THE MAZZAROTH – THE WHEEL OF STARS

It means The Separated, The Divided, or The Apportioned. It refers to the allotted spaces given to the twelve signs in the circle of the zodiac.

Job 38:32

Can you lead (yiqtol) forth, bring out, spread and disseminate the constellations, patterns and arrangements viewed in the sky at their appointed times and seasons, or can you lead (yiqtol) forth and bring out the Bear (Ursa Major) with it's children?

Isaiah 40:25

**“Then to whom you will compare, be like or resemble Me, and am I equal?”,
says Yahuah the Qodosh one.**

Isaiah 40:26

Lift, raise your eyes up on high, to the heights of heaven, and behold, see! Who caused to happen and created these? The One who brings forth their host, stars, points of light in the night sky by number in quantity or as a measurement of time. He calls, summons and proclaims them by name and reputation. Since He is great and extensive of power and authority and mighty, having the ability of being capable, not one is missing, lacking or left.

Isaiah 40:27

Why do you utter and say, Yac'cob, and you speak Yahshara'al, "My way, path, journey and conduct is hidden away from Yahuah, and my judgement is passed over, forgiven, taken away by my almighty?"

Isaiah 40:28

Answer yes or no, have you not known, been aware of or perceived, or have you not heard, listened to and paid attention? Yahuah is the Almighty of eternity, everlasting, the creator who caused things not in existence to come to exists, and to the ends of the earth! He is not faint, grows tired, he does not grow weary and is in need of rest! There is no searching out or seeking His understanding, insight, wisdom and capacity for discerning a right course of action.

Isaiah 40:29

He allows and gives power and strength to the weary and exhausted, and He increases and multiplies power and strength for the powerless.

Enoch 81:1-4

Then he said unto me, "Enoch, look at the tablets of heaven; read what is written upon them and understand each element on them one by one."

So I looked at the tablets of heaven, and read all the writing on them, and came to understand everything. I read that book and all the deeds of humanity and all the children of the flesh upon the earth for all the generations of the world.

At that very moment, I blessed the Great YAHUAH, the King of Splendor forever, for HE has created all the phenomena in the world. I praised YAHUAH because of HIS patience; and I wept on account of the children of the people upon the earth.

After that, I said: Blessed is the man who dies righteous and upright, against whom no record of oppression has been written, and who received no judgment on that day.

Enoch 16:2-3

“And so to the Watchers on whose behalf you have been sent to intercede – who were formerly in heaven - say to them,”

“You were once in heaven, but not all the mysteries of heaven are open to you, and you only know the rejected mysteries. Those ones you have broadcast to the women in the hardness of your hearts and by those mysteries the women and men multiply evil deeds upon the earth.”
Tell them, “Therefore, you will have no shalom!”

By now, we know that the one thing the adversary does, is counterfeit and co-opt things, trying to make them his own. We know he cannot create anything, so he perverts and subverts everything that Yahuah has done. Of course we know, that he doesn't know ALL the secrets, just enough to "hang" himself along with a lot of other misguided people.

Take the stars and the zodiac - that was never meant to be something to be used for telling your "fortune" or to keep you safe by some sort of omen, but it was put up there as a way for Yahuah to tell us our HISTORY. Thank heavens the Vatican couldn't lock up the stars and the heavens, though I'm sure they tried!!

This is about taking back our story that Yahuah left for us to find!!!

**That Mazzaloth/Wheel of Stars - is like 3 books, with chapters:
So let's look at that story!**

Enoch 80:6-8

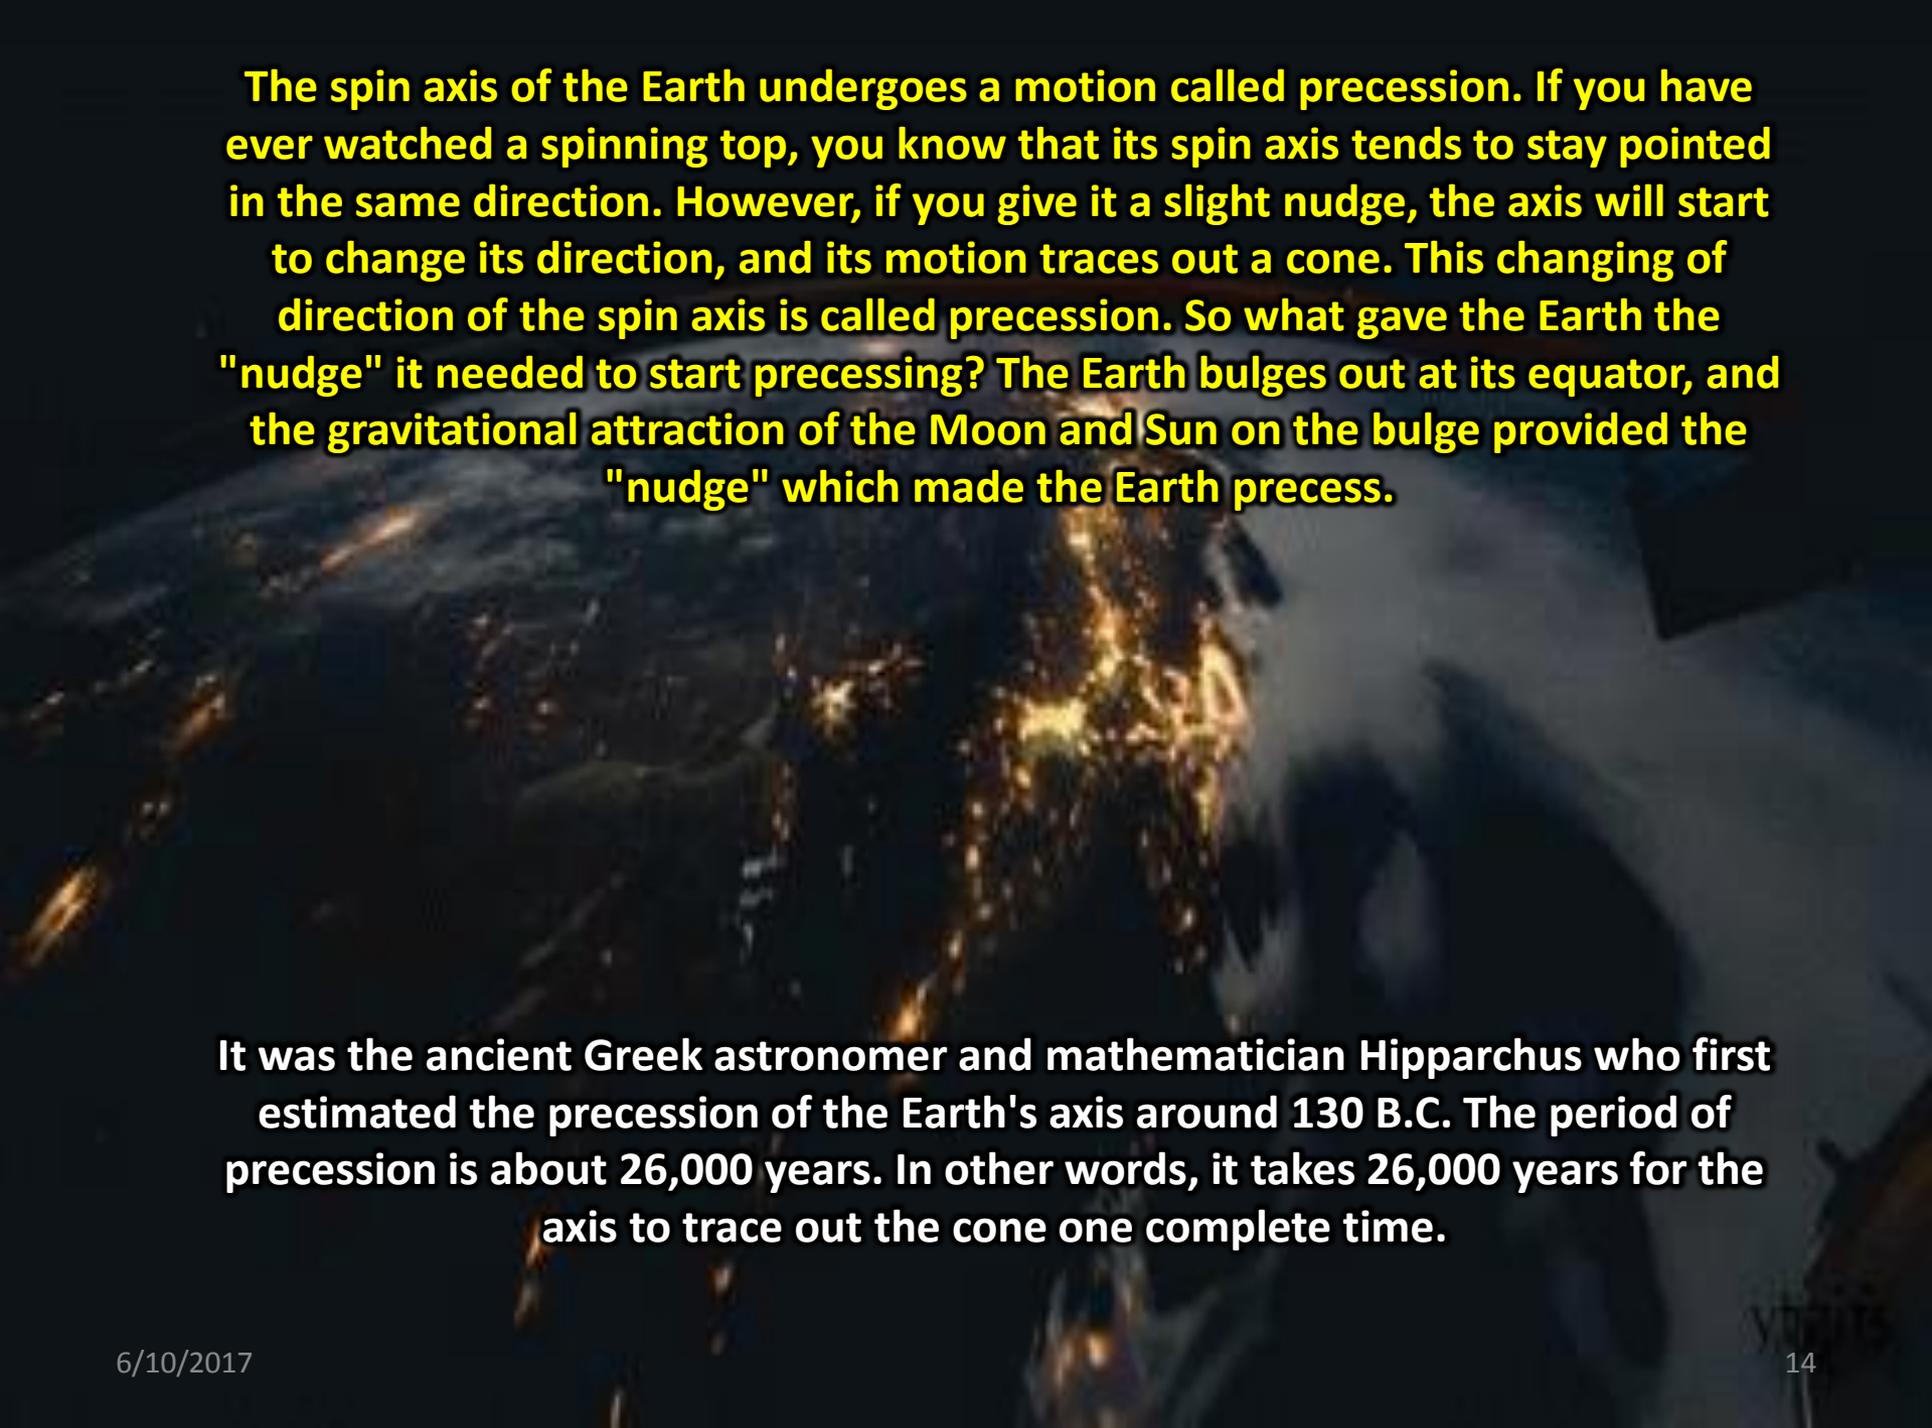

Many of the chiefs of the stars shall make errors in respect to the orders given to them; they shall change their courses and functions and not appear during the seasons which have been prescribed for them.

All the orders of the stars shall harden in disposition against the sinners and the conscience of those that dwell upon the earth. They the stars shall err against them the sinners; and modify all their courses. Then they the sinners shall err and take them the stars to be gods.

And evil things shall be multiplied upon them; and plagues shall come upon them, so as to destroy all.

The Earth spins on its "axis". This axis is an imaginary line running through the Earth. If you were to be high above the Earth, looking straight down along the axis, all the points on Earth would appear to move in circles around the axis. If you followed this axis out into space from the northern hemisphere on Earth, it would point toward a particular star in the sky. We call that star the "North Star" since it sits in the direction that the spin axis from the northern hemisphere of Earth points.

At present, the star known as Polaris is the North Star. However, Polaris has not always been the North Star and will not always be the North Star. To understand that, we need to look at how the Earth spins on its axis.

The spin axis of the Earth undergoes a motion called precession. If you have ever watched a spinning top, you know that its spin axis tends to stay pointed in the same direction. However, if you give it a slight nudge, the axis will start to change its direction, and its motion traces out a cone. This changing of direction of the spin axis is called precession. So what gave the Earth the "nudge" it needed to start precessing? The Earth bulges out at its equator, and the gravitational attraction of the Moon and Sun on the bulge provided the "nudge" which made the Earth precess.

It was the ancient Greek astronomer and mathematician Hipparchus who first estimated the precession of the Earth's axis around 130 B.C. The period of precession is about 26,000 years. In other words, it takes 26,000 years for the axis to trace out the cone one complete time.

↔ Thuban

Polaris will not always be aligned with the north spin axis of the Earth - because that axis is slowly changing the direction in which it points! Right now, the Earth's rotation axis happens to be pointing almost exactly at Polaris.

It was in all probability the constellation of **Coma** in which "the Star of Bethlehem" appeared.

There was a traditional prophecy, well-known in the East, carefully preserved and handed down, that a new star would appear in this sign when He whom it foretold should be born.

The sign Virgo (Betulah) depicts a virgin that would have a Son (her Seed) who would be called the Branch of Yahuah. Here is the star Spica, or Branch

The sign Virgo portrays to us a desired virgin-born Son, with two natures, deity and man, who was to also be a despised sin redeemer, but return to earth for his fold.

Most ancient zodiacs picture
Bootes as a herdsman.

In antiquity, the constellation
Coma was considered to be a
picture of a woman, a virgin
furthermore, with her child.
Coma in Hebrew means The
Desired, or The Longed For.

In this constellation Bootes, (Bo in Hebrew: meaning the coming), the star Mizar means Guarding; Muphride means Who Separates. Putting it together, we have a guarding shepherd who separates and will be returning to rule.

The next constellation in Virgo is Centaurus, the one with two natures, meaning both supernatural and man.

The Greek name for Centaurus was Cherion, or The Pierced (karah). Cherion was immortal but voluntarily agreed to die when wounded by a poison arrow.

