Studies with Scripture explaining the Covenant with Yahuah - what He expects as well as what He offers us as His children. There are chronological studies showing when they first showed up in Scripture and with amplification of Scripture one will find a whole new look for the Father of the Universe.

Our Primary scripture source will be the AENT which we have used over the years. It will be much more accurate than the Greek and we will consult Blue Letter Bible on-line for confirmation. As always, we will restore Yahuah's and Yahusha's proper names in the texts. We will also be looking at the Crawford-Greg Glaser, the Aramaic NT interlinear by Bauscher, George Lama's and J.W. Etheridge's translation of the Peshitta and John Parkhurst's Hebrew To English Lexicon without points and Bayithamachiyach color coded translations to top it off.

We also have a gem from the 17<sup>th</sup> century- a Hebrew manuscript of Revelation! Not the whole book but it is in the British Library under Sloane MS 237.

This episode of *Hebrew Voices* is one of the most exciting things I have ever discovered: **A Hebrew Manuscript of the Book of Revelation!** This 17th century manuscript in the British Library contains the name Yehovah with full vowels and refers to "Yehoshua Mashiach". Torah-loving Methodist pastor AJ Bernard and the mysterious "T-Bone" joined me for a lively discussion of the Hebrew text and English translation. We unpacked topics such as the "Aleph Tav", the Jewish understanding of the Messiah coming on the clouds, and the meaning of Yehovah's holy Name.

## AS A REMINDER.....

The "Work In Progress Narrative", while also drawn from Scripture and other sources most of the time does not affect our eternal destination, and does have more speculation due to pieces still missing. Thus we reason what options can be plausible. If at any time this takes us into a space that contradicts Scripture, or cannot connect the truths on either side, it can no longer be an option. Think of the WIPN as a plausible bridge from one solid truth to another but a land mass of truth is missing or unclear underneath.

In part 1L B we are in the corn field but will finish with Chapter 1. After being introduced to Yahusha in part 1G, we are going back to spot check certain words in the 8 verses we just covered. In Part 1H is the full translations for all the texts we are looking at. We did not repost them in this study, so if you want to see the actual translation see 1H. We are looking at Sheol in brief and some of the candidates who will reside there.

**And given to me as the doorkeeper, I have by my hand the nails- the keys of death and of Sheol the unseen world.**

**Rev 1:18B**

This is not going to be an exhaustive look at Sheol but hopefully it will break down some preconceived notions we have been taught and give a good foundation on which we can build on at a later date and give us more unanswered questions to explore.

When we explore this in the future we will have all the Scripture documentation.

The biggest thing to remember which was never explained to me in my early journey is that there is definitely a different purpose for Sheol **pre** Yahusha's getting the keys and **afterward**. The righteous in the TANAK had to wait patiently for Yahusha to honor his commitment to Yahuah and us to use those keys to unlock the door to Sheol and death and lead them home. They rested in the bosom of Abraham. The conversations they had must have been amazing. The unrighteous also went there but in a deeper section of Sheol. Yahusha spoke of it, which we will look at in a bit.

They are still there, amazed at each new arrival- oh how they thought they were above Yahuah, only to find themselves in the bowels of the earth -where no one can hear them scream. The torturers become the tormented. It is too late for them to have the truth set them free.

**Symbolically the nail holes in Yahusha's hands were the key to Sheol. His resurrection from Sheol was the power over death- which he now has control over.**

Doing some house cleaning, let's look at the statistics and confusion. As always, we will edit in Yahuah's name and draw attention to corrections

by W. Edward Bedore, Th.D. 9-1-2007

Sheol is found in the Bible sixty-five times.

- It is translated "the pit" three times,
- "the grave" thirty-one times, and
- "hell" thirty-one times.

Hades is used eleven times,

- being rendered "hell" ten times and "grave" once.

Adding to the confusion is that two other words are also translated hell in the New Testament.

- Tartarus, which is found once
- Gehenna, which is used twelve times.

The term "Hell" is commonly understood to mean a place of torment where the souls of the wicked go after physical death. This is not entirely true. They torment themselves because of the life choices they made. They "backed the wrong horse" or "got the wrong end of the stick" as our friends across the pond would say. And the realization of what was promised to them was a lie and they foolishly traded in their eternal life based on these lies is torture. But Yahuah or angels are not torturing them.

