PART 5D

Proverbs 30:4

Who hath ascended up into heaven, or descended? Who has gathered the wind in His fists? Who has bound the waters in a garment? Who has established all the ends of the earth? What *is His name*, and what *is His son's name*, if you can tell?

There is no excuse for not knowing His name.

In Part 5D we will finish looking at the Anunnaki and the Kabballah site and also some modern day agenda's being put forward. Nothing new under the sun but repackaged demonology to stir up confusion. Really pay attention however to the "original" story of Inky Blinky and the crew because it has morphed drastically as we will see in the coming weeks. Remember when we studied the statements in the Quran that said the pen created the universe- well, looks like the Anunnaki supplied the Ink 😊

For the moment, we will concentrate upon only the titular head of the Sumerian Kings: Etana (Atun).

According to Laurence Gardner, *Genesis of the Grail Kings* (pages 132-133), "Cain's wife was Luluwa-Lilith, the daughter of Lilith of the Netherworld, heiress to the matriarchal Malku (the Kingship of the Kingdom) [and the origin of the Malkuth (Kingdom) found in the Qabalistic Tree of Life]. She was of pure-bred Anunnaki stock and their sons [Cain and Luluwa's]... were Atun and Henokh. As a result, their Anunnaki blood was further heightened. Atun succeeded his father as king in Kish (c. 3,500 BCE). He is detailed in the Sumerian annals as King Etana, the shepherd who descended to Heaven and partook of the 'Plant of Birth' in order to father his own son and heir King Balih. The other son, Henokh, is better known to us from the Bible as **Enoch**."

"The Plant of Birth was synonymous with the Tree of Life... which was directly associated with longevity and the office of kingship. It was also related to **Star Fire** and pineal-gland activity. Thus partaking of the Plant of Birth was the equivalent to taking the extract of Star Fire." "This was the potent Star Fire of Heaven, the pure Anunnaki female essence, the 'nectar of supreme excellence' called the *Gra-al* (later the *Graal* or *Grail*). In this regard, the goddess was held to be the 'cup-bearer', the transmitter of the power of the Anunnaki. She was also called the 'Rose of Sharon' (from *sha*, meaning 'orbit' and from *On* relating to the Light -- or in Egypt to the Heliopolis temple-city of *Annu* and *Ra*, called the 'House of the Sun' (hence, *Sha-Ra-On*)." "The flower (flow-er) was identified as a lily and these two descriptions come together in the Bible's highly esoteric Song of Solomon, wherein the Messianic bride states, 'I am the Rose of Sharon and the lily of the valleys.'"

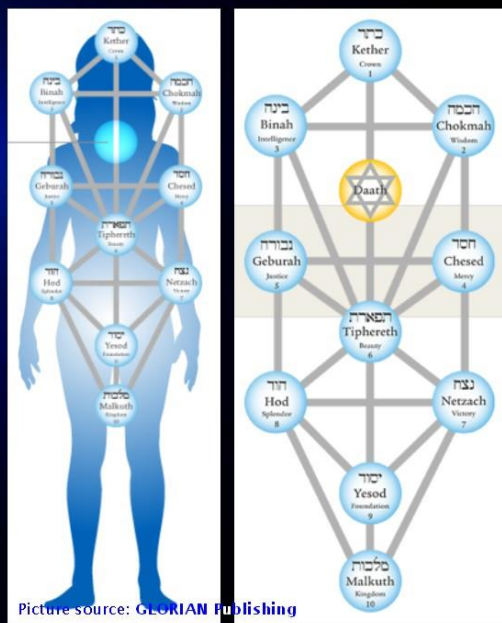

TEN SEFIROT = TREE OF LIFE

The TEN SEFIROT are the Ten Channels of DIVINE ENERGY or LIFE-FORCE from the FIRST GOD.

The most fundamental concept of MESSIANIC KABBALAH is based on these Ten Divine Emanations. The ZOHAR called this TEN SEFIROT as the TREE OF LIFE.

Lope Columna

Picture source: GEORIAN Publishing

I always wondered why the Song of Solomon was canonized but not the book of Enoch. May have to look into this further as it could have been inserted by the Kabbalah priests. Thanks for bragging Lawrence! Do you see how folks just make stuff up? It is apparently true the bigger the lie the more believable it is or the longer they say it is true then it must be!