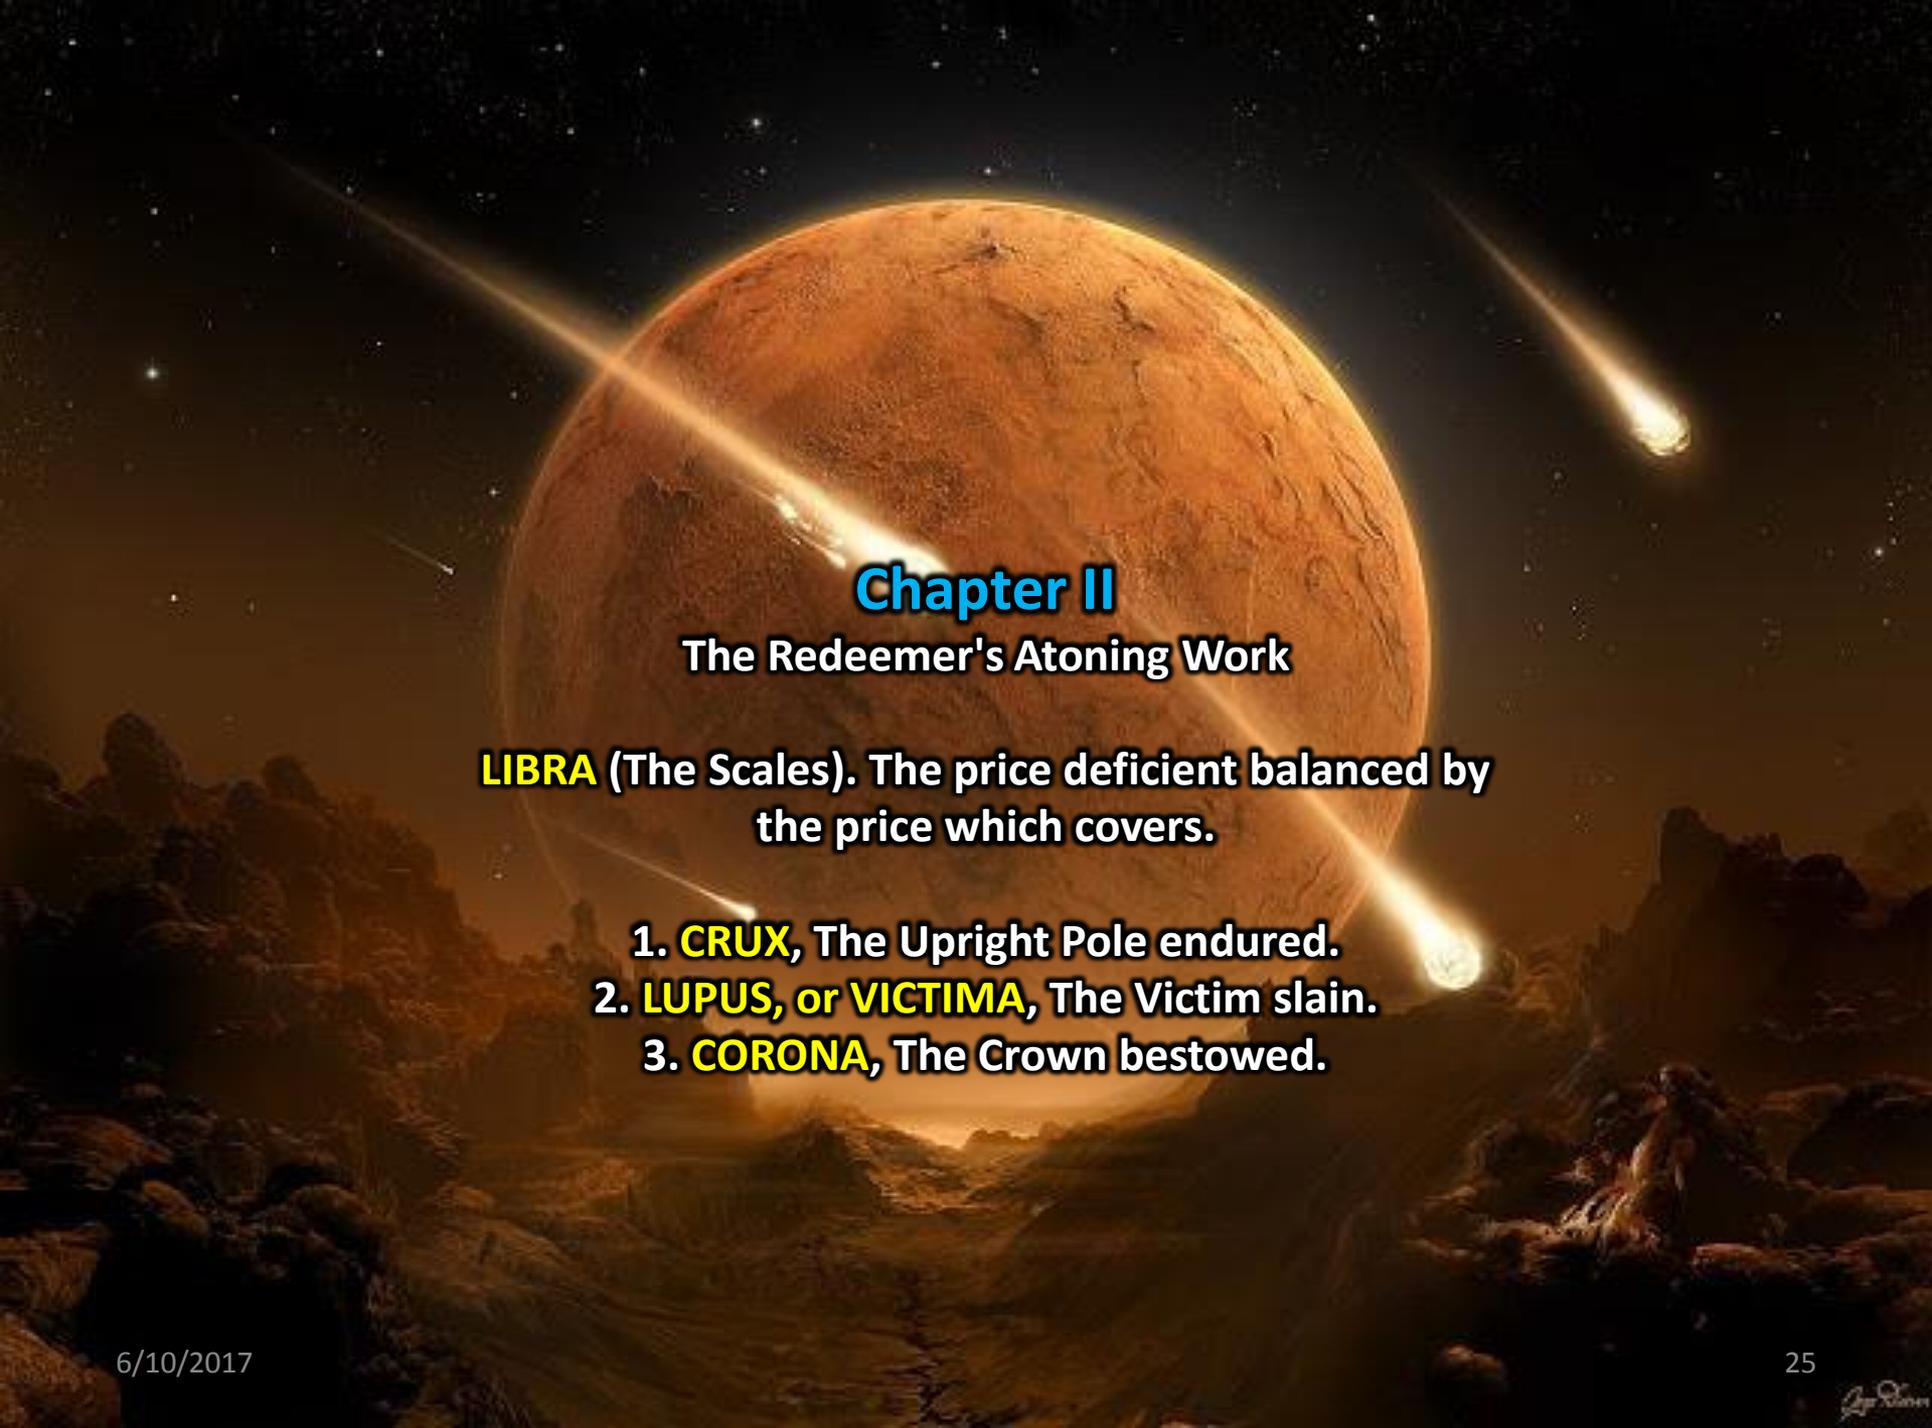

Centaurus

We can readily discern in this legend a corrupted version of the story of the heroic Yahusha, both fully supernatural and fully man, who voluntarily laid down his life.

LIBRA (The Scales). The price deficient balanced by the price which covers.

1. **CRUX**, The Upright Pole endured.
2. **LUPUS, or VICTIMA**, The Victim slain.
3. **CORONA**, The Crown bestowed.

Libra

The sign of the scales (Libra-Moznayim) indicates the Price Which Is Deficient, and the Price Which Covers, describing the fact that Yahusha has paid in full our penalty for sin of the Covenant family who endures to the end and also the meaning of the two bright stars of this sign, Zuben al Genubu (the price of the conflict) and Zuben al Chemali (the price which covers).

Summarizing Libra: a crucified victim who receives a crown based upon the accurate weights and measures of the Torah.

Here we have the crucifixion (Crux is also known as the southern cross) foretold in the sky

The Southern Cross was just visible in the latitude of Jerusalem at the time of the first coming of Yahusha to die. Since then, through the gradual recession of the Polar Star, it has not been seen in northern latitudes

Its ancient name in Hebrew, **karath**, means Cutting Off. This is the same phrase as that used in Daniel 9:26, referring to the great prophecy of the 70 weeks.

This means To Be Slain. The Latins called it Victima, or The Victim.

It was His own act (without which His death would lose all merit), He uttered those solemn words "I lay down my life for the sheep...No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again" (John 10:15-18).

According to the writings of Richard Hinckley Allen (1838-1908), an expert in stellar nomenclature, the Southern Cross was last seen on the horizon of Jerusalem around the time that Yahusha was crucified. But thanks to precession — an oscillating motion of the Earth's axis — the Cross ended up getting shifted out of view well to the south over the ensuing centuries.

Alphecca, Gemma

The bright star in this constellation is Alpacca and means The Shining.

Thus ends this solemn chapter of LIBRA, which describes the great work of Redemption, beginning with the Cross/Pole and ending with the Crown. The Redeemer's work of Atonement is most blessedly set forth, and he alone is seen as the Redeemer for the Covenant family members.

SCORPIO (The Scorpion) seeking to wound, but itself trodden under foot.

1. **SERPENS** (The Serpent struggling with the man).
2. **O-PHI-U-CHUS** (The man grasping the serpent). The struggle with the enemy.
3. **HERCULES** (The mighty man. A man kneeling on one knee, humbled in the conflict, but holding aloft the tokens of victory, with his foot on the head of the Dragon). The mighty Vanquisher seeming to sink in the conflict.