<https://www.bereanbiblesociety.org/hell-sheol-hades-paradise-and-the-grave/>

The term “Hell” is However, because **Hades** in the New Testament and **Sheol** in the Old are variously rendered hell or grave, there has been some misunderstanding about what hell and the grave are. They do this on purpose so they can confuse people and cast Yahuah in a light of a ruthless and heartless “god”. Always keep in mind that it is the Hebrew understanding that should be the standard we go by. The Eyewitnesses and Yahusha quoted the Tanakh which was written in Hebrew. They did not teach in Greek! The Greek translation needs to line up with the Hebrew words. Not add to or take away from.

We should first give our attention to the Greek word **Gehenna**, which is always translated hell and used in reference to the **Lake of Fire**. It is found in Matthew 5:22,29,30; 10:28; 18:9; 23:15,33; Mark 9:43,45,47; Luke 12:5; and James 3:6.

The Lake of Fire, is a literal place of everlasting fire that was originally created by Yahuah as a place of punishment for **lo shema** (Satan) and the angels that followed **her** in **her** rebellion against Yahuah (Mat. 25:41). Because it is referred to as the place of “outer darkness” (Mat. 8:12; 25:30), **we believe that it is most probably located at the farthest reaches of the creation.**

The earth is not flat but is hollowed out. The outer darkness is below us not someplace out in space.. yet. In the picture below I tried to capture a visual of what this might look like. The closest portion of Sheol in yellow was reserved for the righteous who died before Yahusha paid our sin debt with his life. He was their Messiah - freed them from bondage and took them home with him. He fulfilled the first retrieval of the plan underground, but the Hebrews were/are waiting for a Messiah to free them above ground. It is our understanding the righteous no longer have to wait in Sheol but are escorted to meet Yahusha.

The grey area are for the unrighteous awaiting their fate at the final judgement. It would also be where the angels, "the watchers" are bound who now have to watch the destruction of their children. Not a happy place as Yahusha tells us and Lazarus can feel the heat coming up from the lake of fire below.

<sup>19</sup> “There was a rich man who was dressed in purple and fine linen and lived in luxury every day. <sup>20</sup> At his gate was laid a beggar named Lazarus, covered with sores <sup>21</sup> and longing to eat what fell from the rich man’s table. Even the dogs came and licked his sores. <sup>22</sup> “The time came when the beggar died and **the angels carried him to Abraham’s side**. The rich man also died and was buried. <sup>23</sup> **In Hades**, where he was in torment, **he looked up\*** and **saw Abraham far away, with Lazarus by his side**. <sup>24</sup> So he called to him, ‘Father Abraham, have pity on me and send Lazarus to dip the tip of his finger in water and cool my tongue, **because I am in agony in this fire**.’<sup>25</sup> “But Abraham replied, ‘Son, remember that in your lifetime you received your good things, while Lazarus received bad things, but now he is comforted here and you are in agony.’<sup>26</sup> **And besides all this, between us and you a great chasm has been set in place, so that those who want to go from here to you cannot, nor can anyone cross over from there to us.**’ <sup>27</sup> “He answered, ‘Then I beg you, father, send Lazarus to my family, <sup>28</sup> for I have five brothers. Let him warn them, **so that they will not also come to this place of torment.**’ <sup>29</sup> “Abraham replied, ‘They have Moses and the Prophets; let them listen to them.’ <sup>30</sup> “‘No, father Abraham,’ he said, ‘but if someone from the dead goes to them, they will repent.’ <sup>31</sup> “He said to him, ‘If they do not listen to Moses and the Prophets, **they will not be convinced even if someone rises from the dead.**”

Interesting that last line when you think of Yahusha rising from the dead and people still will not do what he asks. \* Also note that the rich man was below Abraham, so that is a witness to our layout of Sheol.

Gehenna is described in Scripture as a “furnace of fire” (Mat. 13:42); “everlasting punishment” (Mat. 25:46); “the mist [gloom] of darkness” (II Pet. 2:17); the “hurt of the second death” (Rev. 2:11 cf. 20:6,14; 21:8); “a lake of fire burning with brimstone” (Rev. 19:20; 20:10; 21:8).