It should also become clear **that the highly esoteric Jewish Qabala (Kabbalah) and all of its derivatives derived themselves from the earliest Sumerian teachings and royal families.** The fact that the 'lowest' earth-bound state of the Malkuth appears to be appropriate for the King of Sumerian Kings... hints at the far greater levels in the Tree of Life. **WOW now finally some truth! They have incorporated myth as their own religion.**

The Adam's Family

The elucidating of a family tree in which one attempts to trace back their genetic lineage to Adam and Eve may appear somewhat pointless... if not foolhardy. It would be easy, after all, to ask the question: "Wasn't every human on the planet descended from Adam and Eve... and thus all pretty much playing on the same DNA/genetic playing field?"

Actually... no. As has already been pointed out, Adam and Eve were not products of your standard human begetting. **Among other scholars- (I would not call him a scholar),** Laurence Gardner, in his book *Genesis of the Grail Kings*, has pointed out in considerable detail... and on the basis of a considerable amount of research into the subject... that the story of Adam and Eve is far less the story of human evolution/descent, than upon *the descent of the royal line*. To be precise, Adam was the first human-descended Priest/King! (Actually, Adam... and Eve... could be considered to be half-breeds... or possibly two-third breeds.)

To understand this, we need to recall one of the more controversial biblical passages:

“And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, that the sons of G saw the daughters of men that they were fair [in looks, as opposed to just or unbiased]; and they took them wives of all they chose... There were Nephilim on the earth in those days; and also after that, when the sons of G came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.” -- Genesis 6:1-4

The rather precise identity of the Nephilim is just one of the matters of controversy. However, according to Gardner: The Nephilim were: “those who came down, those who descended, or those who were cast down.” They were the “sons of god(s)”, **(So they were sons of many gods, and not the creation of Yahuah-hmmm?) (Actually, the Nephilim are the “children” of the fallen angels.)** who may **have been** dishonored by consorting with earthly women.

We love the “may have been” dishonored by consorting with earthly women. This is because in their story - the flood happened due to their god being woken up in foul mood due to loud noises.

Furthermore, the daughters of man (*Eljo*) were found fair and thereafter married the fallen-from-grace Naphidem (aka the Watchers). However, the pre-eminent sons of the Watchers were at variance with the evolutionary sons of men. The story of the Naphidem-Eljo racial war comes from long before the Flood, and from **long before Adam. From the time of the genocidal slaughter, the Nephilim became what is known as "guardian angels."**

Thank you for bearing with us on this. So far we have proved that the ancient pagan religion is advancing shatan's agenda with him as their god and is being repackaged today in religion, politics and culture. This is why Yah says to come out of this! We are still in Babylon today, and there is more to show.

Now we are seeing another clue as to the "Elohim" issue. Blavatsky has provided information from her demons and we can add this to it. Again, the reason why this is important is that just like YHUH was covered over some 7,000 times, Elohim is in The Tanak about 2400 times! If we are using a title that is traceable to the Kabbalah and Canaanite deities then we must look at that as a title just like Adoni and "the lord", being used to give respect and praise to shatan and not Yah! This is not far-fetched. Shatan usually won't come right out and use YHUH - although we have recently seen it used on Kabbalah sites. They normally use Jehovah. I think Yah has prevented them in the past but we are getting to the end. As we saw in scripture, they will again pervert Yah's name.

However, they can use Elohim with no problem. I have yet to come across where they have used HaYah or IAM! This is what I think they covered over with Elohim! Elohim means many gods. HaYah means I AM (singular) Eternal! Get the difference? In the Scriptures that attempt to restore Yahuah's name, they still use Elohim, as that is what is written in Hebrew. We have not found the final thread to unravel this cover-up, like we did with Adonay, but I think we are close.

Gardner goes on to note: "Modern humankind was created by the **Elohim/Nephilim**, who were somehow mated with earthly women of the Eljo race. The Eljo women appear to have been descended from a strain whose people were far more advanced than their Neanderthal contemporaries. The apparent outcome was a hybrid Naphidem stock -- very likely the people who have become known as Cro-Magnon"

(Ah, so the giants are Cro-Magnon, hmm, none of them were very large, so wondering how Mr. Gardner accounts for that when Scripture specifically says "giants", but then again, Cro-Magnon is more in line with the evolution thought process.)