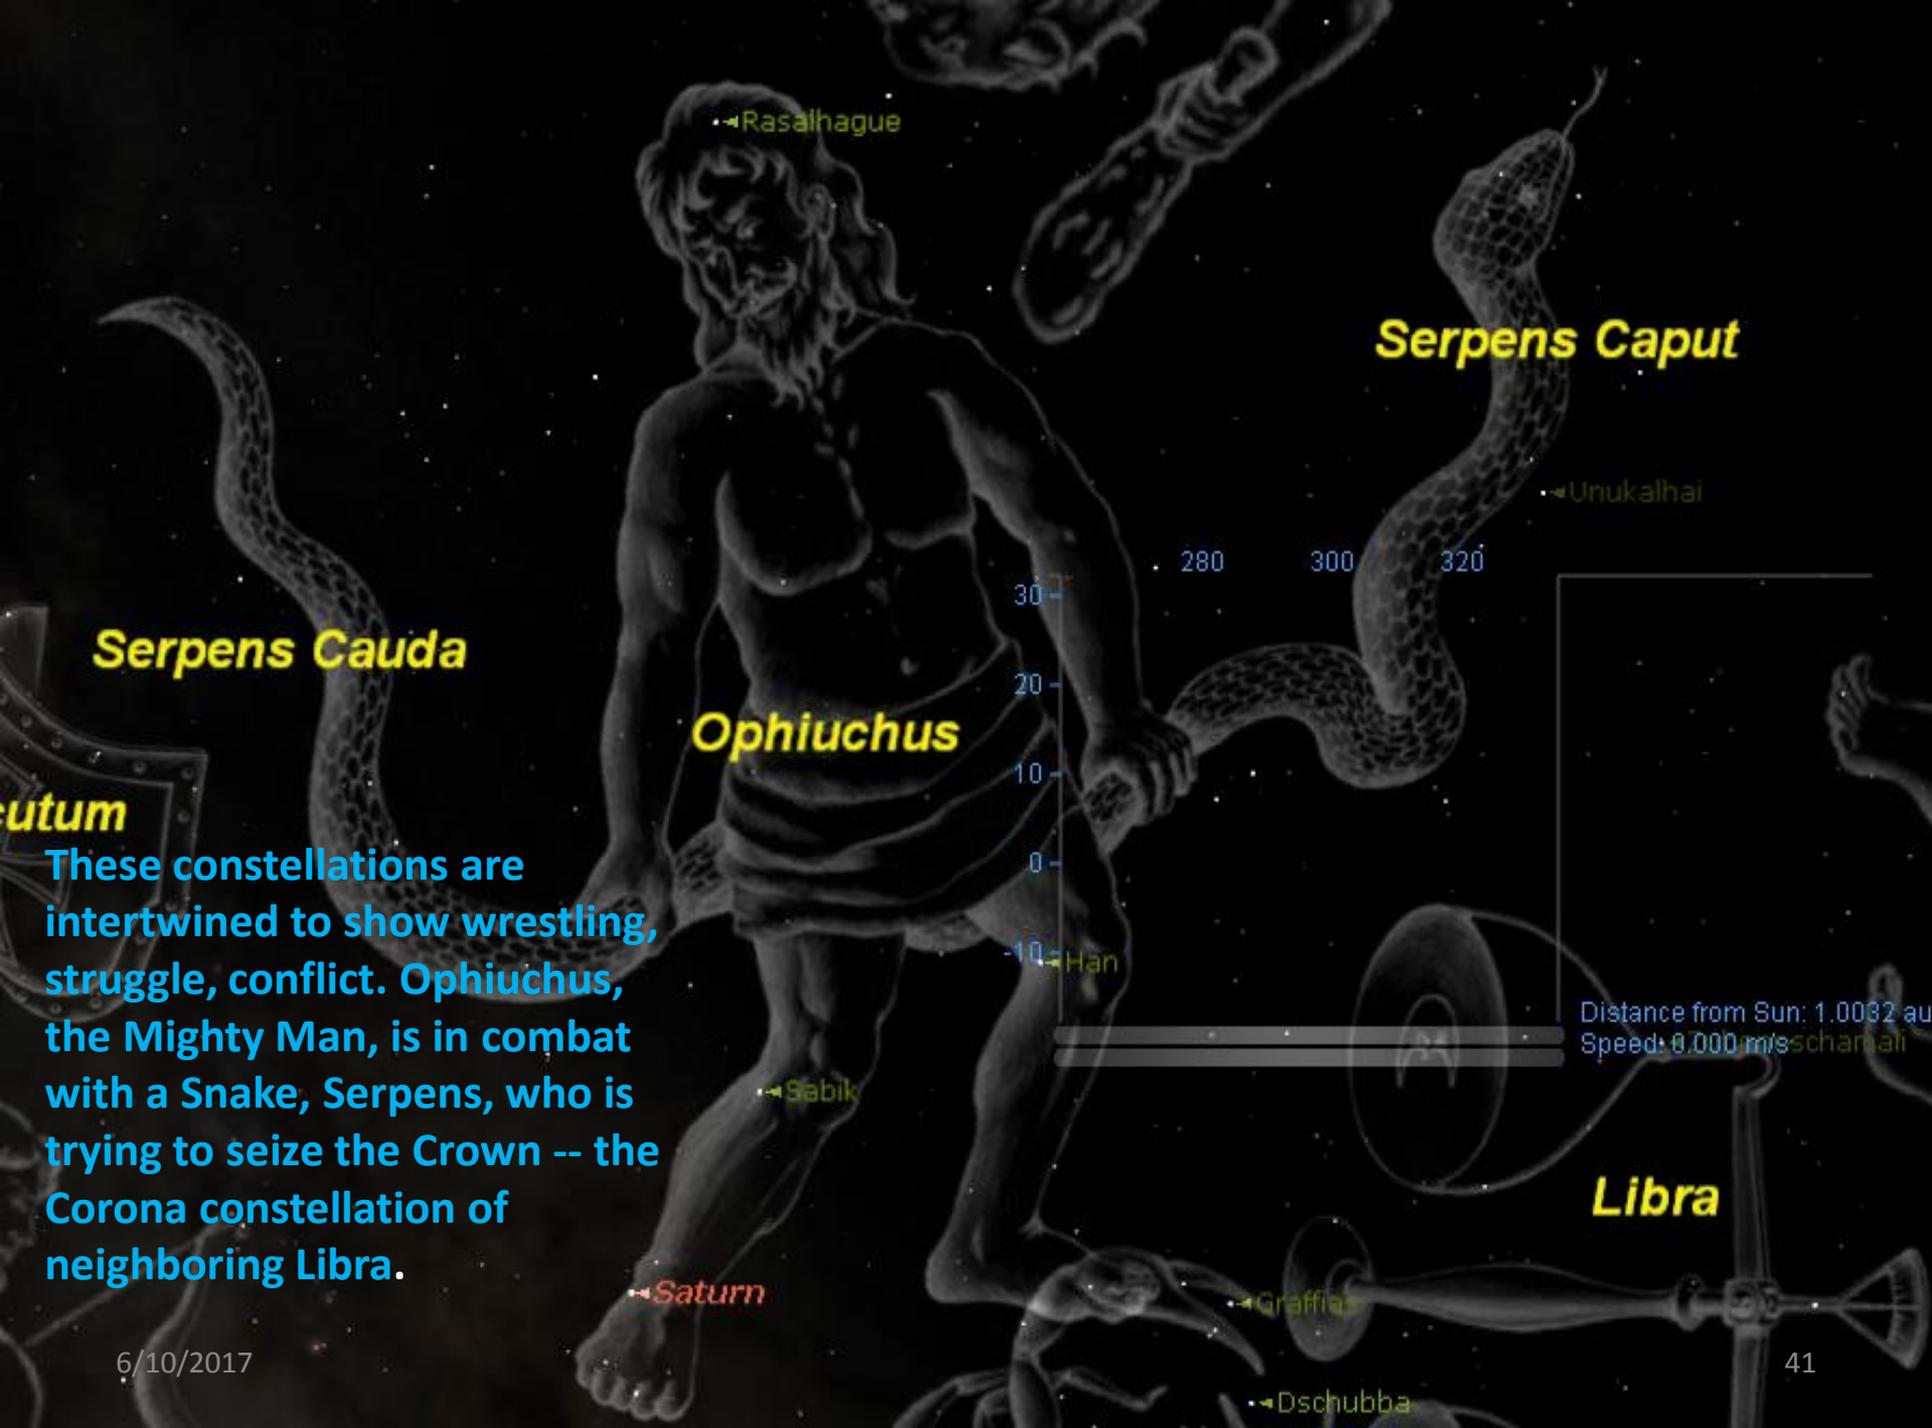

The sign of the scorpion (AkraV) illustrates just what scorpions do that make them so feared among creatures great and small -- attack. This sign portrays the battle that Yahusha waged against his adversary, ha shatan. At the heart of the Scorpio sign is the bright red star, Antares, which means Wounding.

The Greeks were not sure of the proper meaning and origin of the names of the stars, these having been clouded over by the Babylonians many centuries earlier. And so they didn't know what it was that Hercules, or properly, Yahusha, our Mighty Man, was laboring for. But we know he was laboring on the pole, in his war with hashatan, to overcome the penalty of death, and re-establish heaven on the earth.

The Redeemer's Triumph

SAGITTARIUS (The Archer). The two-natured Conqueror going forth
"Conquering and to conquer."

1. **LYRA** (The Harp). Praise prepared for the Conqueror.
2. **ARA** (The Altar). Consuming fire prepared for His enemies.
3. **DRACO** (The Dragon). The Old Serpent--the Devil, cast down from heaven.

This is the sign of the centurion archer (Kesith), again a being with two natures, but this time, as the curtain falls on book one of the three books of the heavenly prophecies, a victorious centaur, instead of despised as before in the sign Virgo. Here we have stars such as Naim, meaning the Gracious One, and Al Warida, Who Comes Forth.

In Sagittarius, we have the portrayal of a returning, victorious archer, receiving musical praise, and sentencing his enemy to the eternal fires of hell.

Rev 6:1-2

And then I paid attention to and considered when the Lamb opened and disclosed one of the seven seals, and I heard and understood one of the four living creatures speaking in a voice like thunder, "Come!" And I looked, and behold, a bright white horse, and the one sitting on it had a bow which is a sign of his strength and power, and a wreath signifying accomplishment and victory was given to him, and he went out conquering and overcoming so that he might prevail and overcome.

Here is a picture of a lyre or harp. The bright star Vega is in this constellation. Vega means He Shall Be Exalted. And so music becomes the vehicle of praise to this conquering archer.

AQUARIUS (The Water-Bearer). The living waters of blessing poured forth for the Redeemed.

1. **PISCIS AUSTRALIS** (The Southern Fish). The blessings bestowed.
2. **PEGASUS** (The Winged Horse). The blessings quickly coming.
3. **CYGNUS** (The Swan). The Blesser surely returning.

Yahusha is the great Aquarius (shaqah-Dli), the water bearer and pourer, who bestows the water of life.

Aquarius
← Neptune

If any man is thirsty, let him come to me and drink.

Aquarius speaks to us of a Waterman pouring out the water of life on his fish, and returning soon to claim his own

Piscis Austrinus

← Fomalhaut

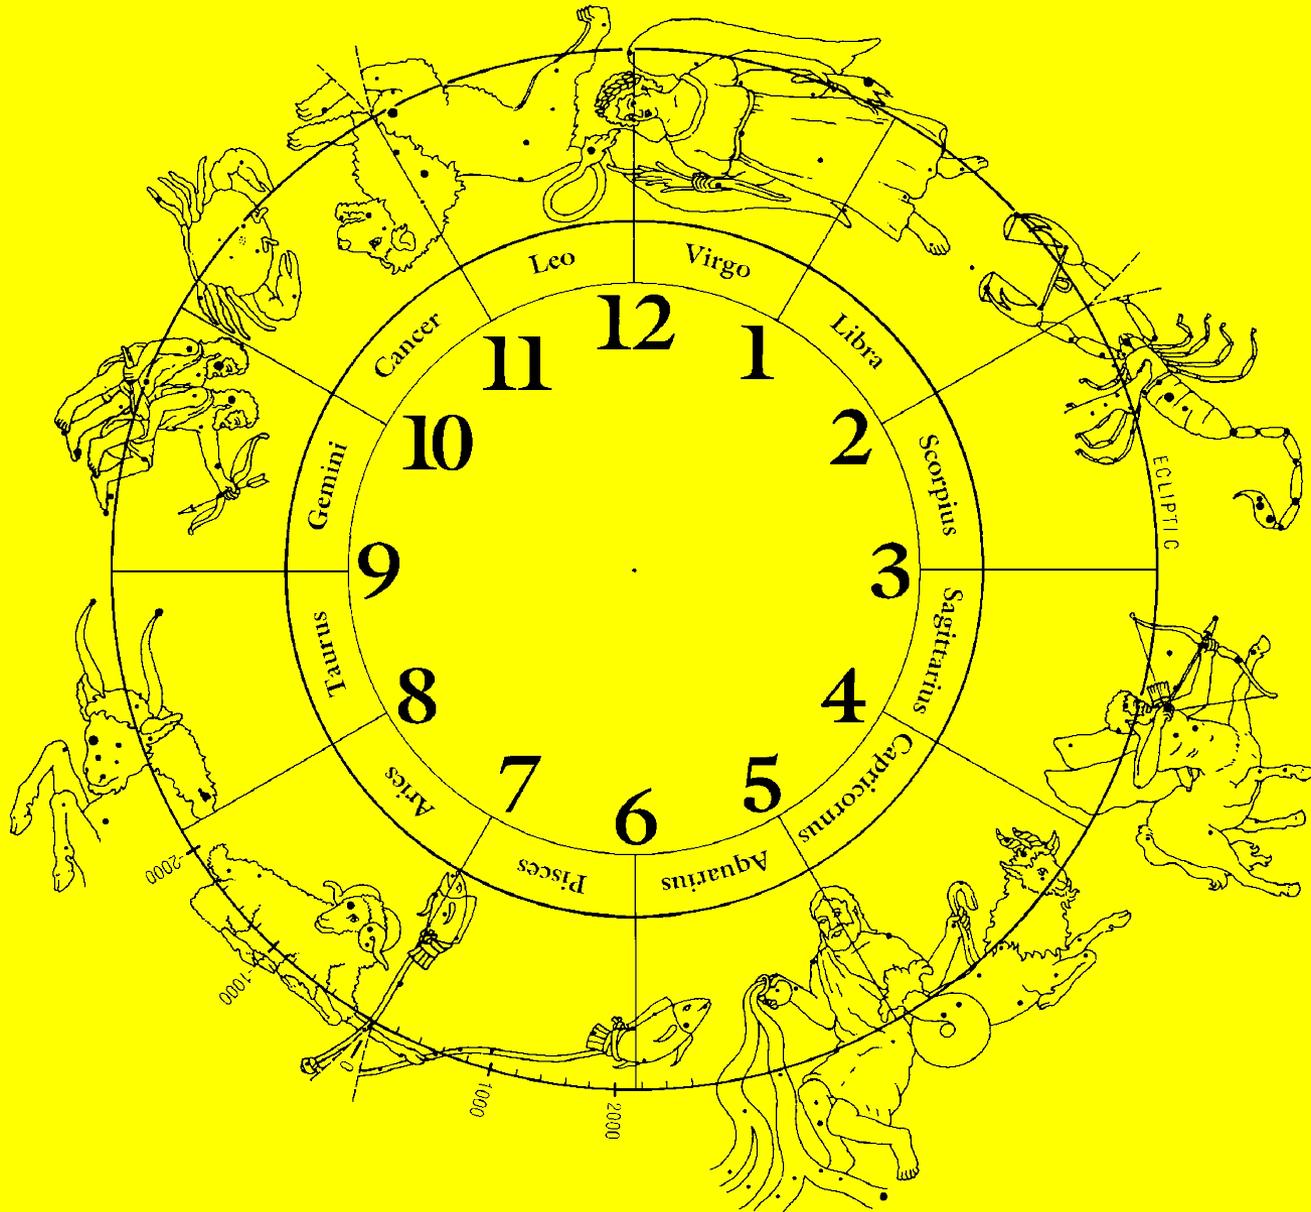

Aquarius is the modern Latin name by which the sign is known. It has the same meaning, the pourer forth of water.

Can we doubt what is the interpretation of this sign? The Greeks, not knowing him of whom it testified, were, like the woman of Samaria, destitute of that living water which he alone can give. They therefore invented some story about Deucalion, the son of Prometheus.

But, as an astronomer says, "We must account otherwise for the origin of this name; for it is not possible to reconcile the symbols of the eleventh sign (because everyone begins to reckon from Aries, and not as we have done from Virgo) with Grecian mythology."

No! we must go further back than that, and not cramp our vision, and distort the Scriptures, by confining our thoughts to "the Church." The Church is nowhere seen in these Signs, as it is nowhere revealed in the Old Testament.

AQUARIUS

The fish -- or the believer -- receives the water from the water pourer. The bright star in this constellation is Fomalhaut, The Mouth of the Fish.

Piscis Austrinus

• → Fomalhaut

It sets forth the simple truth that the blessings procured by the MAN--the coming Seed of the woman, will be surely bestowed and received by those for whom they are intended.

There will be no failure in their communication, or in their reception. What has been purchased shall be secured and possessed.

Pegasus means winged horse. Here we have the figure of the chief on a horse, Yahusha returning to earth. The star names in this famous constellation include: Markab, Returning From Afar; Scheat, Who Carries; Enif, The Branch; and Matar, Who Causes to Overflow (joy and the Ruach ha Qodesh teaching of the Torah).

Peka or Pega, is in Hebrew the chief, and Cuwc-(Sus) is horse. So that the very word (Pegasus) has come down to us and has been preserved through all the languages.

Cygnus. Sometimes called the Northern Cross, this is the perfect counterpoint to the anguish of the Southern Cross. For here is a picture of a swan circling, and then returning to, earth.

PISCES (The Fishes). The Redeemed blessed though bound.

2. **ANDROMEDA** (The Chained Woman). The Redeemed in their bondage and affliction.
3. **CEPHEUS** (The King). Their Redeemer coming to rule.

In Pisces (Dagim), we have two fish bound together with a cord the two fish are Israel and Judah.

In Scripture, the heathen nations are sometimes symbolized by the sea. And so Yahuah's people Israel are seen as fish in the sea of nations, taken away from their place of promise and blessing

Pisces

Even though these fishes are bound, the expectation of Yahusha's coming is before them.

Pisces tells us about the blessings of salvation held in reserve for Israel, her immersion by fire, and the King that will come to free her.