While the lake of fire was created for Satan and the other fallen angels. Also, the humans who are still under the original sin verdict of death from Genesis. They refused the invitation of spending the everlasting with Yahuah and His family. They refused to do as Yahuah asked and comply with His Covenant. Yahusha did not pay their debt from all ages and will be in the place of torment (“Sheol”) where “there will be wailing and gnashing of teeth” (Mat. 13:42). When death and Sheol are thrown into the lake of fire, this is the “everlasting reward” of all that die in their sins. The humans will be destroyed but not lo shema and the fallen angels. Also, those that look human, but were born without souls- or those who willingly changed the DNA Yahuah gave them to lo shema’s version of a human DNA.

## New Discovery Shows Human Cells Can Write RNA Sequences Into DNA – Challenges Central Principle in Biology

“This work opens the door to many other studies that will help us understand the significance of having a mechanism for converting RNA messages into DNA in our own cells,” says Richard Pomerantz, PhD, associate professor of biochemistry and molecular biology at Thomas Jefferson University. “The reality that a human polymerase can do this with high efficiency, raises many questions.” For example, this finding suggests that RNA messages can be used as templates for repairing or re-writing genomic DNA. The work was published June 11th, 2021, in the journal Science Advances.

### vaccine (n.)

"matter used in vaccination," 1846, from French *vaccin*, noun use of adjective, from Latin *vaccina*, fem. of *vaccinus* "pertaining to a cow" (see **vaccination**). Related: *Vaccinal*; *vaccinic*.

### inoculate (v.)

mid-15c., "implant a bud into a plant," from Latin *inoculatus*, past participle of *inoculare* "graft in, implant a bud or eye of one plant into another," from *in-* "in" (from PIE root **\*en** "in") + *oculus* "bud," originally "eye" (from PIE root **\*okw-** "to see"). Meaning "implant germs of a disease to produce immunity" is from **inoculation**, originally in reference to smallpox, after 1799, often used in sense of "to inoculate with a vaccine." Related: *Inoculated*; *inoculating*.

In order to be called a vaccine, it has to have either live or dead bacteria period and it should produce immunity from a disease. Just because they say the C jab is a vaccine should not force anyone into a state of suspended reality into believing it. Kinda like this is a woman. It can say it all day long but it is not the truth.

It is the slippery slope of because "I say so"- making the Absurdity of mental illness the new reality we all live under.  
I do not comply!

# Fact check: Missing context in claim that Merriam-Webster changed 'vaccine' definition

**Sudiksha Kochi**  
USA TODAY

Published 4:56 p.m. ET Nov. 30, 2021

The slight of hand is to say the C jab is a "vaccine", so by definition, it cannot change DNA. But it is not a vaccine- it is a bio-weapon so it can and does change DNA. Listen to what they actually say.

## The claim: Merriam-Webster removed the immunity part of its 'vaccine' definition

Merriam-Webster, the company known for its reference books and dictionaries, has become the source of online misinformation about vaccines.

"Vaccine used to be defined as a substances that provides 'immunity' to a specific disease," reads the text of an Instagram post shared Nov. 4. "Now, Merriam Webster has literally changed the definition of 'vaccine' and removed the 'immunity' portion in order to possibly cover for the fact that the COVID 'vaccines' don't actually provide immunity from COVID."

### Our rating: Missing context

Based on our research, we rate **MISSING CONTEXT** the claim that Merriam-Webster removed the immunity part of its vaccine definition, because without additional information the claim is misleading. Merriam-Webster revised its definition of vaccine **to replace "immunity" with "immune response."** The change **also addresses the new technology of mRNA vaccines made publicly available in response to the COVID-19 pandemic.** The company said the goal was to be **scientifically accurate about how vaccines work, not to cast doubt on their effectiveness.**

## Pfizer mRNA vaccine goes into liver and changes into DNA, Swedish study finds

Author: Thema Newsroom | Published: March 2, 2022

### The research was conducted at Lund University.

A new Swedish study published in **MDPI** found that the Pfizer vaccine goes into liver cells and converts to DNA, challenging claims so far that the mRNA COVID-19 vaccines do not change or interact with your DNA in any way.

It's the first time that researchers have shown in vitro – or inside a petri dish – how an mRNA vaccine is converted into DNA on a human liver cell line, the Epoch Times reported.

It's precisely what health experts and fact-checkers said for more than a year could not occur.

Dr. Peter McCullough, an internist, cardiologist and epidemiologist who is one of the leading critics of the COVID vaccines, said the findings have "enormous implications of permanent chromosomal change" that could drive a "whole new genre of chronic disease."