The Sumerian god and goddess, “Ea and Nin-igiku (**Enki and Nin-khursag**) created 14 new humans soon after the Flood, seven boys and seven girls, and the clinical process involved the wombs of women who had survived the deluge. Nin-khursag prepared 14 ‘pinches of clay’ (i.e., earthling stock) upon which Enki had delivered his ‘repeated incantation.’ The wombs are called the ‘Creatresses of Destiny.’ The ‘cloning experiments were a success, “but a more advanced plan was then conceived to create a prototype for a race of superior earthly leaders. (Mr. Gardner does not explain the Epic of Gilgamesh, which is where Enkidu -same as Enki just means Enki is good-came from.)

ANNUNAKI - ELOHIM - NEPHILIM

It was decided to place a cultured embryo into Nin-khursag's own womb instead of a mortal woman's womb, so that the embryo was fed with Anunnaki blood. Enki called the man Adapa." "Lady Earth's (Nin-khursag's) son, Adapa (i.e., the Adama) was truly a 'mighty man' (hu-mannan), who was given extraordinary powers of control -- being anointed (Anu-oint[ment]ed) into kingship." "Adama was of the royal seed, the first priest king of the Enki bloodline." Adam was in fact the name applied to the "first of a kind" [who arrived on the scene, circa 3882 BC (a Thursday)]. Eve was later created in the same manner.

The first human/Anunnaki genetic experiments produced what must be considered to be half-breeds (half human/half Anunnaki). But the cultured embryos of Adam and Eve, being carried to term by Nin-khursag led to a situation where the Sumerians viewed the offspring as *two-thirds breed* (two-thirds Anunnaki/god; one-third human). This shows up specifically when one of the greatest Sumerian heroes, **Gilgamesh**, was said to be two-thirds god and one-third human. The carrying to term in an Anunnaki womb was considered to be a third of the process. And while the reader might question the math, the Sumerians apparently did not. Furthermore, unless you consider the carrying to term in an Anunnaki womb as one-third of the process, there is simply no other way to explain a two-thirds breed such as Gilgamesh.

16

Again they think Gilgamesh was a real person.

The end result... and this is important... is that within this treatise, the over-riding assumption will be that **at the time of the creation of Adam and Eve... humans (albeit less advanced than the custom models created by fiat by the Anunnaki) already proliferated upon the planet.** Adam was in fact the Adama, the king created to rule over the lesser humans. It also follows that: **Adam and Eve were NOT the father and mother of all humans**, but only the ancestors/progenitors (even initiators) of **the royal lines of descent.** (The latter premise/fact/assumption should probably be taken with a bit of salt... and maybe a dash of pepper.) **(The end result is that the Anunnaki, Enki, Gilgamesh all came after Adam- as made up cartoon characters! It is like trying to make superman and Spiderman real because they have their own folklore comic book!)**

But it is apparently true. There were a lot of commoners already running about at the time of Adam and Eve. We can note, for example, that in the Book of Genesis, when Cain is made a fugitive and a vagabond in the earth, that his concern for his safety clearly implies that there were other humans -- "...every one that finds me shall slay me." [Genesis 4:14] **The Lord [in this case, Enki]** hears this and says that "whosoever slays Cain, vengeance shall be taken on him sevenfold." Later, Cain's fifth generation son, Lamech apparently gets an even better deal: "If Cain shall be avenged sevenfold, truly Lamech seventy and sevenfold." [Genesis 4:24] But clearly there were other humans running about... **and these were humans who had no genetic connection to Adam and Eve.**

Gilgamesh

- Fifth ruler of the first post-diluvian dynasty of Uruk
- Great builder of temples and cities; restored Uruk after the flood
- Known as a great judge; prayers addressed to him
- 2/3 God, 1/3 human being
- His mother was a goddess, his father a mortal king of Uruk

Here they are taking out Yahuah altogether and saying "the lord" (who we know is shatan) is Enki! They take Genesis and just insert whatever they want, but then turn around and say the Scriptures are wrong! They love to brag and the poor people still calling on the lord have no idea who really is getting to hear their utmost fears and highest praise. As an aside Adam was almost 1000 years old when he died and Josephus even says that he had many sons and daughters, wonder how old Cain was, when he finally died?