2. **CETUS** (The Sea Monster). The great enemy bound.
3. **PERSEUS** (The Breaker). Delivering His redeemed.

This Aries (Telah) sign means ram to most of us today, but the oldest zodiacs indicate a lamb, rather than a full-grown ram. The connotation here, then, is gentle, merciful - attributes of Yahusha. This is the vigorous Lamb of Yahuah, not falling in death like the Capricorn goat, but alive, well, whole, victorious.

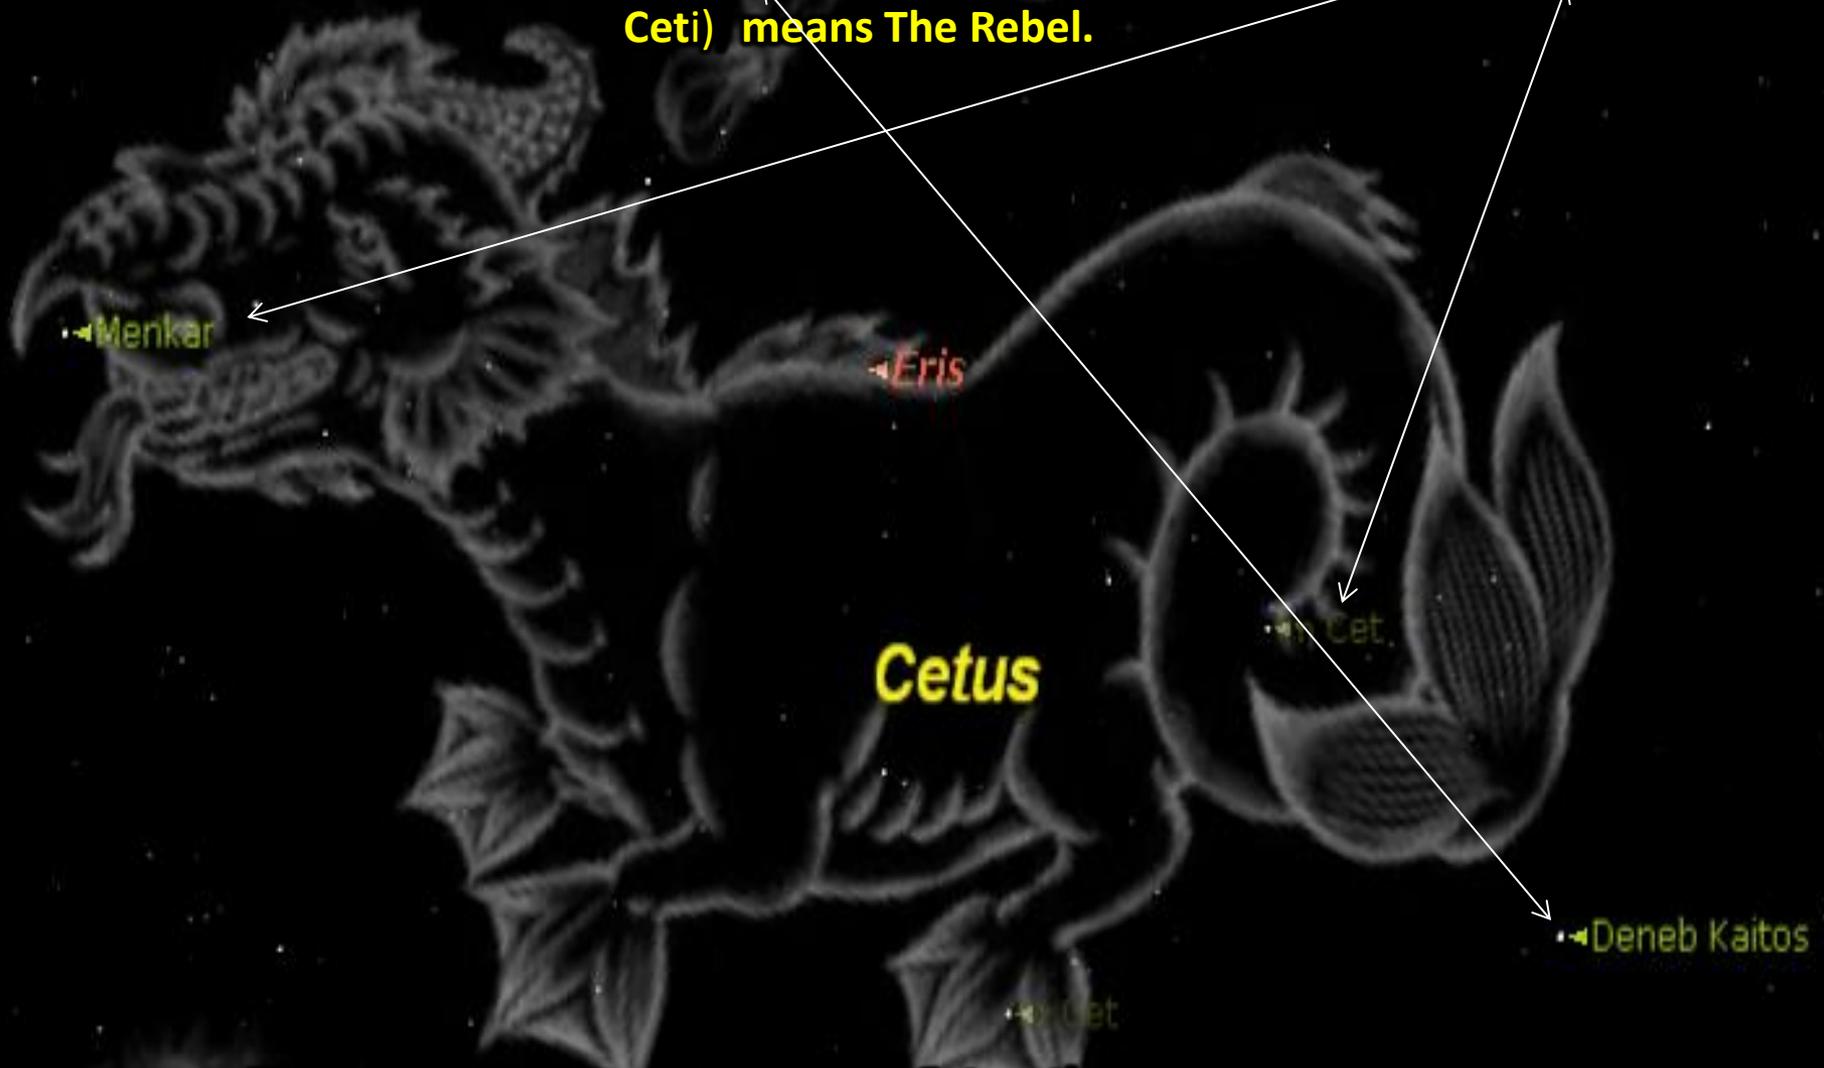

Aries, a sign that shows us Israel is blessed at last, the Champion subduing and destroying his enemy from the earth.

Cassiopeia

Cassiopeia. This is Andromeda, Israel, after the return of Yahusha -- free, happy, blessed. The name means The Beautiful, The Enthroned, the Daughter of Splendor.

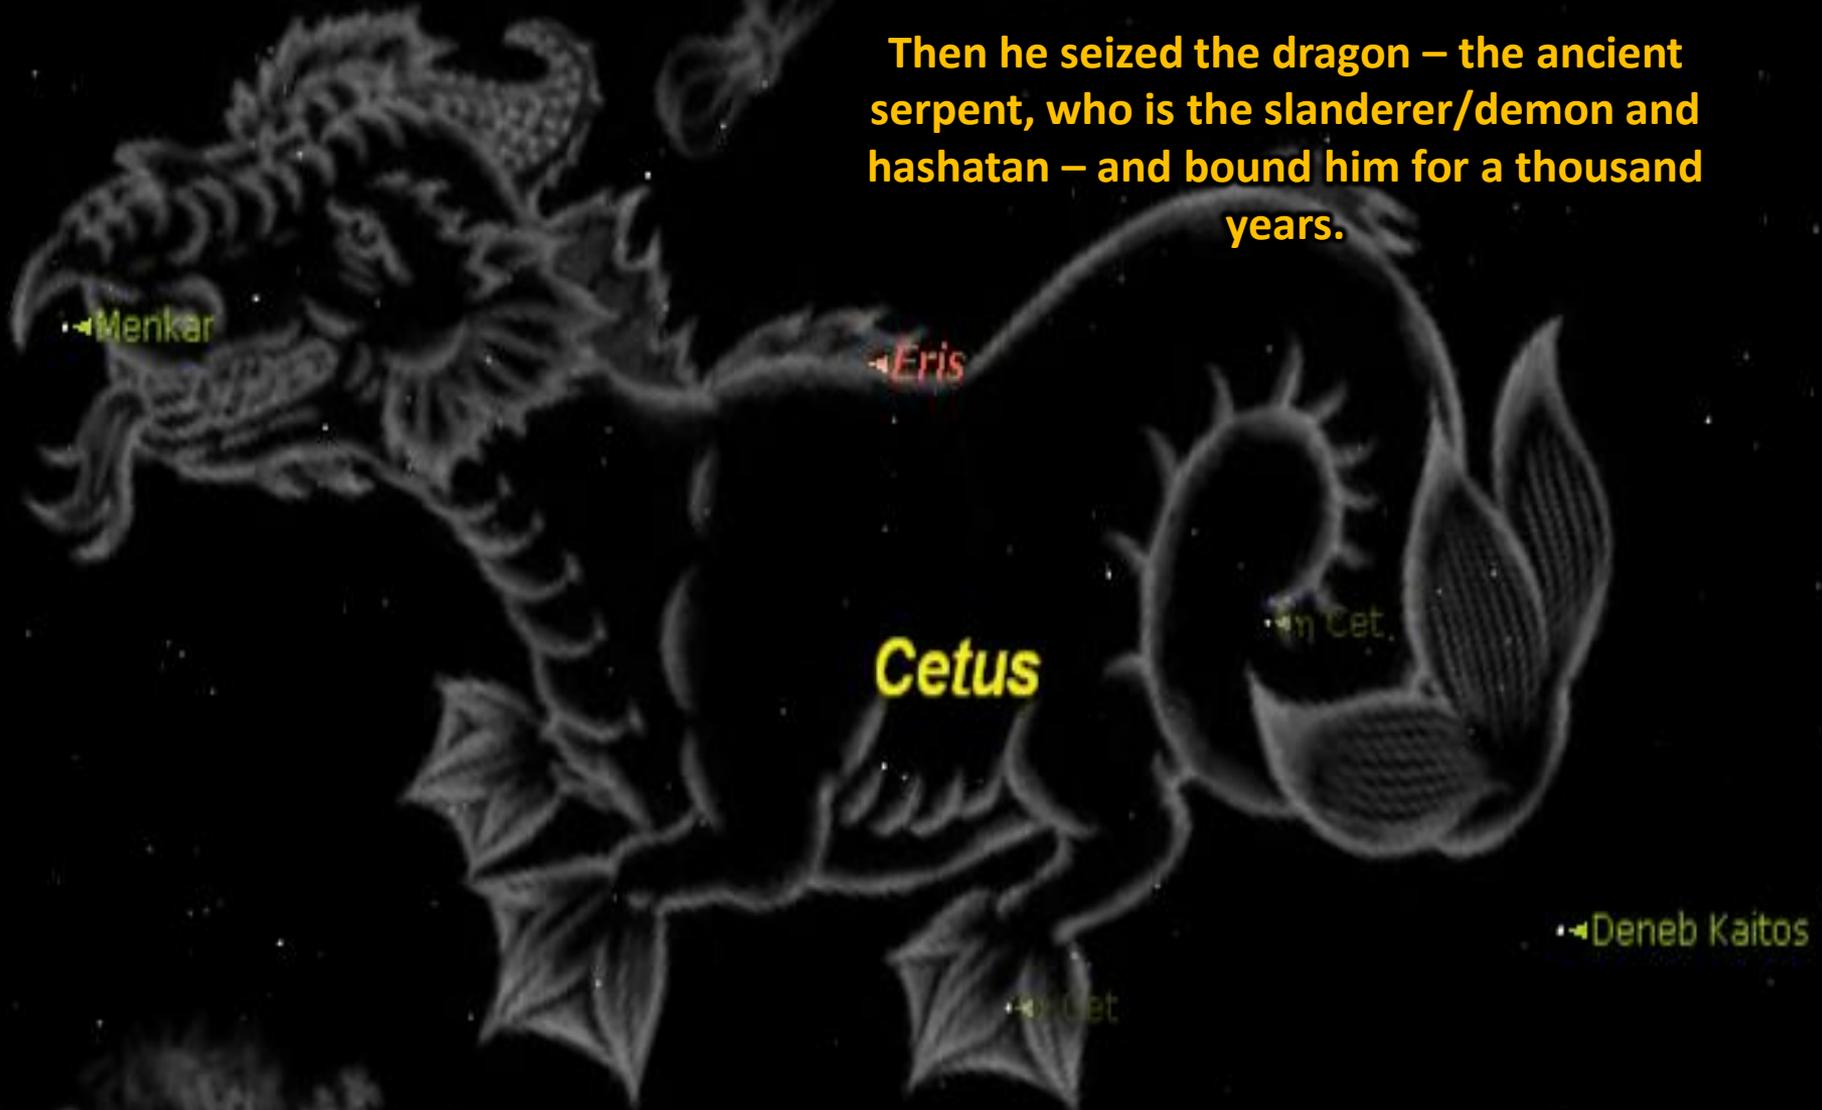

Cetus. The sea monster. The great enemy is shown here bound. The star Menkar here means The Enemy Chained. Deneb Kaitos means Overthrown. Mira (Omicron Ceti) means The Rebel.

The Second Book concludes with Cetus, the Sea Monster, Leviathan, bound.

Revelation 20:2

Then he seized the dragon – the ancient serpent, who is the slanderer/demon and hashatan – and bound him for a thousand years.

Yahuah, The Coming Judge of All the Earth

TAURUS (The Bull). Yahusha coming to rule.

1. **ORION**, Light breaking forth in the person of the Redeemer.
2. **ERIDANUS** (The River of the Judge). Wrath breaking forth for His enemies.
3. **AURIGA** (The Shepherd). Safety for the Redeemed in the day of that wrath.