The CDC assures Americans that the mRNA and the spike protein it produces in COVID-19 vaccines to create an immune response "don't last long in the body." On its website, the agency states: "Our cells break down mRNA and get rid of it within a few days after vaccination. Scientists estimate that the spike protein, like other proteins our bodies create, may stay in the body up to a few weeks."

Further, the CDC says on a web page titled "Myths and Facts about COVID-19 Vaccines" that the "genetic material delivered by mRNA vaccines never enters the nucleus of your cells."

However, the researchers at Lund University in Malmö, Sweden, found that the mRNA vaccine enters human liver cells and triggers the cell's DNA in the nucleus to increase the production of the LINE-1 gene expression to make mRNA.

The whole process occurred rapidly, within six hours, concluded the study, which was published by the university's Department of Clinical Sciences.

Pfizer did not comment on the study's findings, the Epoch Times reported, stating only that its mRNA vaccine does not alter the human genome.

# Bill Gates Admits COVID Vaccine Changes DNA, Now Doctors Rebel!

Published on December 5, 2020 <https://principia-scientific.com/bill-gates-admits-covid-vaccine-changes-dna-now-doctors-rebel/>

Written by John O'Sullivan

A disturbing video of Bill Gates has emerged of him boasting about how his *"incredible"* COVID19 vaccine – which *"has to go to 7 billion people"* and containing something new – *"instructions in the code"* – will change our DNA.

Beyond any doubt the vaccines developed and launched to fight the novel coronavirus are composed of **recombinant DNA**.

## Fact check: Gates was not caught on video saying the COVID-19 vaccine 'will change our DNA forever'

By [Reuters Staff](#)

...a video claims Bill Gates got caught "admitting vaccine will change our DNA forever". The video features authentic footage of Gates but **misrepresents his remarks**: he was explaining how vaccines developed with messenger RNA (mRNA) technology work. **The claim that an mRNA vaccine will modify a person's DNA is also false.**

Mark Lynas, a visiting fellow at Cornell University's Alliance for Science group ( [here](#) ), debunked the idea that such a vaccine could genetically modify an organism. Lynas told Reuters that **no vaccine** can genetically modify human DNA.

"That's just a myth," he said. "**Genetic modification would involve the deliberate insertion of foreign DNA into the nucleus of a human cell, and vaccines simply don't do that.**"

Dr. Paul McCray, Professor of Pediatrics, Microbiology, and Internal Medicine at the University of Iowa ( [here](#) ), previously explained to Reuters via email how a COVID-19 vaccine using a DNA or RNA vector would work:

**As is the case with a vaccine that uses an inactivated (dead) virus**, "the only modification to the host is to stimulate them to make antibodies and T cells that will prevent infection with the virus or kill any infected cells to prevent or reduce disease severity.

<https://www.thoughtco.com/recombinant-dna-technology-4178076>

Recombinant DNA, or rDNA, is DNA that is formed by combining DNA from different sources through a process called **genetic recombination**. Often, the sources are **from different organisms**. Generally speaking, **DNA from different organisms has the same general chemical structure**. For this reason, it is possible **to create DNA from different sources by combining strands**.

### Examples of Recombinant DNA Technology

 rDNA Examples. red\_moon\_rise/E+/Getty Images

Recombinant DNA technology is used in a number of applications including vaccines, food products, pharmaceutical products, diagnostic testing, and genetically engineered crops.

## Key Takeaways

- Recombinant DNA technology combines DNA from different sources to create a different sequence of DNA.
- Recombinant DNA technology is used in a wide range of applications from vaccine production to the production of genetically engineered crops.
- As recombinant DNA technology advances, technique precision must be balanced by ethical concerns.

## The Future of Genetic Manipulation

Scientists are excited about the future of genetic manipulation. While techniques on the horizon differ, all have in common the precision with which the genome can be manipulated.

### CRISPR-Cas9

One such example is CRISPR-Cas9. This is a molecule that allows for the insertion or deletion of DNA in an extremely precise manner. CRISPR is an acronym for "Clustered Regularly Interspaced Short Palindromic Repeats" while Cas9 is shorthand for "CRISPR associated protein 9". Over the last several years, the scientific community has been excited about prospects for its usage. Associated processes are faster, more precise, and less expensive than other methods.

## Vaccines

Vaccines with viral proteins produced by bacteria or yeast from recombinant viral genes are considered to be safer than those created by more traditional methods and containing viral particles.