The Background of the Gilgamesh Epic by Nozomi Osanai on August 3, 2005

If it is correct that the flood account in the Gilgamesh Epic is derived from the Sumerian, and if one wishes to compare the Gilgamesh Epic and the Genesis accounts, it is important to know whether the Sumerian account derived from an historic event. Unfortunately, there is no clear evidence of this. Alster states that “It is often more or less tacitly assumed that the stories told in the Sumerian epics are based on actual historical events, or even that they reflect a so-called heroic age of the first half of the third millennium.”⁶⁴ But he goes on to say:

However, it serves little purpose to discuss whether the stories contain anachronistic details, because, as is generally the case with legends and folktales, they telescope everything into exemplary behavior where the realistic is imagined, and they do not aim at correctness in any historical sense.⁶⁵

Lambert also writes, “Myths are the final outcome of millennia of development, and have often lost much of their original seriousness and purpose. This can be seen in the case of Babylonian myth.”⁶⁶ Thus, while one may say with some confidence that the flood account in the Gilgamesh Epic tablet XI traces back to the Sumerian story, it is more difficult to say whether that story reflects an historic event. If it does, the report of the event has been seriously distorted.

- 1) **Lilith**, The Beautiful Queen (Nin), Consort of the Gods, Handmaiden of **Inanna**
- 2) **Eve of Elda** |

From Laurence Gardner, *Genesis of the **Grail Kings***
(page 76)]