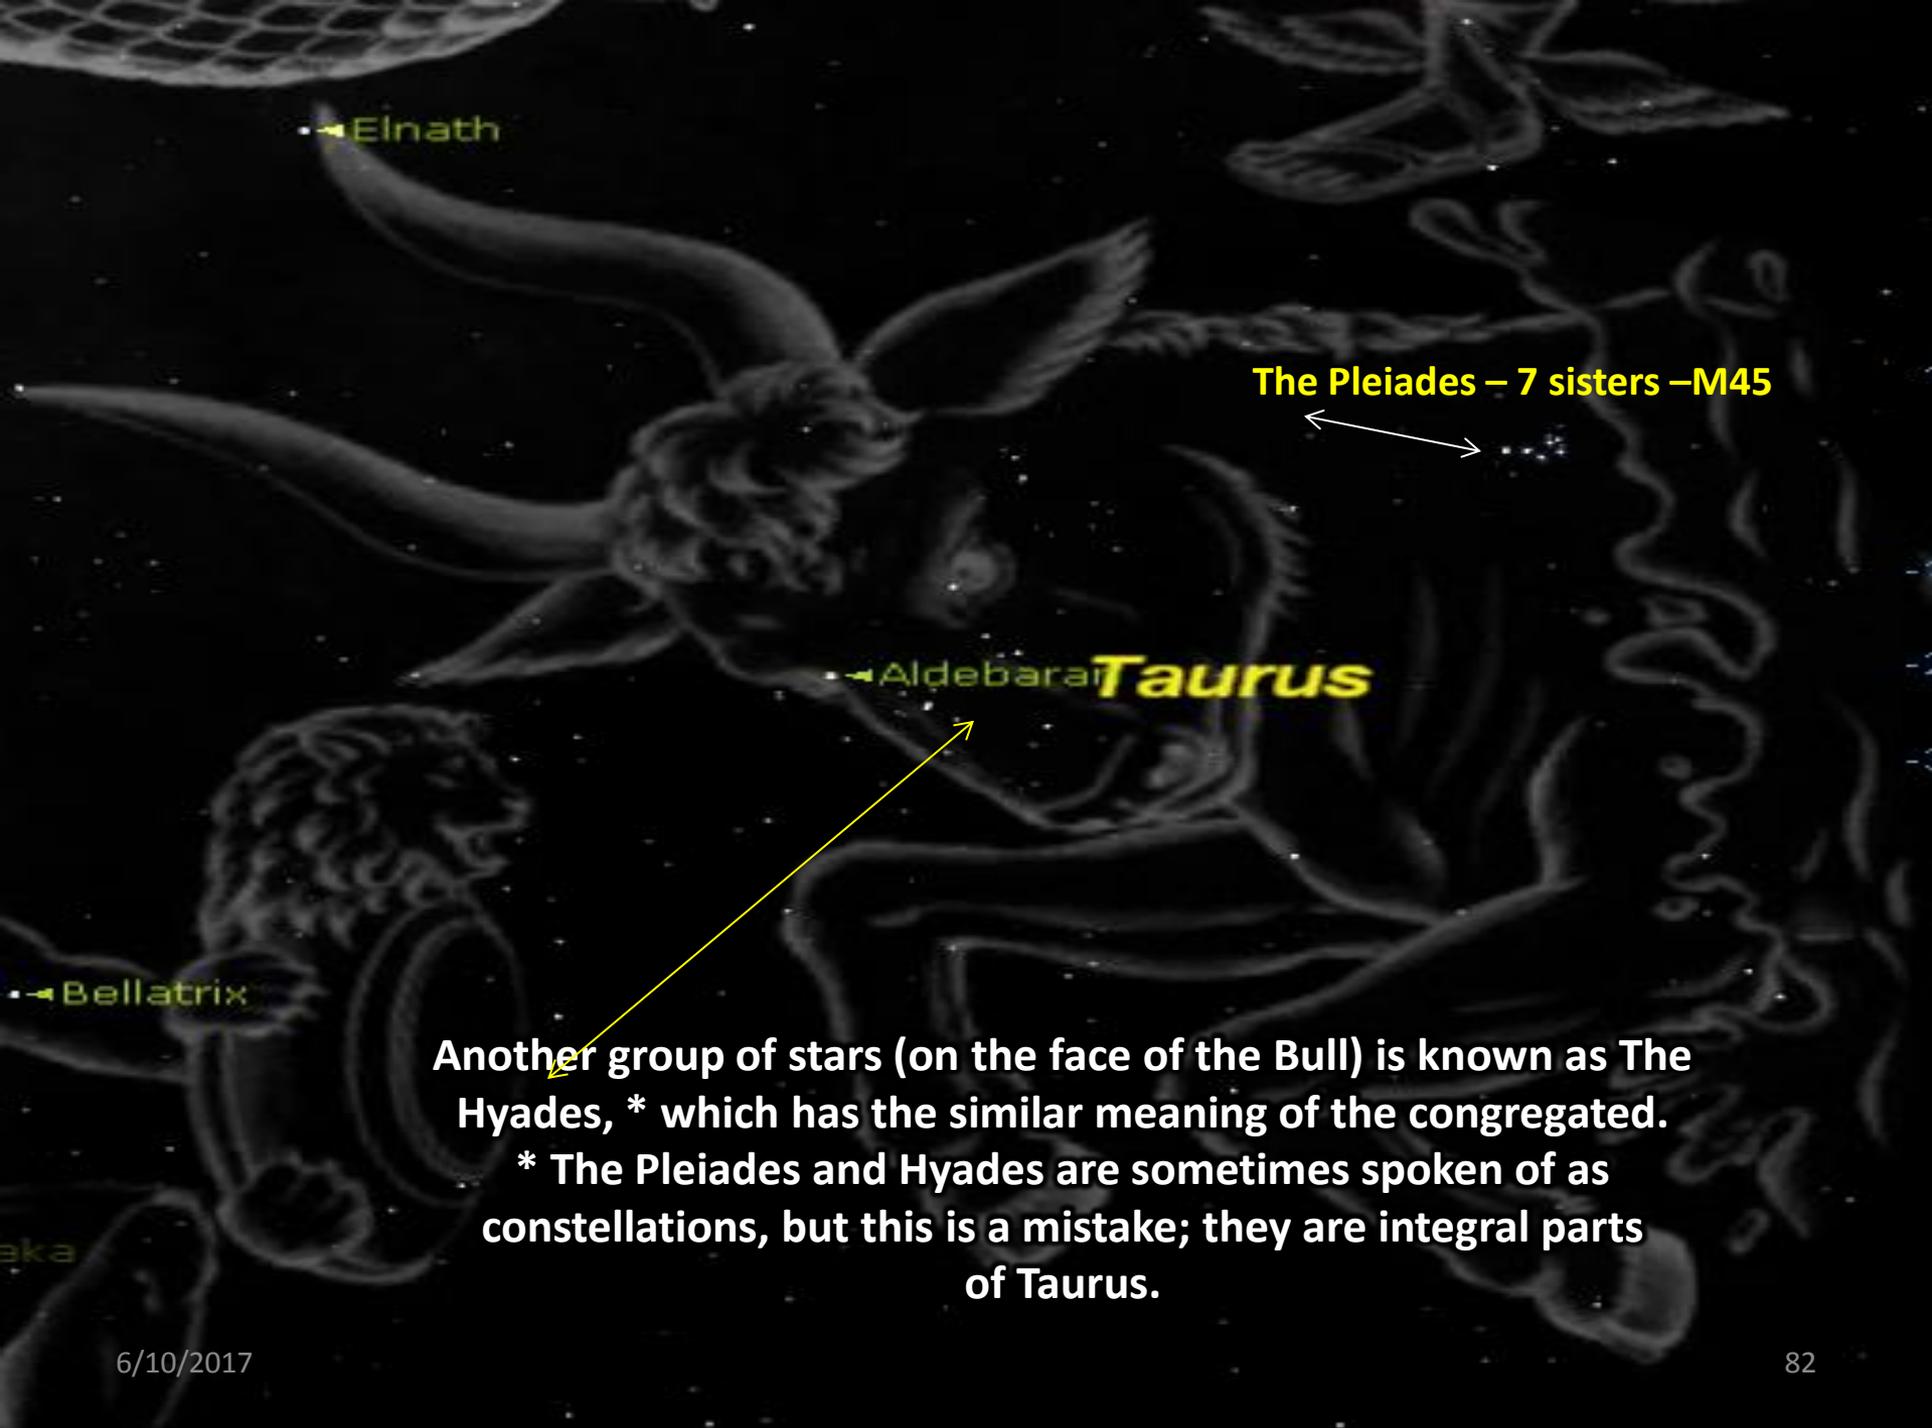

The bright-reddish star in the Bull's eye is Aldebaran, The Governor, Captain, Leader. The bright star at the tip of the left horn of the bull is Elnath, The Wounded. This is talking about Yahusha, the wounded one, who will return to earth with fury and vengeance.

Taurus

Taurus (Shur), in the plan of Yahuah written in the skies, is not a docile, domestic bull at all! In the ancient Hebrew scriptures, this animal was called a rimu. Now extinct, this was a ferocious relative of domestic cattle.

Taurus opens the last -- and yet future -- book of Yahuah by illustrating the triumph and brightness of the Judge who is coming to rule, the fiery wrath poured out on His enemies, and the protection of His people at this time.

→ Elnath

The Pleiades – 7 sisters – M45

→ Aldebaran **Taurus**

→ Bellatrix

Another group of stars (on the face of the Bull) is known as The Hyades, * which has the similar meaning of the congregated.

* The Pleiades and Hyades are sometimes spoken of as constellations, but this is a mistake; they are integral parts of Taurus.

Orion (Kesil) is the coming Prince. In the Hebrew, Owr-ion, or Coming Forth as Light. The brightest star is Betelgeuse, The Coming of The Branch. Bellatrix, Swiftly Destroying. Rigel, The Foot That Crushes.

In his right hand he lifts on high his mighty club; while in his left he holds forth the token of his victory--the head and skin of the "roaring lion." We ask in wonder, "Who is this?"

Such is the cumulative testimony of Orion's stars, which, day after day, and night after night, show forth this knowledge. That testimony was afterwards written in the Book. The Prince of Honor, who was once wounded for the sins of his redeemed, is about to rise up and shine forth for their deliverance. Their redemption draws near.

Eridanus

Fornax

Eridanus

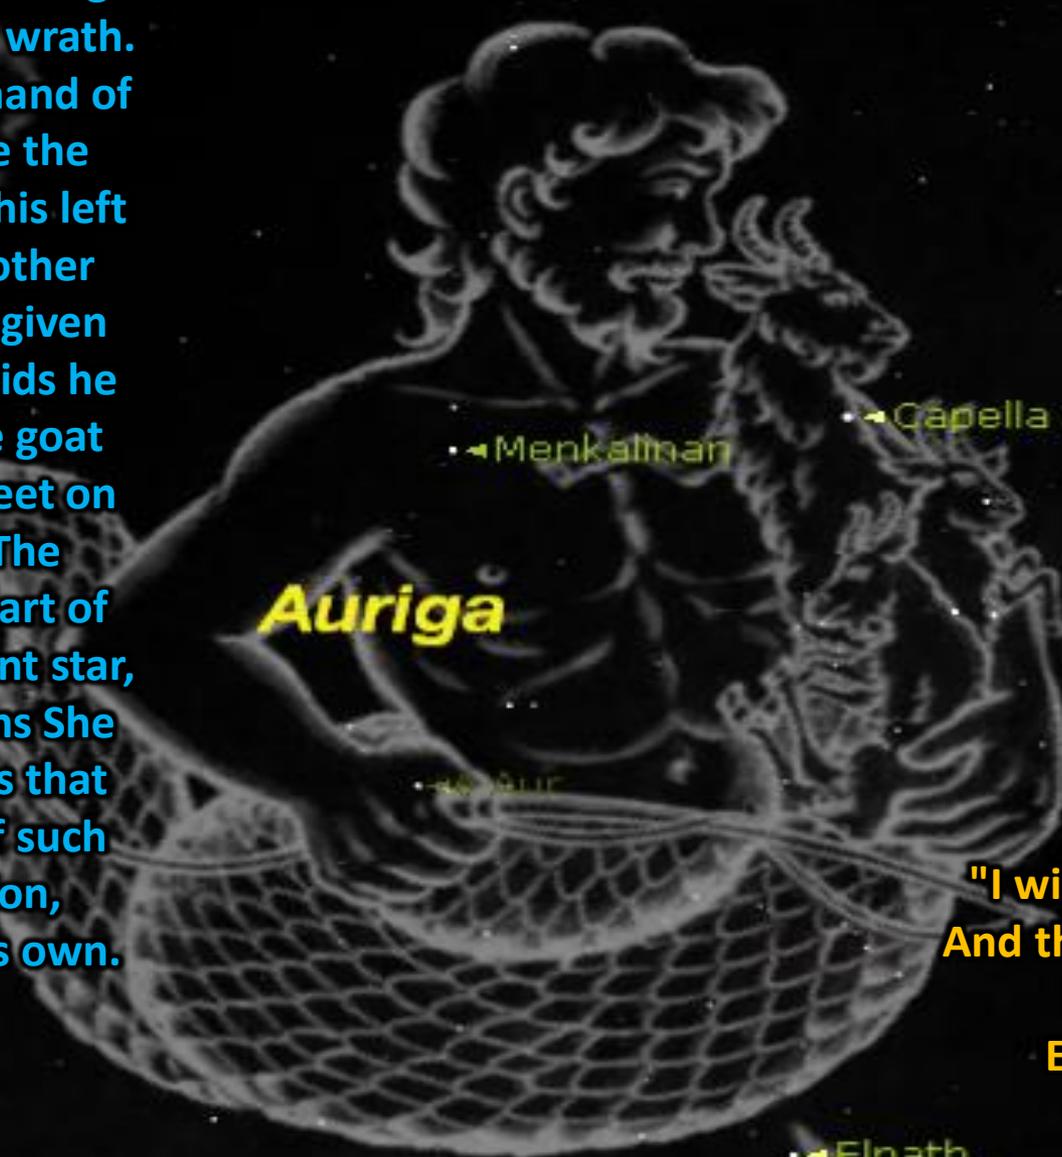

Horologi

Caelum

Eridanus, this is a river of fiery judgment. Achernar (Acamar) means the end of The River; Cursa, Bent Down (footstool); Zourac.(Zaurak), Flowing. This constellation depicts the fire of Yahuah's judgment poured out on the world that still rejects Him at His return.

The Shepherd, protecting his own in the day of wrath. He sits in calm command of the situation above the rushing wild bull. In his left hand he holds a mother goat which has just given birth to the pair of kids he holds in his lap. The goat rests with its front feet on the shoulders of The Shepherd. In the heart of this goat is the brilliant star, Capella, which means She Goat. This illustrates that even in the midst of such fury and retribution, Yahusha cares for his own.

And they shall no more
be a prey."
Ezekiel 34:22**

THE GEMINI CONSTELLATION:

INCLUDES:

CANIS MINOR

Chapter II

Yahusha's Reign as Prince of Peace

GEMINI (The Twins). The twofold nature of the King.

1. **LEPUS** (The Hare), or **THE ENEMY** trodden under foot.
2. **CANIS MAJOR** (The Dog), or **SIRIUS**, the coming glorious Prince of Princes.
3. **CANIS MINOR** (The Second Dog), or **PROCYON**, the exalted Redeemer.

Gemini (Thaumim) is the sign of the twins. In the Latin, these are Castor and Pollux. The former meant Ruler; the latter, The Laboring Sufferer. So here we have the dual assignments of Yahusha, the Mighty One who is coming as the Ruling Prince who suffered.