## Other Pharmaceutical Products

As mentioned earlier, insulin is another example of the use of recombinant DNA technology. Previously, insulin was obtained from animals, primarily from the pancreas of pigs and cows, but using recombinant DNA technology to insert the human insulin gene into bacteria or yeast makes it simpler to produce larger quantities.

A number of other pharmaceutical products, like antibiotics and human protein replacements, are produced by similar methods.

## Food Products

A number of food products are produced using recombinant DNA technology. One common example is the chymosin enzyme, an enzyme used in making cheese. Traditionally, it is found in rennet which is prepared from the stomachs of calves, but producing chymosin through genetic engineering is much easier and faster (and does not require the killing of young animals). Today, a majority of the cheese produced in the United States is made with genetically modified chymosin.

One well-known use of recombinant DNA is in the production of insulin. Prior to the advent of this technology, insulin largely came from animals. Insulin can now be produced more efficiently by using organisms like E. coli and yeast. By inserting the gene for insulin from humans in these organisms, insulin can be produced.

### mRNA is an Operating System - Technology Platform per Moderna Website

The Moderna site clearly defines mRNA as a software program that makes 'proteins'. The mRNA injections do not contain biological RNA, but contain programmable technologies/electronic devices.

KAREN KINGSTON  
APR 17, 2023

April 17, 2023: More experts have come forward demonstrating that the concept of biological mRNA in the COVID-19 injections is a sham; and that adults and children are, in fact, being injected with nanoparticle technologies.

In 2021 Moderna proudly boasted that their mRNA is a gene-editing technology platform using software programs, called mRNA, to encode new genetic codes in human cells.

Per Moderna's 2021 website (screenshot captured July 2, 2021),

*"We set out to create an mRNA technology platform that functions very much like an operating system (OS) on a computer. It is designed so that it can plug and play with different programs. In our case, the 'program' or 'app' is our mRNA drug - the unique sequence (program) that codes for a protein."* - Moderna website, July 2021

## Our Operating System

Recognizing the broad potential of mRNA science, we set out to create an mRNA technology platform that functions very much like an operating system on a computer. It is designed so that it can plug and play interchangeably with different programs. In our case, the "program" or "app" is our mRNA drug - the unique mRNA sequence that codes for a protein.

We have a dedicated team of several hundred scientists and engineers solely focused on advancing Moderna's platform technology. They are organized around key disciplines and work in an integrated fashion to advance knowledge surrounding mRNA science and solve for challenges that are unique to mRNA drug development. Some of these disciplines include mRNA biology, chemistry, formulation & delivery, bioinformatics and protein engineering.

**DNA** → **mRNA** → **Protein**

**STORAGE**

**SOFTWARE**  
mRNA is a temporary set of instructions for cells to make a protein; mRNA is made using DNA

**APPLICATIONS**  
Proteins form the basis of life by performing the functions required by every cell; proteins are made using mRNA

The 2021 Moderna site clearly defines mRNA as a software program that makes 'proteins' (artificially-programmed genetic material foreign to the human species) in humans. The mRNA injections do **not** contain biological RNA, but contain programmable technologies/electronic devices.

Pfizer describes their mRNA as a gene-editing technology on their website as well, **not** as a biological agent (vaccine).

“ mRNA technology is a good fit for gene editing. We want to make these editing proteins for just a short period of time to modify the genome. And producing the editing enzymes transiently helps to reduce the potential for off-target effects. ”

By definition, mRNA 'vaccines' are the epitome of bioweapon technology and is being used to destroy the human species, homo sapiens. The intentional destruction (extermination) of the human species using mRNA technology is an act of biowarfare.

### The Merger of Humans with Technology and the Extermination of the Human Species is Enforced by President Biden

On September 12, 2022, President Biden signed the Executive Order, *Advancing Biotechnology and Biomanufacturing Innovations for a Sustainable, Safe, and Secure American Bioeconomy*.

The Executive Order states, "We need to develop genetic engineering technologies and techniques (mRNA software) to be able to write circuitry for cells and predictably program biology the same way in which we write a software and program computers."

The "Genetic engineering technologies that can program and control cells inside of Americans' bodies in the same way a software program determines a computer's functionality and responsiveness," have already been developed and 'installed' in the majority of Americans; they're called COVID-19 mRNA vaccines.