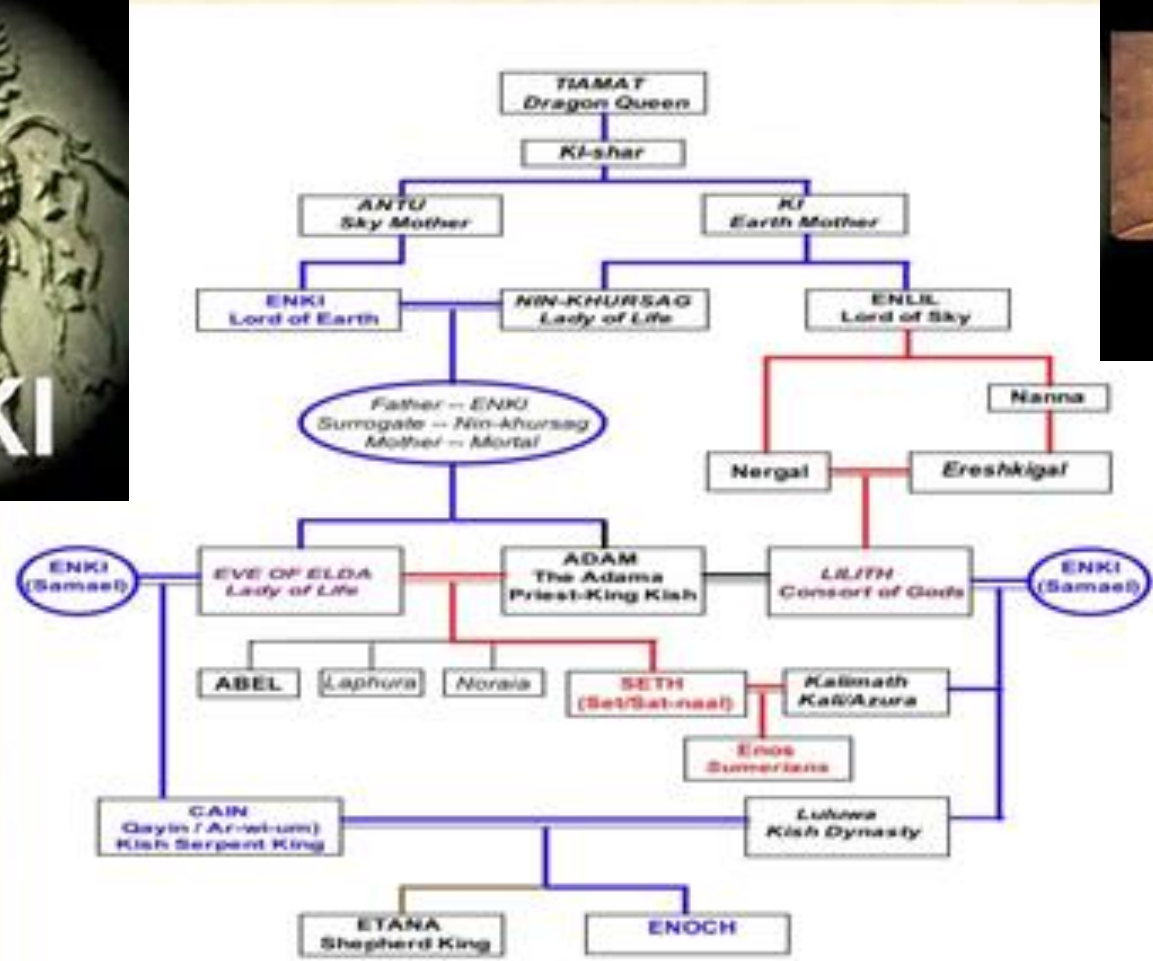

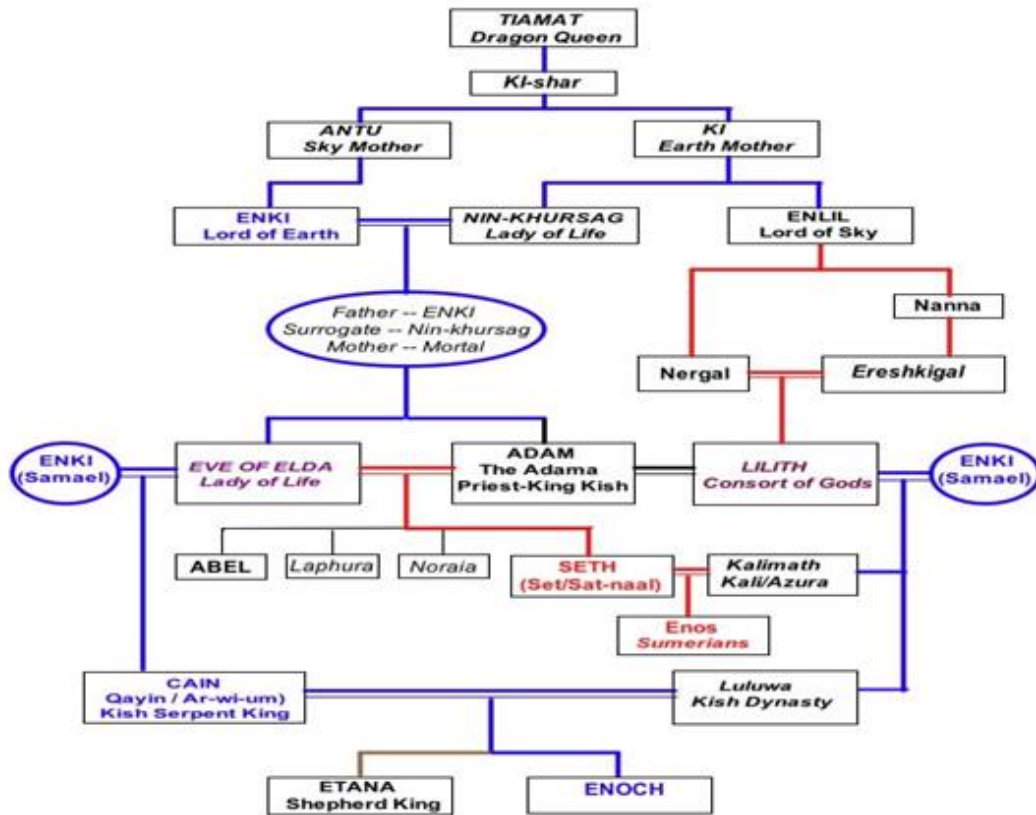

“The Anunnaki had become weary from the work of farming and agriculture, and it was determined “that ‘for the sake of the good things in their pure sheepfolds, Man was given breath’”. The instruction came firstly from Dragon Queen Tiamat, the primeval mother of the Anunnaki, who said to Enki, ‘O my son, rise from your bed... Work what is wise. Fashion servants of the gods, [and] may they produce their doubles. To this Enki replied, ‘O my mother, the creature whose name you uttered, it exists. Bind upon it the image of the gods... Nin-mah [Nin-khursag] will work above you... [she] will stand by you at your fashioning. O my mother, decree upon its fate; Nin-mah will bind upon it in the mother of the gods. It is Man.’ Note that this genetic manipulation was not to create something wholly new (e.g., out of mere clay), but to impress upon existing stock (the humans) the attributes of the Anunnaki “gods”.