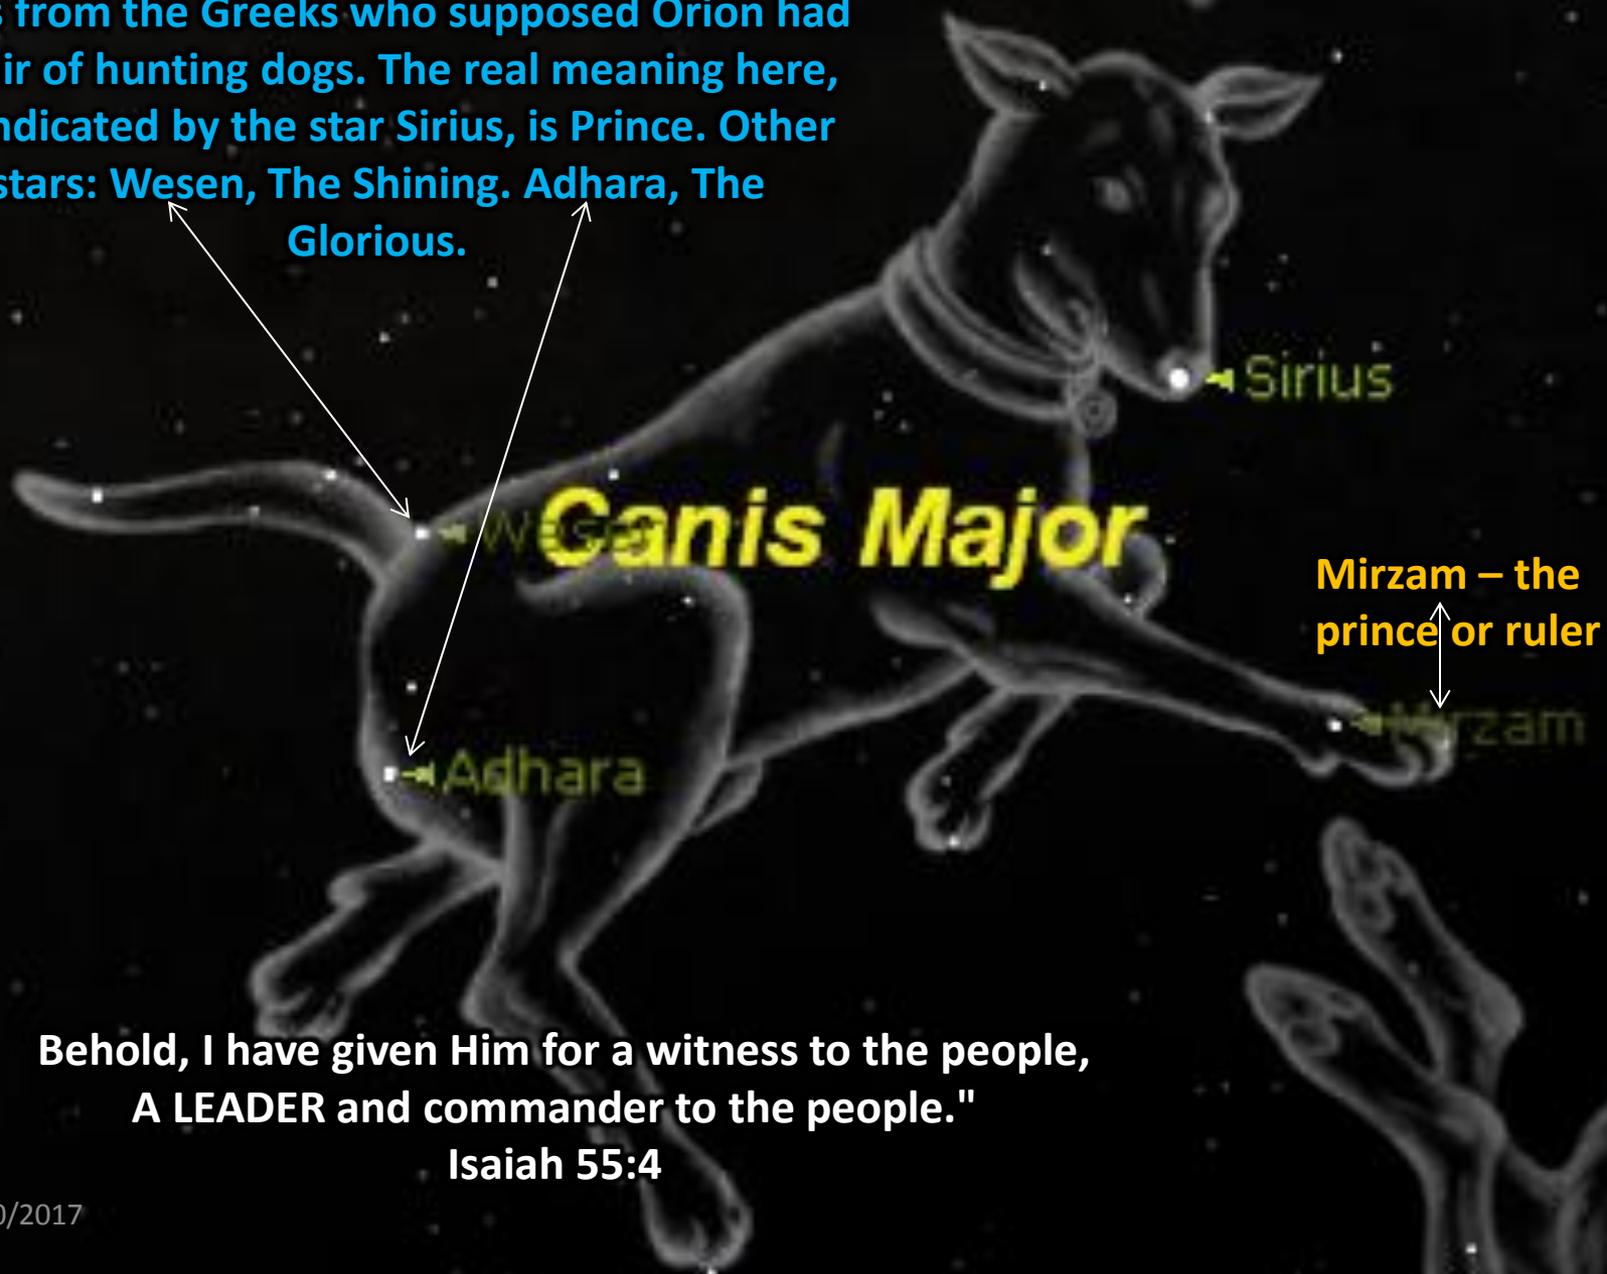

So the meaning of Gemini becomes clear. The key is duality. Both in Gemini itself, and in its attending constellations. Canis Major has Sirius, The Glorious Prince. Canis Minor has Procyon, The Exalted Redeemer. Canis Major has a star called The Prince of the Right Hand; Canis Minor has a star named The Prince of the Left Hand. Everything here bespeaks the twofold nature of Yahusha: Prince, King and Redeemer.

The star here is Arneb, The Enemy of Him Who Comes.
Another, Nihal, means The Mad. This is ha-shatan.

Canis Major means Great Dog. That came down to us from the Greeks who supposed Orion had a pair of hunting dogs. The real meaning here, as indicated by the star Sirius, is Prince. Other stars: Wesen, The Shining. Adhara, The Glorious.

Behold, I have given Him for a witness to the people,
A LEADER and commander to the people."
Isaiah 55:4

Canis Minor. This is supposed to be the lesser dog, again a Greek misappropriation of the real meaning here. To get to the real meaning of these constellations, the rule is to go with star names, rather than picture patterns. Procyon is the major star here, Redeemer.

Chapter III

Yahusha's Redeemed Possessions

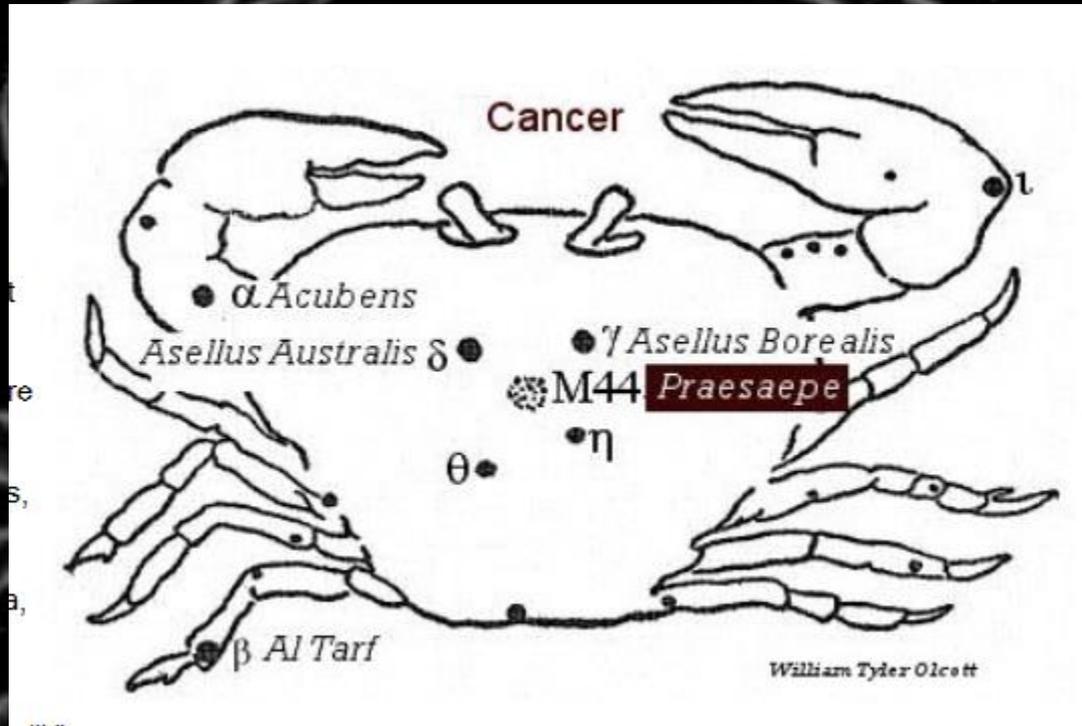

CANCER (The Crab). The possession held fast.

1. **URSA MINOR** (The Lesser Bear). The lesser sheepfold.
2. **URSA MAJOR** (The Great Bear). The fold and the flock.
3. **ARGO** (The Ship). The redeemed pilgrims safe at home.

Cancer (Sartan, Syriac) is the sign of the crab. The meaning here is that of holding on tight. The brightest star in Cancer is Tegmine, Holding. Another is Acubens, Sheltering, Hiding Place.

The crab almost certainly was not the original symbol for this section of the zodiac. Much more likely is the idea of an inn or sheltering place. One star cluster is named Praesepe, The Manger. Another, Aselli, Asses or Donkeys. The idea here then is shelter, safety, security for the people of Yahuah during the last days of tribulation.

So in Cancer we see the secure resting place for the people of Yahuah, the covenant family members who endures, when Yahusha returns to the earth to establish his reign. Basically we are looking at the new Jerusalem.

This is widely known as the Little Bear. The real meaning may be had from the root of the constellation name Arcas, The Stronghold of the Saved. Other stars lend further insight. Kochab, Waiting for the Coming. Alpherkadain (Zeta Ursae Minoris), The Redeemed Assembly. Annassurra (Cynosure, Polaris), High In Rising.