Per Moderna's patent (found on their current website), the mRNA 'vaccines' contain 'self-assembled nanoparticles that may be fully programmable.'

# Intended Consequences: mRNA Vaccines were Designed to Cause Severe Disease and Be Resistant to Antibodies

Per data published by Barney Graham & Jason McLellan, inventors of the spike protein, COVID-19 mRNA vaccines were purposefully designed to not protect against SARS-CoV-2 or variants and cause disease

Vaccine saga

### Serendipity and foresight prepared the world to fight the coronavirus

Barney Graham laid the groundwork for the world to battle this pandemic, and the scientists he mentored will equip us for the next one

Jason McLellan, Univ of Texas

**c&en**

In a February 19, 2020 article in *Science*, authored by the inventors of coronavirus S-2P spike proteins, Barney Graham and Jason McClellan, the authors state that the S-2P 'spike protein' has stronger binding affinity to the ACE-2 receptors (in the hearts, lungs, kidneys, and endothelial cell line of blood vessels) than the original SARS-CoV-2 (S) spike protein.

This scientific evidence (authored by the inventors of the spike proteins) confirms that the COVID-19 mRNA vaccines;

- do not produce antibodies to SARS-CoV-2, and
- are resistant to the antibodies for SARS-CoV-2, and therefore -

It is scientifically and clinically IMPOSSIBLE for Pfizer's FDA-approved mRNA vaccines TO PROVIDE ANY PROTECTION AGAINST SARS-CoV-2 infection, or any coronavirus, including 'VARIANTS'.

This is why Dr. Fauci discouraged people to test for SARS-CoV-2 antibodies, vaccinated or not. The COVID-19 'public health' vaccine campaign was never about 'preventing SARS-CoV-2 infection', it was about getting a needle in every arm of every American; from adult seniors to teenage adults and even pregnant women and six-month old babies, in order to force their bodies to produce the pathogenic spike proteins, not SARS-CoV-2 antibodies.

The strong binding of the S-2P spike proteins to the ACE-2 receptors (produced by the mRNA vaccines), is further scientific proof that the COVID-19 mRNA vaccines were designed to cause disease (pathogenic).

Per the inventors, the S-2P two-proline trimeric spike is different and more pathogenic than the (S) wild type spike produced by the SARS-CoV-2 virus.

During the FDA's December 11, 2020, emergency use authorization meeting for the Pfizer COVID-19 mRNA vaccines, FDA committee members *pointed out* that the mRNA vaccines appear to provide no clinical benefit, specifically regarding severe disease.

---

*“Some committee members raised concerns about the small number of severe COVID-19 cases and limited conclusions about the prevention of severe disease based on the study endpoints. FDA pointed out that vaccine development has a long history and that FDA is not aware of an example of any vaccine that is effective against mild disease that is not also effective against severe disease and that even though limited, data for Pfizer-BioNTech COVID-19 Vaccine suggest efficacy against severe disease.” - FDA EUA Review Committee for Pfizer EUA COVID-19 mRNA vaccines, Dec 11, 2020*

Per the FDA's own words, in the history of the FDA, **the FDA has never approved a vaccine that does not protect against severe disease (until the agency approved the COVID-19 mRNA vaccines).**

This is where it gets interesting though (and by interesting, I mean 'evidence of criminal intent' interesting). Per the data discussed during that same FDA meeting, **not only do Pfizer's COVID-19 mRNA vaccines NOT prevent severe disease, Pfizer's mRNA vaccines cause SEVERE COVID-19 within 7 days of being injected.**

Page 41 of PFIZER's EUA submission, states that **there were 409 patients who had COVID-19 symptoms within 7 days of getting their first (1st) or second (2nd) PFIZER shot, BUT these patients did not have a positive PCR-test for SARS-CoV-2.**

Per PFIZER's EUA submission, clinically significant or severe COVID-19 cases were defined in the Phase 3 Study as kidney, liver, or neurological dysfunction\*, low oxygen levels, respiratory failure, mechanical ventilation, systemic shock, admission to the intensive care unit (ICU), or death.

Pages 15-16 of PFIZER's EUA submission, states that the incidence of expected serious adverse events (reactogenicity) in 100 children aged 12-15 years, was so incriminating that Pfizer and the FDA agreed to not release (cover-up) the data.

