **Galla demons**, **Galaturra** or **Kurgarra**, sexless beings created from the dirt from beneath the god's finger-nails, to recover the young goddess.

These beings may be the origin of the **Greco-Roman Galli**, androgynous beings of the **third sex**, similar to the American Indian **berdache**, who played an important part in early religious ritual.

Enki was considered a god of life and replenishment, and was often depicted with **two streams of water** emanating from his shoulders, one the **Tigris**, the other the **Euphrates**. Alongside him were trees symbolising the female and male aspects of nature, each holding the female and male aspects of the 'Life Essence', which he, as apparent alchemist of the gods, would masterfully mix to create several beings that would live upon the face of the earth. **He is busy being everything!**

Influence

Enki and later **Ea** were apparently depicted, sometimes, like Adam, as a man covered with the skin of a fish, and this representation, as likewise the name of his temple E-apsu, "house of the watery deep", points decidedly to his original character as a god of the waters (see Oannes). Around the excavation of the 18 shrines found on the spot, thousands of carp bones were found, consumed possibly in feasts to the God. Of his cult at Eridu, which goes back to the oldest period of Mesopotamian history, nothing definite is known except that his temple was also associated with Ninhursag's temple which was called *Esaggila*, "the lofty head house" (E, house, *sag*, head, *ila*, high; or Akkadian goddess = Ila), a name shared with Marduk's temple in Babylon, pointing to a staged tower or ziggurat (as with the temple of Enlil at Nippur, which was known as *E-kur* (*kur*, hill)), and that incantations, involving ceremonial rites in which water as a sacred element played a prominent part, formed a feature of his worship. This seems also implicated in the epic of the hieros gamos or sacred marriage of Enki and Ninhursag, which seems an etiological myth of the fertilisation of the dry ground by the coming of irrigation water (from Sumerian *a, ab*, water or semen). The early inscriptions of Urukagina in fact go so far as to suggest that the divine pair, **Enki and Ninki**, were the progenators of seven pairs of gods, including **Enki as god of Eridu, Enlil of Nippur, and Su'en (or Sin) of Ur**, and were themselves the children of **An (sky, heaven) and Ki (earth)**. The pool of the Abzu at the front of his temple was adopted also at the temple to **Nanna (Akkadian Sin) the Moon, at Ur**, and spread from there throughout the Middle East. It is believed to remain today as the sacred pool at Mosques, or as the holy water font in Catholic or Eastern Orthodox churches. **Do you see the influence on modern religions!**

Whether **Eridu** at one time also played an important political role in Sumerian affairs is not certain, though not improbable. At all events the prominence of "Ea" led, as in the case of **Nippur**, to the survival of **Eridu** as a **sacred city**, long after it had ceased to have any significance as a political center. Myths in which **Ea** figures prominently have been found in **Assurbanipal's library**, and in the **Hattusas archive** in **Hittite Anatolia**. **As Ea, Enki had a wide influence outside of Sumer, being equated with El** (at **Ugarit**) and possibly **Yah** **Never YAH!** (at **Ebla**) in the **Canaanite 'ilhm pantheon**, he is also found in **Hurrian** and **Hittite** mythology, as a god of contracts, and is particularly favourable to humankind.

Amongst the **Western Semites**, it is thought that **Ea** was equated to the term **hyy* (life), referring to **Enki's** waters as life giving. **This really is blasphemy as that is the title Yahuah uses as the IAM.** **Enki/Ea** is essentially a **god of civilization, wisdom, and culture**. He was also the **creator and protector of man, and of the world in general**. **The Western Semites mixed Yahuah's Torah teaching they remembered and mixed it with these pagan gods, giving Enki the credit for all that Yahauh has done.** Today we also see the melting of religion with **Rick Warren** doing the two-step with **Islam- or 'Chrislam'**. If you don't think that **Islam** is satanic, you must pickup the **Koran** and the **Hadith** and give it a read. It will make you sick. Two good reads that are free and extremely indepth are "Prophet of Doom" and "Tea with Terrorists". I strongly recommend you read these. Here is the links. **Sharia law is being pushed here in America. You need to know what the future brings.**

Traces of this view appear in the **Marduk** epic celebrating the achievements of this god and the close

connection between the **Ea cult at Eridu** and that of **Marduk**.

The correlation between the two rises from two other important connections: (1) that the name of **Marduk's sanctuary at Babylon** bears the same name, *Esaggila*, as that of a temple in **Eridu**, and (2) that **Marduk** is generally termed the son of **Ea**, who derives his powers from the **voluntary abdication of the father in favour of his son. (Sound familiar?)**. Accordingly, the incantations originally composed for the **Ea** cult were re-edited by the **priests of Babylon** and adapted to the worship of **Marduk**, and, similarly, the hymns to **Marduk** betray traces of the transfer to **Marduk** of attributes which originally belonged to **Ea**.

Ea and West Semitic deities

In 1964, a team of Italian archaeologists under the direction of Paolo Matthiae of the University of Rome La Sapienza performed a series of excavations of material from the **third-millennium BCE city of Ebla**. Much of the written material found in these digs was later translated by Giovanni Pettinato.

Among other conclusions, he found a tendency among the inhabitants of Ebla to replace the name of El, king of the gods of the Canaanite pantheon (found in names such as Mikael), with Ia. **Here we see some copy editing going on, as we knew it did.**

Jean Bottero (1952) and others suggested that Ia in this case is a **West Semitic (Canaanite)** way of saying Ea, Enki's Akkadian name, associating the Canaanite theonym Yahu, and ultimately Hebrew YHWH. **Mixing and mashing- That way they did not have to stand for Yahuah and the Torah!** This hypothesis is dismissed by some scholars as erroneous, based on a mistaken cuneiform reading, but academic debate continues. **The dismissal for our purposes is that even if they mixed it with Yah, they were still bowing down to other gods.**

Talk about wearing out "the righteous"! But we have to have the background so our foundation and foreground is firm.

Next Time in Part 5B we'll get back to the Kabbalah site that is trying to track the line of Cain. This is because these cartoon demons are whom the mystery schools are based partly on and they are rearing their ugly heads again.

We will pickup on Page 39 of our PDF.