Polaris

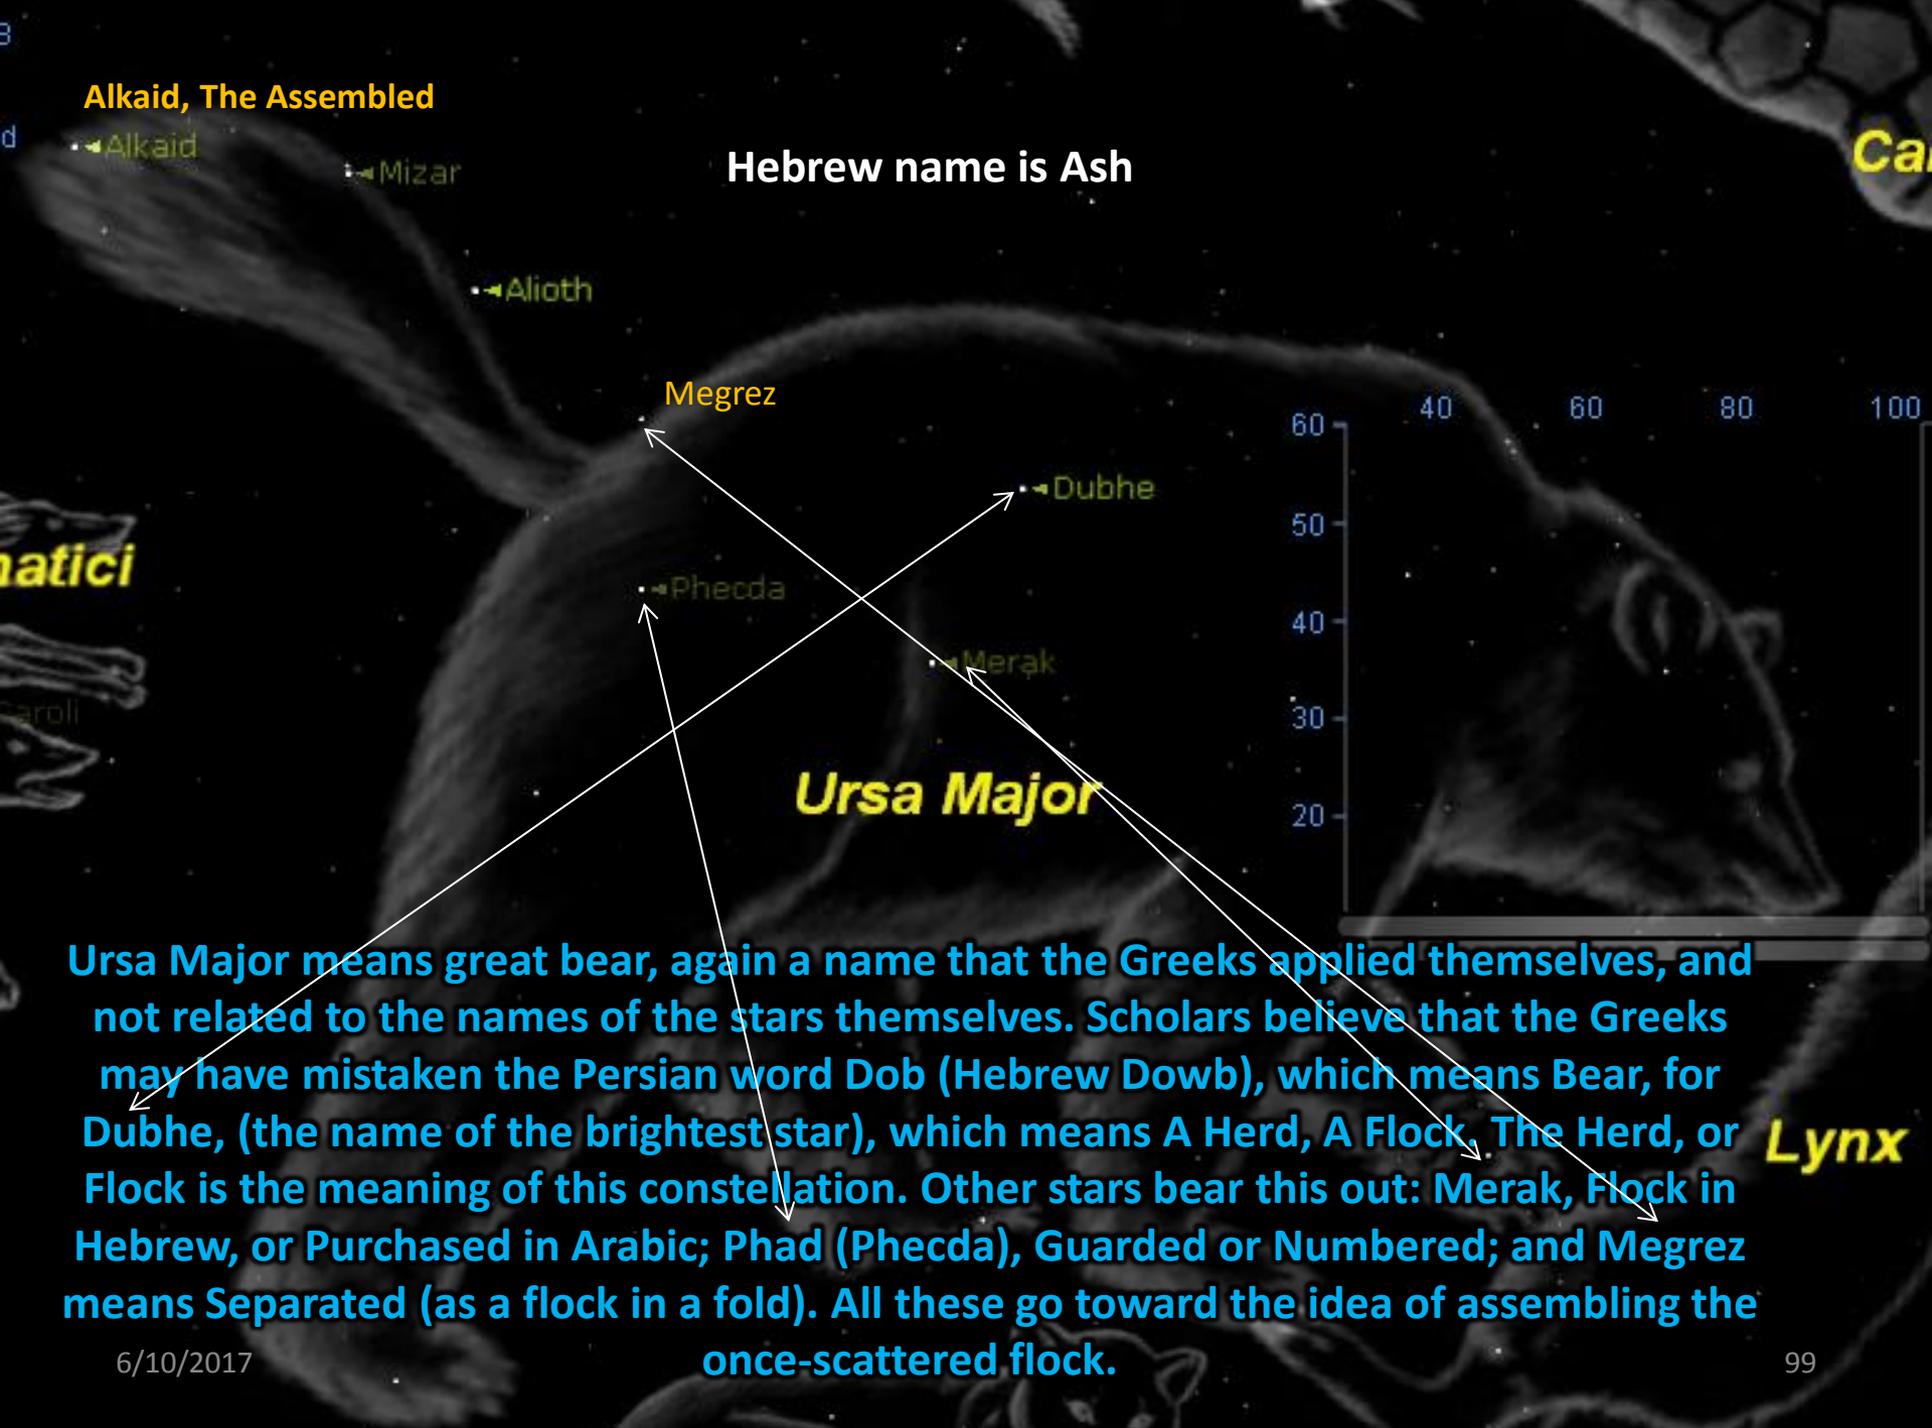

The Polar Star has been removed from the Dragon, and is now in the Lesser Fold; and when the Dragon shall be cast down from the heavens, the heavenly seed will be safely folded there.

Ursa Minor

Zeta Ursae Minoris

Alkaid, The Assembled

Hebrew name is Ash

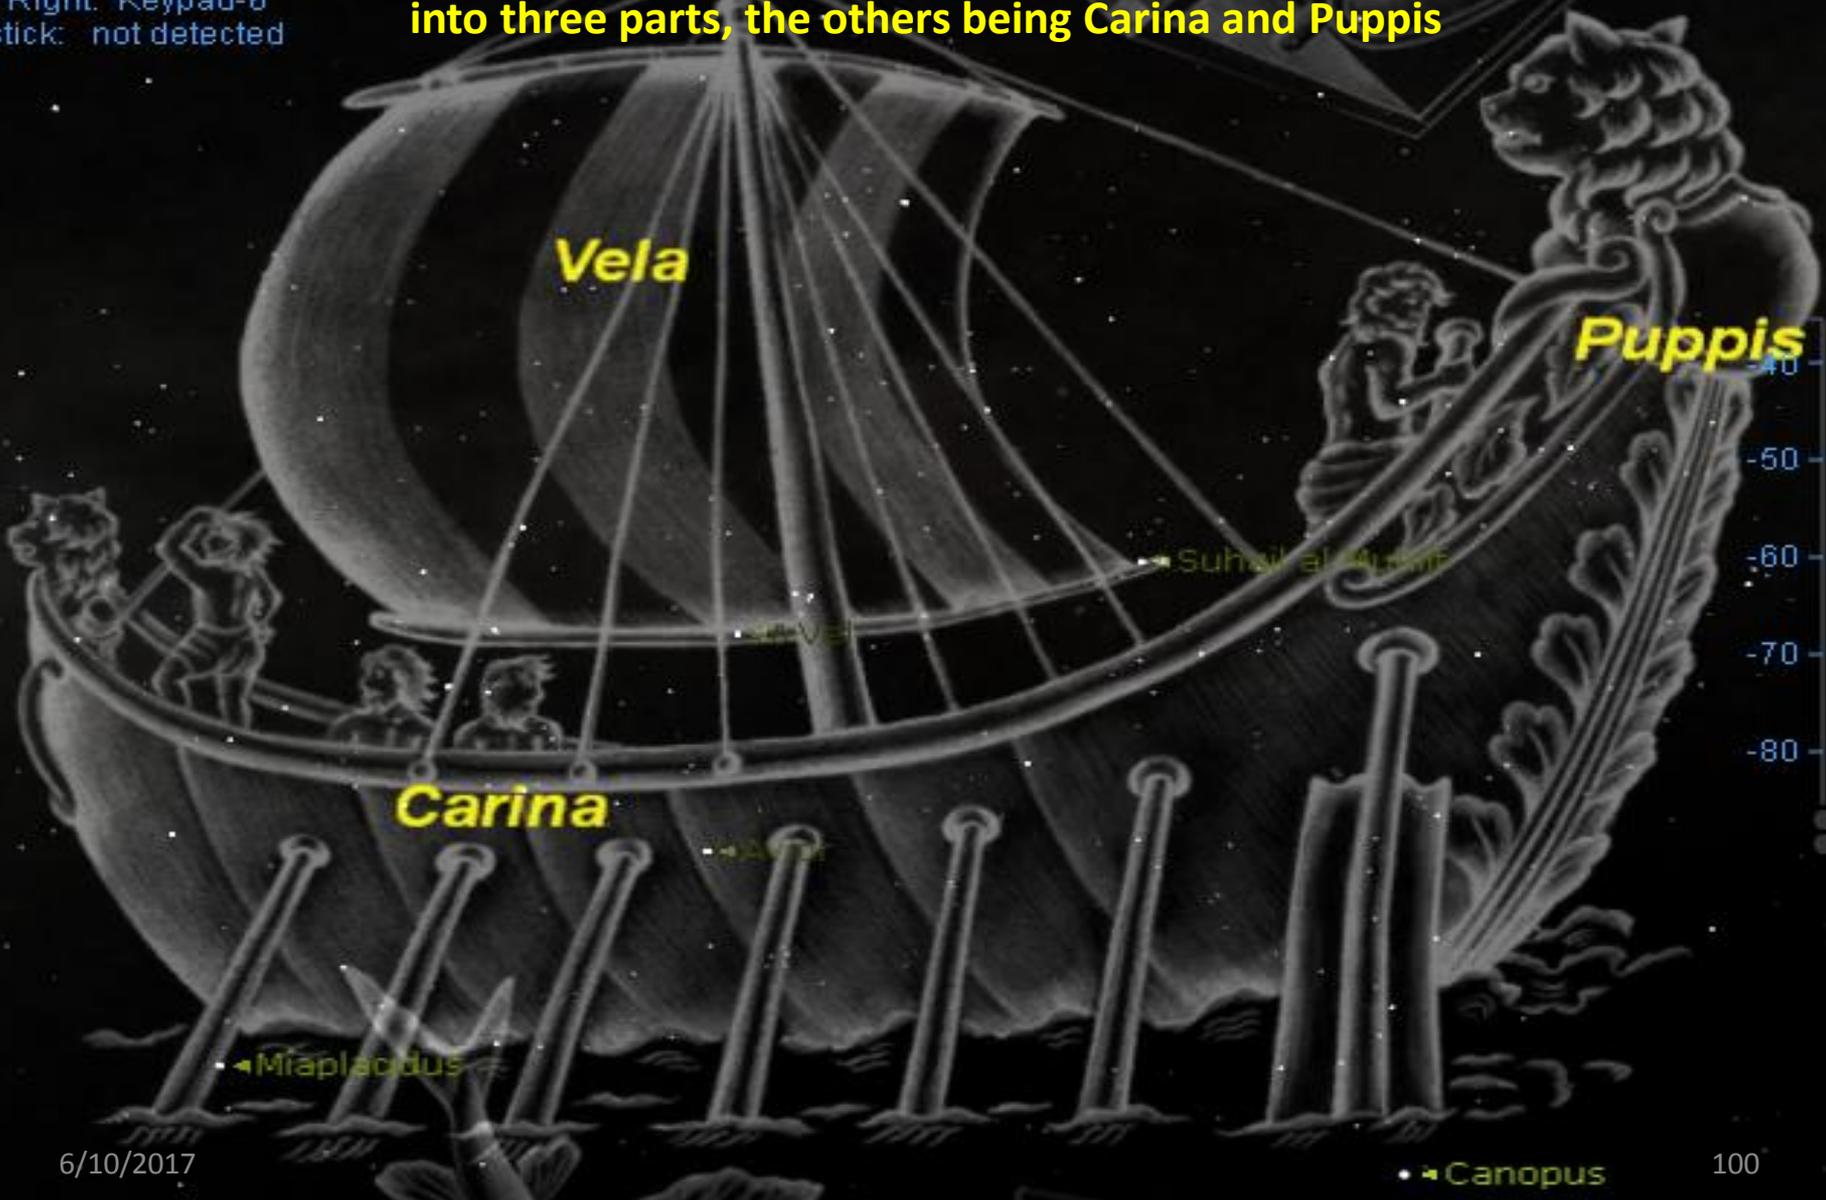

Ursa Major means great bear, again a name that the Greeks applied themselves, and not related to the names of the stars themselves. Scholars believe that the Greeks may have mistaken the Persian word Dob (Hebrew Dowb), which means Bear, for Dubhe, (the name of the brightest star), which means A Herd, A Flock, The Herd, or Flock is the meaning of this constellation. Other stars bear this out: Merak, Flock in Hebrew, or Purchased in Arabic; Phad (Phecda), Guarded or Numbered; and Megrez means Separated (as a flock in a fold). All these go toward the idea of assembling the once-scattered flock.

Vela is a constellation in the southern sky. Its name is Latin for the sails of a ship, and it was originally part of a larger constellation, the ship Argo Navis, which was later divided into three parts, the others being Carina and Puppis

Argo. In mythology, this is the ship that carried Jason and his companions in their search for the Golden Fleece. It is A Company of Travelers, a prophetic illustration of the secure arrival of Yahuah's people back to the land of blessing. The lead star is Canopus, The Possession of Him Who Comes. Soheil (Suhail al Muhlif), The Desired.

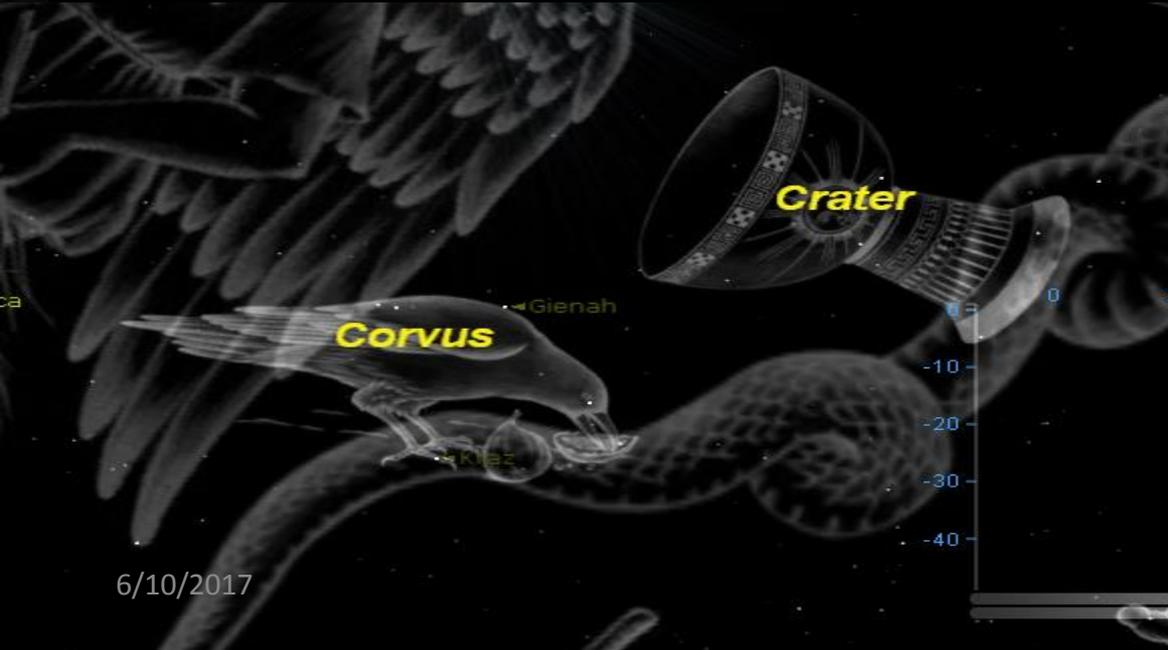

This is the return of the great emigrant-ship (Argo) and all its company of travelers (for this is the meaning of the word Argo).