**The FDA knew Pfizer's mRNA vaccines would permanently injure and harm children. Immediately after this meeting, the FDA should have stopped all trials, especially the trial for children. Allowing the pediatric trials to move forward was a criminal act by the FDA resulting in the unnecessary battery (bodily injury) of children.**

**Per the September 17, 2021, FDA committee meeting, the FDA has full knowledge that two (2) injections of Pfizer's mRNA vaccines increases a person risk for developing COVID-19 over time versus a person who remains unvaccinated.**

So there you have it. The FDA authorized and approved the COVID-19 mRNA vaccines knowing the injections would cause injury, disease, disabilities, and death at a higher rate than the 'SARS-CoV-2 virus' (much, much higher rate).

The FDA mRNA vaccine committee is also well-versed in the immunogenicity and lethality of 'mRNA vaccines' based on over a decade of analysis by the agency on protein-based therapies.

“A major problem with protein-based therapeutics is their immunogenicity, that is, their tendency to trigger an unwanted immune response against themselves . . . Such antibodies can cause complications that can be life threatening.”

Lastly, on October 22, 2020, (prior to any mRNA vaccine authorizations) the FDA had a meeting with industry, where a list of the expected severe diseases and outcomes caused by the mRNA vaccines was disclosed. The above list of diseases and outcomes are not side effects. The above list of diseases and outcomes, including death, are the INTENDED CONSEQUENCES of the COVID-19 mRNA vaccines.

Based on the body of evidence submitted to the FDA by Pfizer, the FDA is fully knowledgeable that Pfizer's COVID-19 mRNA vaccines *cause* mild-moderate disease, severe disease, injuries, disabilities, and even death in adults and children. Th FDA is fully aware that the mRNA vaccines put American adults and children at significant risk for hospitalizations and death while the 'SARS-CoV-2 virus' does not.

Based on this body of evidence, Pfizer's COVID-19 mRNA vaccines are not vaccines but are biological weapons per 18 US 175.

But the redeemed shall walk there.** 10 **And the ransomed of יהוה shall return and enter Tsiyon with singing, with everlasting joy on their heads. And his fulfillment of the Spring feasts

In 2016 we did a 6 part study for the Spring feasts and Yahusha's important role in completing the opportunity for mankind to reverse the death penalty handed down by Yahuah after the fall in the garden. We are going to pull some information from this, but as we noted then, Sheol needs a full study by itself, which we intend to do after we get done with the messages to the called-out assemblies in Revelation Chapter 2.

We will go into the depths of this, but Scripture tells us a bit about it:

- It is a place that is descended to- so below ground
- It had at least 3 compartments
- The lowest compartment holds a consuming fire
- It is a prison you cannot escape, but you can be redeemed from
- It had one compartment that held the righteous until Yahusha set them free.
- There is a compartment that feels the heat from below but is very dark

Gesenius said “I think that I have lighted on the true etymology of the word. For I have no doubt that שְׁעוּל שְׁעוּל low, and subterranean place.

## 11 Reasons Why The Hollow Earth May Actually Be Real By Ancient Code Team - April 20, 2022

The Macuxi Indians knew about the existence of the Hollow Earth nearly one hundred years ago. The Macuxi Indians are indigenous people who live in the Amazon, in countries such as Brazil, Guyana, and Venezuela. According to their legends, they are the descendants of the Sun's children, the creator of Fire and disease and the protectors of the "inner Earth."

Their legends speak of an entrance into Earth. Until the year 1907, the Macuxies would enter some sort of cavern, and travel from 13 to 15 days until they reached the interior. It is there, "at the other side of the world, in the inner Earth" **is where the Giants live, creatures that have around 3-4 meters in height.**

Oh and... There is a **huge Ocean beneath the surface of our planet. Scientists have not long ago, discovered a large ocean of water inside the mantle of Earth, and they point out that it is a large water "tank" that could fill the oceans on Earth three times.** This incredible discovery suggests that the surface water of the planet came from within Earth, as part of a "complete water cycle on the planet" instead of the dominant theory proposed that water arrived to Earth by icy comets that passed by the planet millions of years ago.

You have ordained and established the events, which now cannot be denied, that would put me in this space, the pit- a prison dungeon which is considered the entrance to Sheol-the lowest depths, in the darkest lair and hiding place. The dark region where men have lost their way. In the abyss of the ocean, the depths of the deep. Psalm 88:6

There is a deep, wide gulf, a chasm, and  
in that chasm is no place for any man.