Talking about genetic manipulation, that's interesting, since that does correlate with what's happening now, and I wonder if they will say the same thing about the NEW species of mankind they are working so hard on forming.

"Nin-khursag was then approached by Enki and the Assembly, and was formally requested to create man 'to bear the yoke' of the Anunnaki." In all respects, Adam (and Eve) were created to be the Royal Seed, from which their less enlightened humans could be guided and ruled in future generations. In this way, the Anunnaki/Royal Seed Family Tree came into existence... i.e....

The Adam's Family Tree. (the Addam's Family Tree)

The upper portion of this tree shows an abbreviated version of the Anunnaki Family Tree. The lower portion supplements this with the royal seed manipulations... and one might rather suspect, a slightly different version than has been promulgated over the ages. In particular, one needs to note the cameo appearances of Enki (as Samael) in providing consort style aid and comfort to Adam's two wives. Note that the red, brown, black and blue bloodlines include primarily Enki and but also Enlil as godparents. Note also the fractional breed combinations. For example:

Cain (Enki and Eve): $\frac{3}{3}$ and $\frac{2}{3}$ godlike = $\frac{5}{6}$
 Seth (Adam and Eve): $\frac{2}{3}$ and $\frac{2}{3}$ godlike = $\frac{2}{3}$
 Kalimath and Luluwa (Lilith and Enki): $\frac{3}{3}$ and $\frac{3}{3}$ = $\frac{3}{3}$
 Enoch (Cain and Luluwa): $\frac{5}{6}$ and $\frac{3}{3}$ = $\frac{11}{12}$
 Enos (Seth and Kalimath): $\frac{2}{3}$ and $\frac{3}{3}$ = $\frac{5}{6}$

Cain's line through Enoch is thus closer to a pure bred Anunnaki/god than Seth. Furthermore, Enki's seed is clearly more dominant in the mix than Enlil's.

This is how a faction of shatan's side has been duped into thinking this is their history and birthright. If you are an elitist, then this will appeal to you. The main point is there is evil in the world from shatan and all that is good is Yahuah. Yahuah will do His best to keep us from this evil but we must walk to Him on His terms. We cannot bring the trash in His house. He cannot help us if we do not leave all the trappings of evil no matter how nicely it is packaged and find out the true path to Him.

Also as a more current update on the Anunnaki followers, take a look at what these guys have been up to now days.

Ancient Secret Discoveries  Channel

Published on Mar 6, 2017

The debate has been raging about the Anunnaki – not whether they exist – nor whether they have been to Earth – as the evidence of them being here is so overwhelming that non-acceptance of Anunnaki presence on Earth is only for those in denial of the truth. A brief look at some very obvious evidence in existence today will show that indeed aliens have been on Earth. The aliens are primarily Anunnaki, who came to Earth for conquest of it. Their planet was destroyed, and they wanted another base.

The Anunnaki have elevated the value of gold and silver. They use these and other precious metals to manipulate prices of goods, appeal to people's vanity, and often use them as the basis of money systems. Many believe that gold and silver are the only true money today. In times of struggle, people tend to invest in gold and silver. However, the Anunnaki invented money to help them enslave the people. Gold and silver are used by the Anunnaki to make their contrived money systems appear to have sound foundations.

This is just one page worth of hits when we put Anunnaki in the search box. They are back with a vengeance and are connected now to the ancient astronaut theory and the new alien astronaut movement. So even though we know they are demons dressed as comic book characters some people are really believing that these are the saviors and creators of the planet. This is the next level of twisted information that is so stunningly insane; that we have no doubt people will be drawn in hook line and sinker. If people can believe this over Yah then their imaginations are truly running away with them. These are charlatans of the highest order!