**"Therefore, fear you not, O My servant Jacob, says Yahuah; Neither be dismayed, O Israel: For, lo, I will save you from afar, and your seed from the land of their captivity; And Jacob shall return and be in rest, and be quiet, and none shall make him afraid, for I am with you, says Yahuah, to save you."

THE LEO CONSTELLATION:
INCLUDES:
HYDRA
CORVUS & CRATER

Chapter IV

Yahusha's Consummated Triumph

LEO (The Lion). The Lion of the Tribe of Judah aroused for the rending of the Enemy.

1. **HYDRA** (The Serpent). That old Serpent--the Devil, destroyed.
2. **CRATER** (The Cup). The cup of Divine wrath poured out upon him.
3. **CORVUS** (The Crow, or Raven). Birds of prey devouring him.

The sign of the lion, the Lion of the tribe of Judah, and the last heavenly sign of revelation. Here is the Anointed in consummated triumph. The star Regulus means Treading Underfoot. Denebola is The Judge Who Comes. Algiebha, The Exaltation, meaning the Great Lion. Alasad (Rasalas), The Tearing of the Lion. Aldafera, Enemy Put Down.

Leo (Aryeh) provides us with the heavenly image of a Triumphant Redeemer, the cup of wrath poured out on the enemy, and the enemy destroyed.

The Gospel in the Stars

- Leo-(The Lion)
- There are 6 words for Lion in Hebrew:
 - 1) Gor- “a lion's whelp”
 - 2) Ciphir-”a young lion hunting
 - 3) Sachal-”a mature lion”
 - 4) Laish- “a fierce lion”
 - 5) Labia-”lioness”
 - 6) Arieh-”adult lion in search of prey”

Hydra. That old serpent, the name meaning He Is Abhorred. The ancient name of the brightest star is Alphard, The Put Away.

Sextans

→ Alphard

Hydra

The Third Book concludes with Hydra, the Old Serpent, destroyed.

This is The Cup of Yahuah's wrath. In the skies, it is behind the lion's hind feet, and resting on Hydra, the serpent, who shall at the beginning of the kingdom reign of Yahusha, take in Yahuah's wrath in reward for his rebellion

Corvus

Crater

Corvus. The Raven. The star Algoreb means, simply, Raven. Minchar Algoreb means The Raven Tearing to Pieces, and Minchar Alsugia means The Deceiver Torn to Pieces. This constellation pictures for us the last episode in the conflict of the ages.

Revelation 20:10

Then the slanderer/demon/hashatan who deceived them was thrown into the lake of fire and sulphur, where the beast and the false prophet also, and they will be tormented day and night forever and ever.

Jeremiah 25:30

Then you yourself shall prophesy (yiqtol) (speak as a prophet, i.e., communicate a message from a deity, either of proper behavior to a standard, or of future events) against and towards them all these words and accounts, and you shall say, inform and declare to them: Yahuah will roar and thunder from the heights of the heavens and from His qodosh dwelling place He will give and cause to happen His voice. He will roar mightily (yiqtol) against and toward His settlement, abode, country, a jubilant, exuberant and euphoric shout like those that tread and press upon, He will sing against and towards all the inhabitants of the earth.

Jeremiah 25:31

The rage, uproar, and chaos of battle will resound and come to pass to the end of the earth, for there is a legal dispute, grievance of Yahuah against the nations. He is entering into judgement with both the authority to punish and finality of that decision with all wicked , evil, unrighteous and guilty flesh, He will give them to the sword, declares Yahuah.

Jeremiah 25:32

**Thus says Yahuah of hosts, armies,
“Here, behold and look, disaster, evil,
misery, and wickedness is going out
from nation to nation, then a great
tempest, storm and gale is stirred up
and awoken from the farthest parts of
the earth.**

Jeremiah 25:33

Indeed the slain ones of Yahuah will be on that day from one end of the earth to the other end of the earth, they will not be mourned, they will not be gathered, collected or harvested, they will not be buried. They will become like the dung on the surface of the ground.

Jeremiah 25:34

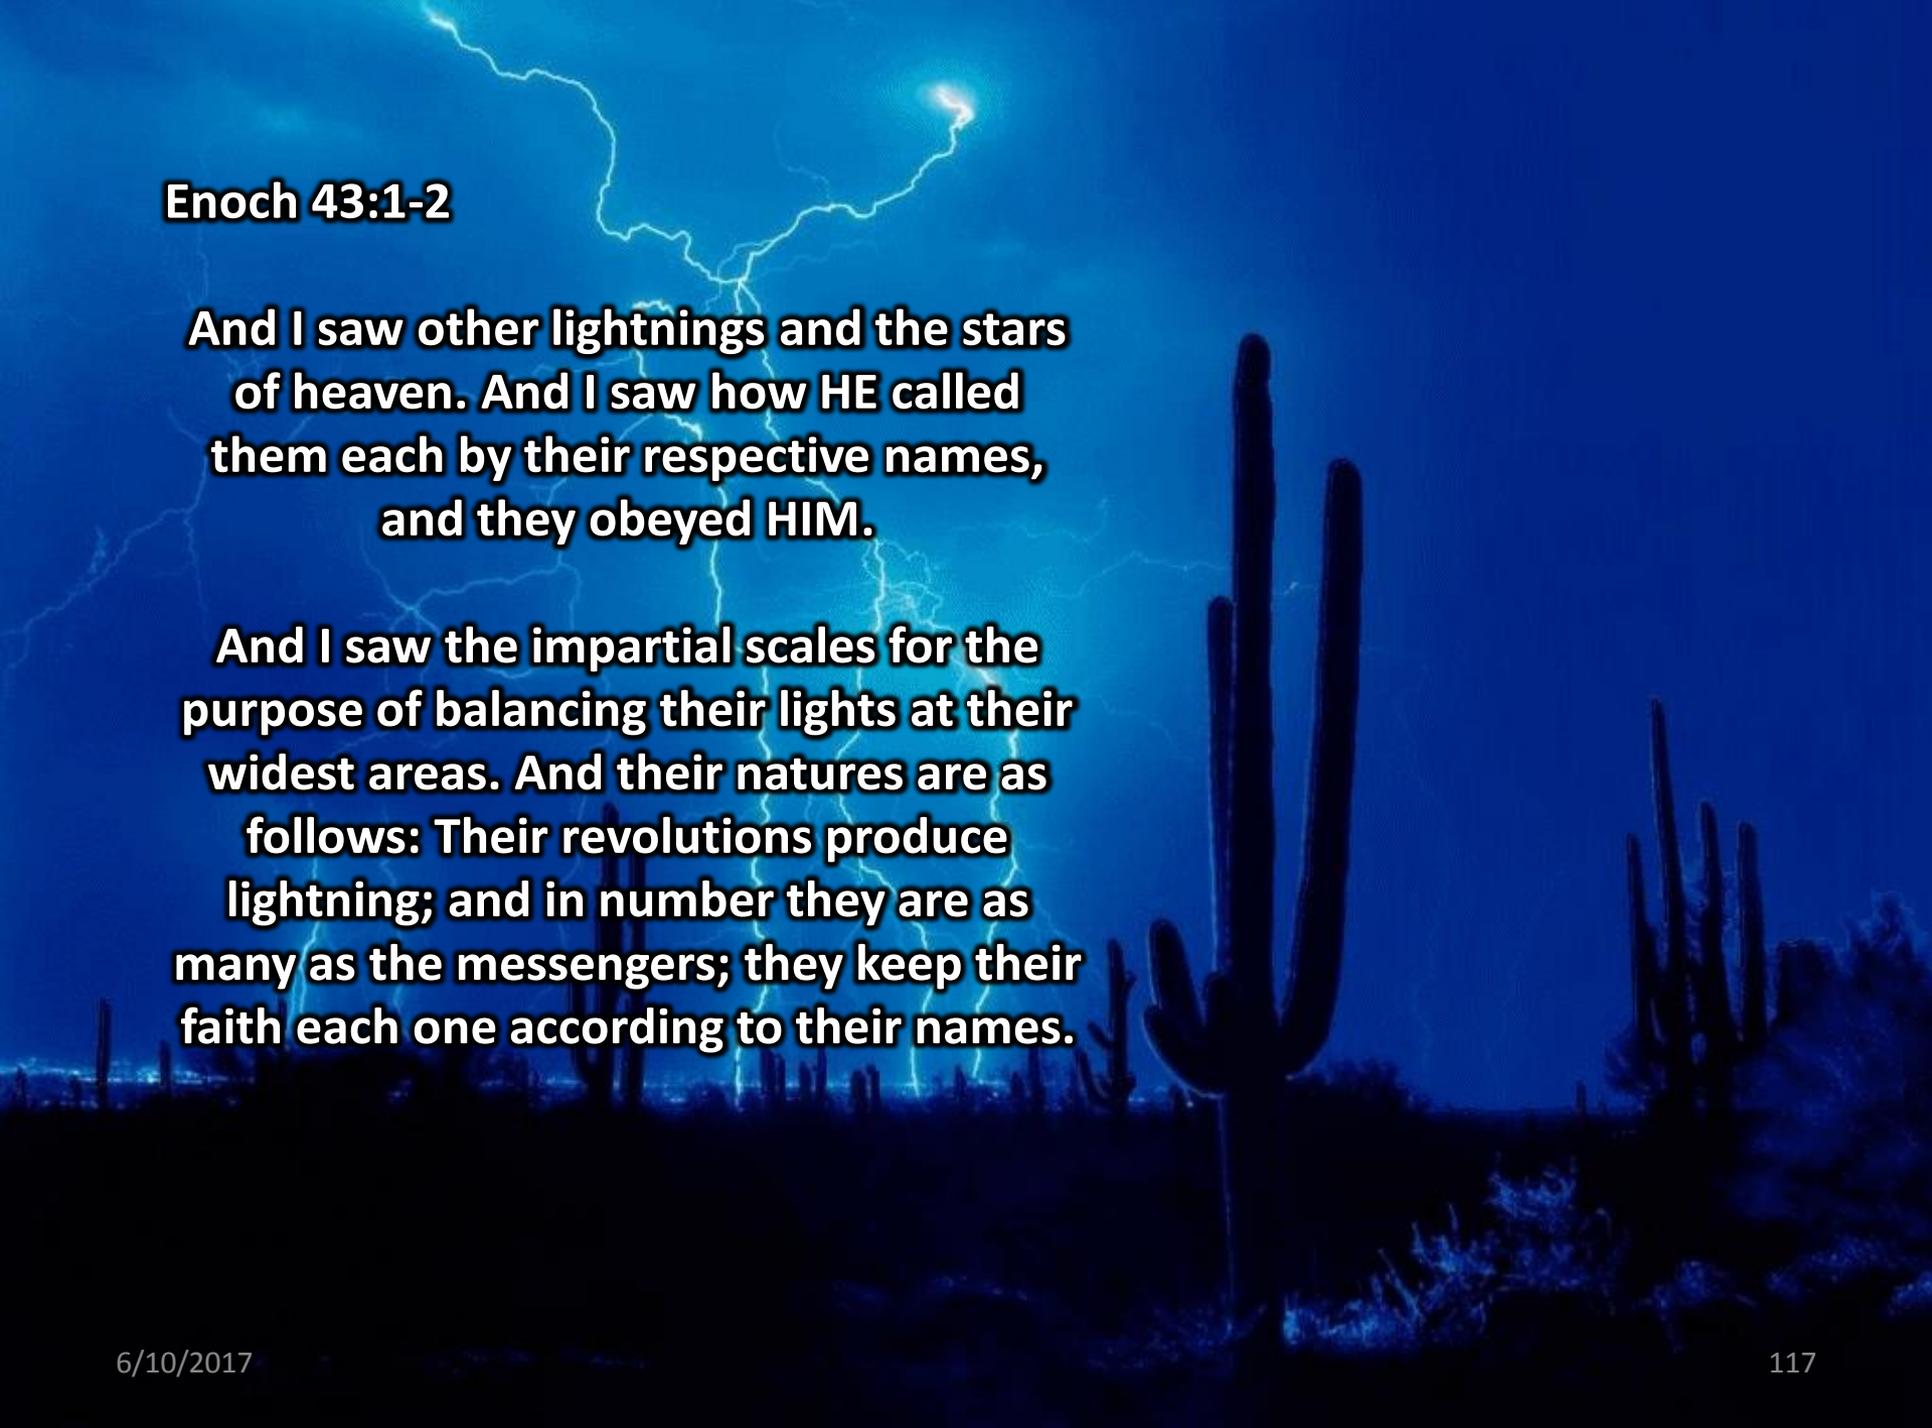

Wail, you shepherds and cry out. Then roll about in mourning and lamentation, O leaders of the flock. For truly your days of slaughter and killing and your dispersions and shattering have arrived, then you will fall, being brought down like a vessel of desire, a state of longing for something.

Jeremiah 25:35

**Then flight will perish, be
destroyed, annihilated,
exterminated, wiped out, cease to
exist from the shepherds, and
escape and deliverance from the
leaders of the flock.**

Jeremiah 49:39

“Then in the last days I will restore, return (yiqtol) the fortunes of Elam, of Shem, of Benjamin, returnee of captivity,” declares Yahuah.

The background of the slide is a night desert landscape. In the foreground, several saguaro cacti are silhouetted against a dark blue sky. A bright, jagged lightning bolt strikes down from the upper left towards the center of the frame. The overall scene is illuminated with a cool, blue light, creating a dramatic and somewhat ominous atmosphere.

Enoch 43:1-2

And I saw other lightnings and the stars of heaven. And I saw how HE called them each by their respective names, and they obeyed HIM.

And I saw the impartial scales for the purpose of balancing their lights at their widest areas. And their natures are as follows: Their revolutions produce lightning; and in number they are as many as the messengers; they keep their faith each one according to their names.

Enoch 43:3-4

And I asked the messenger who was going with me and who had shown me the secret things, “What are these things?”

And he said to me, “YAHUAH of Hosts has shown you the prototype of each one of them: These are the names of the qodosh ones who dwell upon the earth and believe in the NAME of YAHUAH of Hosts forever and ever.”
